Studies In The Theological Ethics Of Ernst Troeltsch:

Studies in the Theological Ethics of Ernst Troeltsch Max A. Myers, Michael R. LaChat, 1991 Is there a future for liberal theology That was a question which Ernst Troeltsch asked in print overtly or indirectly in almost every piece on theology that he wrote This study explores the doubts Troeltsch had about the study of religion the religious life about science as applied to culture and the future of civilization *The Oxford Handbook of Theological Ethics* Gilbert Meilaender, William Werpehowski, 2007-08-09 Annotation What are the practical and theoretical issues that concern and shape theological ethics This handbook offers a guide to the discipline Written by an international group of 30 scholars the book is aimed at all students and academics who want to explore more fully essential topics in Christian ethics [The Ethics of Ernst Troeltsch](#) Bryce A. Gayhart, 1990-01 It has been frequently assumed that Ernst Troeltsch's real contribution lies in the field of the science of religion This study proposes that Troeltsch's ethics is a vital component of his theological agenda

Christ Existing as Community Michael Mawson, 2018-06-28 In *Christ Existing as Community* Michael Mawson recovers and clarifies the German theologian Dietrich Bonhoeffer's early and important work on ecclesiology focusing especially on his doctoral dissertation *Sanctorum Communio* Despite occasional pronouncements of the importance of this dissertation it has still received only limited scholarly attention Mawson demonstrates how Bonhoeffer draws upon and reworks social theory in order to develop an account of the church as a reality of God's revelation and a concrete human community On this basis Mawson concludes that Bonhoeffer's ecclesiology has ongoing significance for contemporary debates in theology and Christian ethics *Embodying the Way of Jesus* Ted Grimsrud, 2007-01-15 The Anabaptist tradition originating as part of the sixteenth century Protestant Reformation has from its beginning presented an alternative approach to Christian faith Jesus centered Anabaptist convictions such as pacifism simple living and community remain of vital concern for twenty first century Christians *Embodying the Way of Jesus* Anabaptist Convictions for the Twenty First Century traces the origins and historical expressions of Anabaptist faith and then suggests ways Anabaptist convictions speak to our contemporary world Ted Grimsrud proposes a fourfold approach to interpreting Anabaptist theology considering themes from the Bible from the tradition's history from present experience and from envisioning a hopeful future What emerges is an engaging portrait of a living tradition that speaks with urgency and relevance to a world badly in need of a message of peace

The Political Crisis and Christian Ethics Ronald H. Stone, 2023-09-26 *The Political Crisis and Christian Ethics* addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president's followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr's writing on politics and in Barack Obama's use of the theologian's thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich's critique of John Foster Dulles work and in the author's critique

of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead s philosophy of education and religion and a vision of the good president In summary The Political Crisis and Christian Ethics is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy

Christ, History and Apocalyptic Nathan R. Kerr, 2008-10-13 This book offers a comprehensive reflection on what it means that Christians claim that Jesus is Lord by engaging in a defense of Christian apocalyptic as the criterion for evaluating the truth of history and of history s relation to the transcendent political reality that theology calls the Kingdom of God The heart of this work comprises an original genealogical analysis of twentieth century theological encounters with the modern historicist problematic through a series of critical engagements with the work of Ernst Troeltsch Karl Barth Stanley Hauerwas and John Howard Yoder Bringing these thinkers into conversation at key points with the work of Walter Benjamin Carl Schmitt John Milbank and Michel de Certeau among others this genealogy analyzes and exposes the ideologically Constantinian assumptions shared by both modern liberal and contemporary post liberal accounts of Christian politics and mission On the basis of a rereading of John Howard Yoder s place within this genealogy the author outlines an alternative apocalyptic historicism which conceives the work of Christian politics as a mode of subversive missionary encounter between church and world The result is a profoundly original vision of history that at once calls for and is empowered by a Christian apocalyptic politics in which the ideologically reductionist concerns for political effectiveness and productivity are surpassed by way of a missionary praxis of subversion and liberation rooted in liturgy and doxology
