Barry Chevannes, 1998 Barry Chevannes provides a concise overview of Rastafari and Revivalism and clearly lays out the
volume's new approach. Leading scholars of Rastafari illustrate and develop the theme with chapters on Rastafari as
resistance, the origin of the dreadlocks, Rastafari and language, women in African Caribbean religions, and more. With chapters
that range from the specific to the general, this volume will be important to specialists of Caribbean religion and the African
diaspora and to those with a burgeoning interest in Rastafari. Contributors challenge existing scholarship on Rastafari.
Volume offers both a general overview for the introductory student and sophisticated analysis for the specialist. Chapters
cover African Caribbean religions in several countries and from both a contemporary and historical perspective. **Western**
Journal of Education, 1929 The Publishers' Trade List Annual, 1988 **SCM Studyguide: Preaching** Peter K.
Stevenson, 2017-01-31 Peter Stevenson provides an introduction to the practice of preaching. It is designed for people from
various church traditions in the early stages of ministerial formation. Preaching is a complex and challenging business
requiring a demanding mixture of skills. People listening to a sermon have the right to expect that a person who stands up to
preach can interpret the Bible competently, has a grasp of core Christian beliefs, and believes what they preach. They also
expect someone who has the necessary range of communication skills to put the message across in an accessible way. Such a
range of expectations presents daunting challenges to the most experienced preacher. Including practical exercises which
could be used by individuals or by groups, this book is suitable for introductory courses in preaching or for modules which
consider preaching within an overall focus upon leading public worship. Study Guide to Accompany the Making of the
