The Old Testament Historical Books Israel P. Loken, 2008-05 Provides a discussion of introductory matters such as authorship date historical background purpose structure and outline of the historical books of the Old Testament *The Kingdom of God as Liturgical Empire* Scott W. Hahn, 2012-03-01 Bestselling author and theologian Scott Hahn views the author of Chronicles as the first biblical theologian Chronicles offers the first attempt to understand and interpret the entire sweep of Old Testament history from the creation of the world to the Israelites return from exile This commentary presents 1 & 2 Chronicles as a liturgical and theological interpretation of Israel's history Hahn emphasizes the liturgical structure and content of Chronicles and provides fresh insight on salvation history past present and future He also shows how Chronicles provides important insights into key New Testament concepts The book gives professors students and pastors a better understanding of Chronicles salvation history and theological interpretation of the Old Testament **Judges** Abraham Kuruvilla MD, 2017-06-05 Judges A Theological Commentary for Preachers engages hermeneutics for preaching employing theological exegesis that enables the preacher to utilize all the units of the letter to craft effective sermons This commentary unpacks the crucial link between Scripture and application the theology of each preaching text i.e. what the author is doing with what he is saying Judges is divided into fourteen preaching units and the theological focus of each is delineated The overall theological trajectory or theme of the book deals with the failure of leadership in the community of God's people Since God's people are all called to be leaders in some arena to some degree in some fashion the lessons of Judges are applicable to all Christians The specific theological thrust of each unit is captured in this commentary making possible a sequential homiletical movement through each pericope of Judges While the primary goal of the commentary is to take the preacher from text to theology it also provides two sermon outlines for each of the twelve preaching units of Judges The unique approach of this work results in a theology for preaching commentary that promises to be useful for anyone teaching through Judges with an emphasis on application **1-2 Chronicles** Mark Boda, 2018-02-06 The Cornerstone Biblical Commentary series provides students pastors and laypeople with up to date accessible evangelical scholarship on the Old and New Testaments Presenting the message for each passage as well as an overview of other issues relevant to the text each volume equips pastors and Christian leaders with exegetical and theological knowledge so they can better understand and apply God's Word This volume includes the entire NLT text of 1 and 2 Chronicles Mark J Boda Ph.D. University of Cambridge has authored numerous articles and books in addition to editing several collections of scholarly essays on various topics related to the Old Testament and Christian Theology He taught for nine years at Canadian Theological Seminary before joining McMaster Divinity College in 2003 Mark enjoys mentoring students and teaches with enthusiasm about the Old Testament and its continued relevance to the Christian life today **Sons or Lovers** Jonathan Y. Rowe, 2012-10-25 Jonathan Rowe examines David and Jonathan's friendship in the context of what ancient readers would have understood as the natural

loyalty to their families He focuses on the conflicting moral goods between which the men choose seeking to understand the dynamics of the narrative consonant with ancient society Rowe discusses theoretical issues of interpretation and summarises how Bakhtin's theory of heteroglossic voices can be utilised to understand the narrative He deliberates over the key aspects of family life in the world described by the Old Testament surveys approaches to the study of the family among anthropologists and finally states how anthropology can inform the interpretation of the biblical text Starting from the concept of hegemonic masculinity Rowe examines how men in general are presented positively and then shows how Jonathan David and Saul measure up to these standards Rowe concludes that although Jonathan was disloyal to his family something that implied readers would have censured the books of Samuel present this disloyalty as honourable thus making a theological point about fidelity to the house of David

Priesthood and Temple in John's Apocalypse Timothy B. Tse, 2024-12-12 Timothy B Tse argues that while John uses language drawn from the Hebrew Bible's descriptions of YHWH's dwelling place scholarship has overlooked the importance of his spatial transformation of that language Tse thus uses theories relating to Relevance Resistance Theory Critical Space Theory and Conceptual Metaphor to demonstrate that a significant part of John's apocalyptic strategy of resistance is to re-present his vision to his audience spatially so that they can experience a divinely ordained alternative to the world in which they live Tse first demonstrates John's attempts to relegate his audience's experience of space to his own revelation John's description of the visionary world creates the metaphors the earth is a Sanctuary and the Saints are its priests Tse argues that under this view life on earth must be evaluated according to the concerns of the Sanctuary which by definition requires the removal of everything impure and the Saints namely all Christians in both the historic and visionary worlds must take priestly responsibility for the earth John therefore portrays the Saints joining in the removal of all impurity upon the earth by fighting as priests in God and the Lamb's war against Satan Babylon and all her impurities Tse concludes that overall John means to realign the church's experience of space so that they understand themselves as priests of the Sanctuary and live according to that reality

Sovereign Authority and the Elaboration of Law in the Bible and the Ancient Near East Dylan R. Johnson, 2020-08-04 Five Pentateuchal texts Lev 24 10 23 Num 9 6 14 Num 15 32 36 Num 27 1 11 Num 36 1 12 offer unique visions of the elaboration of law in Israel's formative past In response to individual legal cases Yahweh enacts impersonal and general statutes reminiscent of biblical and ancient Near Eastern law collections From the perspective of comparative law Dylan R Johnson proposes a new understanding of these texts as biblical rescripts a legislative technique that enabled sovereigns to enact general laws on the basis of particular legal cases Typological parallels drawn from cuneiform and Roman law illustrate the complex ideology informing the content and the form of these five cases The author explores how latent conceptions of law justice and legislative sovereignty shaped these texts and how the Priestly vision of law interacted with and transformed earlier legal traditions

YHWH is King Shawn W. Flynn, 2013-11-11 Amidst various methodologies for the comparative study of the Hebrew Bible at times the opportunity arises to improve on a method recently introduced into the field In YHWH is King Flynn uses the anthropological method of cultural translation to study diachronic change in YHWH's kingship Here such change is compared to a similar Babylonian development to Marduk's kingship Based on that comparison and informed by cultural translation Flynn discovers that Judahite scribes suppressed the earlier YHWH warrior king and promoted a creator universal king in order to combat the increasing threat of Neo Assyrian imperialism Flynn thus opens the possibility that Judahite scribes engaged in a cultural translation of Marduk to YHWH in order to respond to the mounting Neo Assyrian presence

The Gospel according to Moses Daniel I. Block, 2012-02-10 To many people the law stands in opposition to the gospel While it may be possible to read Paul's epistles this way the book of Deuteronomy will not allow this reading Like the book of Romans in the New Testament Deuteronomy provides the most systematic and sustained presentation of theology in the Old Testament And like the Gospel of John it represents mature theological reflection on God's great acts of salvation in this case associated with the exodus of Israel from Egypt The gospel according to Moses begins and ends with the gracious work of God for undeserving subjects In a book that consists largely of Moses' farewell sermons to his congregation Israel's first pastor seeks to inspire his congregation to a life of faith and godliness in response to God's great mercy Unfortunately for many Christians Deuteronomy is a dead book because we have lost sight of the gospel The essays in this collection arise from a larger project driven by a passion to recover for Christians the life giving message of the Old Testament in general and the gospel according to Moses in particular The meditations in this volume cover a wide range of topics from explorations into the origins of Deuteronomy to considerations of the ethical and homiletical relevance of the book for Christians today
