The Feminist Sensibility in the Novels of Thomas Hardy Manjit Kaur, 2005 *Thomas Hardy and Paradoxes of Love* Hillel Matthew Daleski, 1997 Emphasizing the vast changes in literary criticism that have occurred during the last thirty years H M Daleski reexamines Thomas Hardy s novels in the novelist s own terms presenting a revisionary account of his treatment of gender He also shows that Hardy was not as sexist as is asserted in much feminist criticism and that his female characters are sympathetically portrayed as the centers of his fictional worlds By carefully analyzing the novels Daleski refutes the generally accepted reason for Hardy s abandonment of fiction at the height of his powers claiming that he drove himself to a dead end in *Jude the Obscure* The typical Hardy plot places a female protagonist in a love triangle with two male protagonists who are portrayed as polar opposites The woman contradicting a general view of her as victim is always granted

the freedom of choice of a marriage partner She invariably makes the wrong choice which leads to a bad marriage and disastrous sexual relationships As this scenario is played out in most of Hardy s novels the men are presented as distinct types the types being depicted with rich diversity and with steadily greater psychological depth Hardy s rendering of sexuality in both his male and his female characters is marked by its originality and profundity In his intuitions about sexual relations Daleski maintains Hardy was not outdone by writers such as Lawrence and Joyce Daleski studies Hardy within his Victorian context but he also shows that Hardy both in his depiction of sexuality and in his technical innovations was in advance of his time In these respects Hardy deserves to be regarded as a forerunner of the great modernists In *Thomas Hardy and Paradoxes of Love* Daleski offers acute and thoughtful analyses of Hardy s major novels Avoiding critical jargon the author has made his book accessible to all readers with an interest in Hardy and his novels as well as in the study of gender in English literature
