Studies In A Farewell To Arms:

A Farewell to Arms Robert William Lewis, 1992 Ernest Hemingway's artistic powers are generally recognized to have been at their highest in *A Farewell to Arms* 1929 which has entered the canon of modern literature as one of its masterpieces. Combining austere realism and poetic language to present a powerful argument against war, the novel detailing the tragic affair during World War I between an American lieutenant and a Scottish nurse tells a touching love story at the same time. Long after its publication *A Farewell to Arms* continues to be an important work because of the questions it asks about the human condition: What is it like to be adrift, to live with uncertain personal values in a world of shifting values, to be unsure of the differences between good and bad and what should be desired and what actually is desired? In short, how does one learn to live? Hemingway's disillusionment and technical virtuosity, particularly in works like *A Farewell to Arms* and *The Sun Also Rises*, influenced a whole generation of writers. Robert Lewis's exceptionally comprehensive and clear study of *A Farewell to Arms* is new both in its particular readings and its various emphases. Building upon previous Hemingway scholarship, it concentrates on character and theme rather than plot and style. Structural and stylistic concerns are discussed in the first part of the book but with reference to their place in the creation of character and elaboration of certain themes. In the remainder of this study, Lewis explores a number of thematic clusters and oppositions in the novel: life and love as a game, sanity versus insanity and appearance versus essence. Finally, Lewis argues that *A Farewell to Arms* is at heart a novel about language. This wellwritten study should provide students and other readers with a thorough reading of *A Farewell to Arms* while also contributing to Hemingway scholarship in general.

The Merrill Studies in A Farewell to Arms John Graham, 1971-01-01 **The Self on Trial** Alberto Castelli, 2025-12-08 *The Self on Trial* is an inquiry into the self and its pathological behaviors. The author observes 20th century fiction and studies it through a psychological reading. It is evident that the century has produced self destructive characters whose behaviors and choices are an ultimate form of consummation, primitive, elementary and inexplicable. Why cannot Prufrock ask the overwhelming question? What is the reason for Humbert's sexual attraction to Lolita? Why do we destroy what we love the most? The author reveals through literary representations aberrations of the ego that come into existence when already existing psychological dispositions meet a specific social habitat. An important contribution, this book will be of interest to students and scholars of comparative literature, world literature, philosophy, psychology, poetry and modern fiction. It will appeal to those who try to understand the nature of one's inexplicability.

The Cambridge Companion to Hemingway Scott Donaldson, 1996-01-26 A comprehensive introduction to Hemingway and his works. **Ernest Hemingway's A Farewell to Arms** P.G. Rama Rao, 2007 This book studies Hemingway's *A Farewell to Arms* in the light of his aesthetic principles and major themes. It scrutinizes its symbolic dimensions and stylistic excellence while keeping an undeviating focus on the poignant classic of love in the time of war. This study further demonstrates how the novel appeals at different levels like the

Hemingway's In Our Time Wendolyn E. Tetlow, 1992 Many scholars consider *In Our Time* to be Hemingway's finest work yet the cohesiveness of this sequence of stories and interchapters has often been questioned Hemingway himself however had a clear idea of the work's integrity as his manuscripts and letters reveal As he wrote to his publisher Horace Liveright on 31 March 1925 There is nothing in the book that has not a definite place in its organization and if I at any time seem to repeat myself I have a good reason for doing so *Selected Letters* 154 According to Ms Tetlow author of this thoughtful study of Hemingway's *In Our Time* the relationship among the stories and interchapters is precisely analogous to that within a modern poetic sequence as characterized by M L Rosenthal and Sally M Gall in *The Modern Poetic Sequence The Genius of Modern Poetry* a grouping of mainly lyric poems and passages rarely uniform in pattern which tend to interact as an organic whole It usually includes narrative and dramatic elements and ratiocinative ones as well but its structure is finally lyrical 9 The structure of *In Our Time* then is similar to such works as Ezra Pound's *Hugh Selwyn Mauberley* and T S Eliot's *The Waste Land* works that progress tonally Looking closely at the language of *In Our Time* Ms Tetlow pays particular attention to recurring images and sounds and the successive sets of feeling these tonal complexes project She traces the lyrical pattern in the sequence as it builds in intensity from denial of fear suffering and death in the first stories and early interchapters and

then traces the progression to cautious resignation in the latter stories and interchapters The author also takes into account the importance for Hemingway of Pound s and Eliot s aesthetics and demonstrates how Eliot s idea of the objective correlative and Pound s idea of direct treatment of the thing apply to Hemingway s stories and interchapters Literary Essays 3 Opening with a discussion of the six prose pieces in the original version the shorter In Our Time 1923 the study considers the aesthetic choices Hemingway made in revising these pieces when he incorporated them in his longer sequence of eighteen in in our time 1924 The study then discusses the lyrical progression of the prose sequence in the fully developed volume In Our Time 1925 Finally it looks at A Farewell to Arms and shows how the lyrical structure of In Our Time anticipates the longer work with its more continuous narrative pattern
