Obsessions with the Sino-Japanese Polarity in Japanese Literature Atsuko Sakaki, 2005-11-30 Using close readings of a range of premodern and modern texts Atsuko Sakaki focuses on the ways in which Japanese writers and readers revised or in many cases devised rhetoric to convey Chineseness and how this practice contributed to shaping a national Japanese identity The volume begins by examining how Japanese travelers in China and Chinese travelers in Japan are portrayed in early literary works An increasing awareness of the diversity of Chinese culture forms a premise for the next chapter which looks at Japan's objectification of the Chinese and their works of art from the eighteenth century onward Chapter 3 examines gender as a factor in the formation and transformation of the Sino Japanese dyad Sakaki then continues with an investigation of early modern and modern Japanese representations of intellectuals who were marginalized for their insistence on the value of the classical Chinese canon and literary Chinese The work concludes with an overview of writing in Chinese by early Meiji writers and the presence of Chinese in the work of modern writer Nakamura Shin ichiro A final summary of the book's major themes makes use of several stories by Tanizaki Jun ichiro

**Writing Violence** David C. Atherton, 2023-10-31 Edo period Japan was a golden age for commercial literature A host of new narrative genres cast their gaze across the social landscape probed the realms of history and the fantastic and breathed new life into literary tradition But how to understand the politics of this body of literature remains contested in part because the defining characteristics of much early modern fiction formulaicness reuse of narratives stock

characters linguistic and intertextual play and heavy allusion to literary canon can seem to hold social and political realities at arm's length David C Atherton offers a new approach to understanding the relationship between the challenging formal features of early modern popular literature and the world beyond its pages Focusing on depictions of violence one of the most fraught topics for a peaceful polity ruled over by warriors he connects concepts of form and formalization across the aesthetic and social spheres Atherton shows how the formal features of early modern literature had the potential to alter the perception of time and space make social and economic forces visible defamiliarize conventions give voice to the socially peripheral and reshape the contours of community Through careful readings of works by the major writers Asai Ryō Ihara Saikaku Chikamatsu Monzaemon Ueda Akinari and Sant Kyōden Writing Violence reveals the essential role of literary form in constructing the world and in seeing it anew

**The Lost Wolves of Japan** Brett L. Walker, 2009-11-23 Many Japanese once revered the wolf as Oguchi no Magami or Large Mouthed Pure God but as Japan began its modern transformation wolves lost their otherworldly status and became noxious animals that needed to be killed By 1905 they had disappeared from the country In this spirited and absorbing narrative Brett Walker takes a deep look at the scientific cultural and environmental dimensions of wolf extinction in Japan and tracks changing attitudes toward nature through Japan's long history Grain farmers once worshiped wolves at shrines and left food offerings near their dens beseeching the elusive canine to protect their crops from the sharp hooves and voracious appetites of wild boars and deer Talismans and charms adorned with images of wolves protected against fire disease and other calamities and brought fertility to agrarian communities and to couples hoping to have children The Ainu people believed that they were born from the union of a wolflike creature and a goddess In the eighteenth century wolves were seen as rabid man killers in many parts of Japan Highly ritualized wolf hunts were instigated to cleanse the landscape of what many considered as demons By the nineteenth century however the destruction of wolves had become decidedly unceremonious as seen on the island of Hokkaido Through poisoning hired hunters and a bounty system one of the archipelago's largest carnivores was systematically erased The story of wolf extinction exposes the underside of Japan's modernization Certain wolf scientists still camp out in Japan to listen for any trace of the elusive canines The quiet they experience reminds us of the profound silence that awaits all humanity when as the Japanese priest Kenko taught almost seven centuries ago we look on fellow sentient creatures without feeling compassion

**Matsuo Bashō's Poetic Spaces** E. A Reader in Edo Period Travel Herbert Plutschow, 2022-03-07 Largely ignored hitherto by Western scholars Plutschow's Edo Period Travel provides the first in depth study of the subject which is centred on fifteen of the period's most notable travellers some of whom are well known in other fields as intellectuals artists poets folklorists and natural scientists

for example but rarely if at all as travellers The first traveller put in the spotlight is the celebrated intellectual and botanist Kaibara Ekiken 1630 1714 and the last is the explorer of Ezo now Hokkaido and government official Matsuura Takeshiro 1818 88 Such was the thirst for knowledge in the Edo period that some travel accounts estimated to number over 2000 became best sellers in their day not least for their voyeuristic appeal including those of Kaibara Ekiken and Tachibana Nankei which are included in this volume This important research on how the Japanese discovered their own country and cultural identity has considerable interdisciplinary appeal Of particular interest also is the author's discussion on the nature of this new travel writing and the self-centred observation and seeing that developed in the eighteenth and early nineteenth centuries he calls the Japanese Enlightenment

*The Similitude of Blossoms* Charles Shirō Inouye, 2020-03-23 Izumi Kyoka 1872 1939 wrote some 300 stories plays and essays In the first book length study in English of Kyoka Charles Shiro Inouye argues that his writings were a refinement of a vision that came into focus around 1900 This narrative archetype formed the aesthetic and ethical bases of his work Kyoka does not fit the conventional story of Japanese literary modernization Unlike most of his contemporaries he did not jettison the Japanese literary tradition in favor of modernist imports from the West The highly visual mode of figuration that was Kyoka's compromise with the demands of literary modernism allows us to see the continuation of Edo culture in the Japanese modern and expand our understanding of literary reform in the early twentieth century
