Take The Next Step Leading Lasting Change In The Church:

Take the Next Step Lovett H. Weems JR.,2011-07-01 Learn how to work for genuine and effective change in your church without trying to throw out everything that has gone before Pastors and other congregational leaders are eager to institute meaningful and effective change in their congregations They know that old attitudes and perspectives prevent the church from fulfilling its mission to make disciples of Jesus Christ Yet too often church advocates insist that if genuine change is to occur in the church then everything must change The board must be wiped clean and new technologies new worship styles and even new theologies must replace what has come before The problem with such calls for radical change says Lovett Weems Jr is that they are not true to the way that genuine and lasting change takes place Like every other organization churches rest on a cultural foundation of shared assumptions values and practices The paradox of successful change is that this foundation is at the same time the source of resistance to change and what makes change possible Lasting transformational change grows out of the congregation s current sense of its story and its mission Transformational leaders know how to build on the church s identity making new ministries and emphasizes the natural extension of what has gone before In other words they know how to make the story of change the next chapter in the book of the congregation s life rather than throwing the book away and trying to start over An astute student of management and leadership theory Weems offers congregational leaders essential insights into how they can work with and through their churches ministries to bring about authentic and faithful growth

Weems JR.,Tom Berlin,2014-10-21 Just as in the world of agriculture many variables influence fruitfulness Leader behaviors are among the most important of those variables Whether by training or intuition fruitful leaders develop a set of practices that serve them well and bear much fruit These practices often become second nature to these leaders and thus they seldom think to share them with other leaders who may be struggling Dr Lovett H Weems Jr and Tom Berlin provide a vital resource to leaders through High Yield a book that consists of a series of short chapters on leadership practices the authors have found most fruitful in their leadership and what they ve seen exemplified in others While many of these practices are common among diverse leaders their implementation is as unique as the leaders themselves

Fishing Differently Rev. Dr. Sidney Williams, Jr.,2018-05-01 The first year of a new pastoral assignment in an established congregation is often referred to as the honeymoon phase but this can be extremely misleading Getting the first year right in a new pastoral assignment will actually require a profound understanding of the historical narrative story of the congregation as well as discernment about the preparedness of the congregation to move into a season of transition Fishing Differently not only offers critical insight on this process and practical examples but will also help pastors and church leaders access the marketplace for funding relevant and impactful ministries according to Jeremiah 29 7 Seek the peace and prosperity of the city to which I have carried you into exile Pray to the Lord for it because if it prospers you will prosper too

Body Connections Michael S. Koppel, 2021-08-03 A new articulation of pastoral theology care and counseling Too often we think and teach in ways that reinforce a mind body split This can lead people to self alienation impeding holistic healthy relationships between people God and each other Body Connections takes a different approach teaching us to see the connections between our embodied experience and faithful spiritual care Author Michael Koppel focuses on the human body and its relationship to faith and spiritual care He engages religious texts and traditions as well as scientific insights offering accessible theology and spiritual practices for healing and care of the body Our bodies are amazing resources but we are too often unaware of their power or unable to harness it in helpful ways for our own good This remarkable book empowers pastors counselors chaplains seminarians and caregivers to understand and provide the ministry of care in an entirely new life giving way This book is highly useful for individuals and groups It is for clergy chaplains spiritual directors seminarians clinical educators lay people in churches and those who are institutionally unaffiliated but care deeply about fostering a holistic spiritual path Praise for Body Connections Everything we think feel and do comes through the body But practices of spiritual care tend to downplay the body as a source of knowledge and a tool for responding to others and to God Koppel s book reclaims that wisdom coaching us to strengthen our abilities to read listen and think with the body I can t wait to teach this practical wise and convicting book which addresses embodied emotion grief silence trauma and more Koppel s seasoned pastoral voice offers a rich synthesis of sources and insights that demonstrate the body s place at the center of ministry Duane Bidwell professor of practical theology spiritual care and counseling Claremont School of Theology Claremont CA Body Connections provides new insights into the voice and language of the body Koppel crafts a body theology that encourages spiritual care practitioners to be proactive in their spiritual practices of listening adapting and responding to our bodies and to the bodies of those to whom we offer care Using the image of body as storyteller and other metaphors Koppel captures and defines the healing power of the body in clear and profound ways Bishop Teresa Jefferson Snorton D Min Presiding Bishop Fifth Episcopal District The CME Church Michael

Koppel returns the body to its rightful place at the center of each person's story and the center of the Christian story. He calls readers home to their bodies and gently challenges escapes from the body into hasty fixing, detached, rationalizing, anxious dithering, or addictive numbing. At a time when the COVID pandemic has underscored the vulnerability of bodies, Koppel's focused healing deep body consciousness paints a portrait of health far beyond mere absence of disease. Don't just read this book; absorb it, practice it, and let it heal you. Douglas M. Thorpe, PhD, is Executive Director of the Virginia Institute of Pastoral Care and a past president of the American Association of Pastoral Counselors. It is surprisingly difficult, even confusing, to have a body to be a body to touch, talk, and listen to, even read, a sensing body to honor and restore the body's wounds, traumas, and shame while celebrating its healing and resilience. Koppel is a wise guide and caregiver for those seeking to embrace the sacredness of a human body and its unique story. *Body Connections* empowers a reader to discover body knowledge anew. It deepens trust in the most intimate relationship one has: the relationship with one's body. Jacob J. Hamman, professor of religion, psychology, and culture and director of the Program in Theology and Practice, Vanderbilt University, Nashville, TN.

Figuerola,2024-08-21 Scripture note 1 C Corinthians 12 12 31 Scripture note 1 C Corinthians 12 12 31 Tension is a term musicians often use to describe the condition of the strings on instruments like the violin the cello the harp or the guitar Musicians know that the tone or pitch produced by the instrument is greatly affected by the tension of the strings carrying the sound The outcome of good tension is good sounding music while bad tension produces sour flat or sharp sounds that are unpleasant to listen to There is good tension and bad tension in church as well One task of effective leadership is to discern good and bad tension within the church The outcome of good tension is success in achieving the goals and objectives of the ministry Bad tension can result in chaos complexity confusion and contradiction Bad tension freezes a ministry in time with no productive movement no common ground no unity and an endless array of activity spiraling into uselessness When each member of the church discovers his her own God given abilities to express love for God through the service of humankind the result is not unlike a symphony of diverse instruments chords and sounds all making a joyful sound in peaceful coexistence Bad tension creates a stench in God s nostrils It is the task of every Christian to embark upon a journey of discovery that ends in a God given ministry niche or place of service God calls every Christian to God s own hands to be broken melted molded filled and used to the glory of God Leaders are part of the solution and not part of the problem How does a vibrant and healthy congregation balance the need for stable leadership with the need for change How do changes within a ministry impact relationship within the church What effect does systemic change have on the entire church body What is the role of
