Essential Study Skills Tom Burns, Sandra Sinfield, 2008-04-22 Watch Tom Burns introduce his book *Essential Study Skills* Second Edition. Watch Sandra Sinfield discuss one of her favourite chapters: how to make the best notes. Praise for the first edition: The effect on our students was like star dust. Anne Schofield, Ruskin College, Oxford. Student feedback from Study Skills sessions at London Metropolitan University: Why didn't they tell us this before? This is the best bit of learning I've ever done. At school I was told to go away and get a job in a shop. Since doing Study Skills I'm getting A's for my assignments. I was so nervous, I just wanted to run away and hide. Oh, I love it now. When I first got here I kept thinking I would be found out. I know I can do it now. I never enjoyed school, not at all. Everything's different now, it's great. When I first got here I thought they were all looking at me and thinking, 'What's that old woman doing here?' It's my university now. The eagerly awaited new edition continues to provide a truly practical guide to achieving success at university. Whether you are going to university straight from school, a mature student or an overseas student studying in the UK for the first time, this is the book that will help you better understand how you learn, gain a clear idea of your strengths and areas for development, organise yourself for study, write and research academically, pass exams and cope with stress at university. Now completely revised and restructured, the authors use their twenty-five years of hands-on experience with students in university to provide genuinely useful advice. Key features of the new edition: 12 new chapters for coverage of everything you need to know, including computer skills, becoming a confident writer, note-taking, how to build your memory and the new Personal Development Plan. Packed with handy tips, real-life examples and useful activities.
