Studies On Italianamerican Literature:

Studies on Italian-American Literature Francesco Mulas,1995 **The Review of Italian American Studies** Frank M. Sorrentino,Jerome Krase,2000-01-01 This collection of articles examines the complex nature of identity in the Italian American community Sorrentino and Krase have constructed a volume that covers topics of diverse interest such as the development of Italian American literary studies and the integration of a uniquely Italian American sensibility into a larger and dominant idea of European American culture As an erudite examination of contemporary studies being done on one of the largest ethnic groups in the United States this work is an essential addition to the ongoing and contentious debates about the nature of ethnicity identity assimilation and acculturation in the United States *Italian American Poetics of Place* Sabrina Vellucci,2024-11-19 This volume examines the significance of place in contemporary Italian American literature from an ecocritical perspective It fills a gap in the theoretical discourse on Italian American culture whose concerns about environmental justice have been mostly overlooked From mid twentieth century poets such as John Ciardi and Diane di Prima to late twentieth and twenty first century fiction writers such as Carole Maso and Salvatore Scibona the study combines Italian American literary criticism with the spatial turn that over the last decades has asserted the interpretive significance of place and the environment in literary texts Questioning the prejudice that sees Italian American culture as detached from ecological issues these works show that such diasporic heritage has helped forge different modes of relationship and new forms of expression in contact with the American land Their relevance lies not so much in defining or redefining Italian American ethnicity but in forging ideas and futures beyond their immediate framework and subject matter By focusing on the intersection of gender and ethnicity with local and transnational spaces and aesthetic practices *Italian American Poetics of Place* contributes to the growing field of inquiry that explores the resources of the literary in laying the basis for more dialogic and inclusive forms of awareness and community with both the human and other than human *Italian Literature since 1900 in English Translation 1929-2016* Robin Healey,2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey s *Italian Literature before 1900 in English Translation* also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature **Transnational Italian Studies** Charles Burdett,Loredana Polezzi,2020-07-17 *Transnational Italian Studies* is specifically targeted at a student audience and is designed to be used as a key text when approaching the disciplinary field of Italian studies It allows the study of Italian culture to be construed and practised not simply as the inquiry into a national tradition but as the study of the interaction of

cultural practices both within Italy itself and in those parts of the world that have witnessed the extent of Italian mobility The text argues that Italian culture needs to be considered in a transnational transcultural perspective and that an understanding of linguistic and cultural translation underlies all approaches to the study of Italian culture in a global context Contributions deploy a range of methodological approaches to understand and illustrate how language operates how culture inhabits and constitutes public and private space how notions of time operate within people s lives and the multiple ways in which people experience a sense of personhood Chapters stretch from the medieval period to the present and demonstrate how transnational Italian culture can be critically addressed through the examination of carefully chosen examples Contributors Alessandra Diazzi Andrea Rizzi Barbara Spadaro Charles Burdett Clorinda Donato David Bowe Derek Duncan Donna Gabaccia Eugenia Paulicelli Fabio Camilletti Giuliana Muscio Jennifer Burns Loredana Polezzi Marco Santello Monica Jansen Naomi Wells Nathalie Hester Serena Bassi Stefania Tufi Teresa Fiore and Tristan Kay

Contemporary Italian Diversity in Critical and Fictional Narratives Ron Kubati, Marie Orton, Graziella Parati, 2021-10-26 Contemporary Italian Diversity in Critical and Fictional Narratives is about identity individual and national and belonging It is also an affirmation of diversity The editors of this volume have brought together articles that analyze the literature of migration as well as creative pieces by recognized authors who have a lived experience of migration English speakers will find their own societal struggles with diversity mirrored in Italy's colonial inheritance and its renewed nationalism populism xenophobia and shifting national identity The artists and scholars who have contributed to this book challenge national discourses dehumanizations and issues of race and gender But many also seek to move beyond the negative and critical to claim belonging especially national belonging in the name of diversity as part of human experience The chapters emphasize how individuals both reflect and enact societal change and they foreground the inescapable fact that human differences and migration drive and shape societal identity in our world
