Studies In Modern European History:

Studies in modern European history [Anonymus AC00116998],1989 **Comparative Studies in Modern European History** Miroslav Hroch,2023-05-31 The two main themes of this selection of articles by Professor Hroch are the process of nation formation during the 19th century especially in the case of smaller European nations i e those without statehood and the social and political aspects of the transition from a pre modern feudal and traditional society to a modern capitalist one and the uneven pace of this change in the West and East of Europe The author argues that we cannot study the process of nation formation as a mere product of some nebulous nationalism we have to understand it as a part of social and cultural transformation as a component of modernization of European societies even though this modernization did not occur synchronically and had its regional specificities Many of the papers focus specifically on the Czech case but throughout there is an emphasis on comparative history *Studies in Modern European History* Frederick J. Weber,Richard Munthe Brace,1956 Past Sense — Studies in Medieval and Early Modern European History Constantin Fasolt,2014-04-03 The twenty studies collected in this volume focus on the transition from the Middle Ages to the modern world The method leads from technical investigations on William Durant the Younger ca 1266 1330 and Hermann Conring 1606 1681 through reflection on the nature of historical knowledge to a break with historicism an affirmation of anachronism and a broad perspective on the history of Europe The introduction explains when and why these studies were written and places them in the context of contemporary historical thinking by drawing on Wittgenstein s *Philosophical Investigations* This book will appeal to historians with an interest in historical theory historians of late medieval and early modern Europe and students looking for the meaning of history Belgium Bernard A. Cook,2002 Although Belgium has only been an independent state since the 1830s it has a long and complex past This history is essential for understanding the complexities of issues that led to a devolution of the unitary Belgian state into a federation of linguistically based regions In addition to the elements that contributed to Belgium s particular political evolution the history which is traced in this book is a composite of many themes of broad historical interest and importance Belgium A History covers the gamut of Belgian history through dramas of religious and cultural conflict intense localism state building uneven development divergent class interests war and domination and finally integration into a larger European community Studies in Modern European History in Honor of Franklin Charles Palm Frederick Cox,Bernerd Clarke Weber,Richard Munthe Brace,John Fraser Ramsey,1956 Describes the habitat varieties physical characteristics feeding habits and other behavior of this marsupial focusing on one individual animal and her baby in an Australian sanctuary *Modern European History Within European Studies* University of Bradford.
