Orr III USMC,2014-08-15 George Washington is widely recognized as one of the greatest strategic leaders in our nation's history His ability to lead a rag tag group of militia against the most powerful nation of his time appears to be unexplainable Through further analysis though one can begin to see a pattern appear that may explain why Washington's personal theory of war was so successful and hence explain why he became such a great strategic leader George Washington was not a particularly successful tactical leader and his experiences in leading troops culminated prior to the Revolutionary War at the Regimental level He went on to lead a productive life as a statesman in the Virginia legislature until the war with Britain erupted and he was cast into the role as America's first Commander in Chief His ability to comprehend the conflict for what it was as well as his ability to understand the will of his fellow countrymen allowed him to craft a wartime strategy for victory against the most powerful nation on earth at the time He kept the will of the people the tactics of the army and the desires of the state in balance to devise a strategy that would allow him to go down in history as America's first strategic leader      The WINNERS! **George Washington and Political Fatherhood** Heinz Tschachler,2020-01-31 More than two hundred years after his death George Washington is still often considered the metaphorical father of the United States He was first known as the Father of His Country during his lifetime when the American people bestowed the title upon him as a symbolic act of resistance and rebirth Since then presidents have stood as paternal figureheads for America often serving as moral beacons This book tracks political fatherhood throughout world history from the idea of the pater patriae in Roman antiquity to Martin Luther s Bible translations and beyond Often using George Washington as a paradigm the author explores presidential iconography in the U S propaganda and the role of paternal rhetoric in shaping American sociopolitical history including the results of the 2016 presidential election      The World Court ,1919      **George Washington's Journey** T.H.
