Studying The Old Testament

Jesse Lyman Hurlbut

Studying The Old Testament:

Exploring the Old Testament Philip E. Satterthwaite, J. Gordon McConville, 2011-09-13 Philip E Satterthwaite and J Gordon McConville introduce the content and the context of the historical books their setting in ancient history and history writing their literary artistry their role within the Scriptures of Israel and their lasting value as theological and ethical resources

Studying the Old Testament Roger Cotton, 2015-06-08 Beginning Old Testament Study John William Rogerson, 1982 Devotional Studies of Old Testament Types Fred Wight, 2014-03-03 THE MATERIAL in these studies has been given as lessons in Bible study classes or sermons preached from the author's pulpit through the course of many years It has been brought together in this form that it might be a help to busy pastors and Bible teachers in their preparation of messages and that it might be of practical and devotional value for all Bible students and Christian workers who want to understand the rich teaching of Old Testament types The author does not claim to have exhausted the possible types of the Old Testament in these studies But he has endeavored to deal with some sections of Scripture that without the typical approach would find little of practical application for the Christian today For this reason the chapter dealing with types in Leviticus has been made the longest chapter in the book We trust that that book of the Bible will mean more to the reader after studying this chapter The study of the Tabernacle in the Wilderness from the typical viewpoint has always been a joy to the hearts of Bible students But the author has discovered that a study of the typical truths of Solomon's Temple is equally valuable and precious We suggest that Bible teachers give more attention to this neglected subject These studies are of necessity fairly brief Many Scriptures have been included that throw light on the particular subject But the material herewith presented should be suggestive and wise students of Scripture can add other details to what has been given May the Lord use these studies to help many to understand and make practical application of Old Testament truth to the lives of modern day Christians

Studying the Old Testament Henry McKeating, 1982-10-01 The Face of Old Testament Studies David W. Baker, Bill T. Arnold, 2004-10 Leading scholars provide an overview of current issues in Old Testament studies

Jesus and Scripture Steve Moyise, 2011-09 Offers students a brief but reliable introduction to the use of the Old Testament in the Gospels portrayals of Jesus

Studying the Old Testament Annemarie Ohler, 1985 An introductory and comprehensive textbook for students of the Old Testament applying modern methods of literary criticism analysis of linguistic genres history of traditions and redaction criticism

Reading the Old Testament John Barton, 1996-01-01 John Barton's revised classic text is intended for students who have already learned some of the techniques of biblical study and who wish to explore the implications and aims of the various critical methods currently in use Chapters include form criticism redaction criticism canonical criticism structuralism reader response criticism and postmodern approaches

Studies in Old Testament History Jesse Lyman Hurlbut, 2021-04-25 In Studies in Old Testament History Jesse Lyman Hurlbut embarks on a profound exploration of the historical narratives and theological foundations present in the Old Testament Hurlbut's scholarly

approach synthesizes archaeological findings with biblical texts employing a meticulous literary style that balances rigorous analysis with accessible prose. He positions the histories within the broader context of Near Eastern cultures, allowing readers to appreciate the complexities of ancient societies as depicted in the scriptures. This work serves not only as a theological treatise but also as a critical inquiry into the historical validity of biblical events, making it a pivotal contribution to the field of biblical studies.

Jesse Lyman Hurlbut, an esteemed theologian and biblical commentator of the late 19th and early 20th centuries, drew from his extensive education at institutions such as the Union Theological Seminary. His dedication to understanding the interplay between faith and historical scholarship informed his writing. Hurlbut's background as a minister and educator provided him with unique insights into the religious implications of biblical history, ensuring that his work resonates with both scholars and laypersons.

This book is highly recommended for anyone seeking a deeper understanding of the Old Testament, whether they approach it from a faith perspective or as a scholarly endeavor. Hurlbut's ability to weave together history and theology offers a refreshing lens that encourages readers to engage critically with the text, making it an invaluable resource in both academic and ecclesiastical settings.
