we rely on our own resources and methods to form opinions about important matters To what degree should we depend on various authorities such as a recognized expert or a social tradition In this provocative account of intellectual trust and authority Richard Foley argues that it can be reasonable to have intellectual trust in oneself even though it is not possible to provide a defence of the reliability of one's faculties methods and opinions that does not beg the question Moreover he shows how this account of intellectual self-trust can be used to understand the degree to which it is reasonable to rely on alternative authorities This book will be of interest to advanced students and professionals working in the fields of philosophy and the social sciences as well as anyone looking for a unified account of the issues at the centre of intellectual trust Tom Stoppard's Plays Nigel Purse, 2016-11-01 In Tom Stoppard's Plays Patterns of Plenitude and Parsimony Nigel Purse assesses the complete canon of Tom Stoppard's works on a thematic basis He explains that amongst the plenitude of chaotic comedy wordplay and intellectual ping pong of Stoppard's plays the principle of parsimony that is Occam's razor lies at the heart of his works He identifies key patterns in theme ethics and duality and method Stoppard's stage debates and his dramatic vehicles as well as in theatrical devices Quoting extensively from all Stoppard's published works many of his interviews and also unpublished material Nigel Purse arrives at a comprehensive and unique appraisal of Stoppard's plays *Trust, Reputation, and Security: Theories and Practice* Rino Falcone, Suzanne Barber, Larry Korba, Munindar Singh, 2003-04-10 This book constitutes the thoroughly refereed post-proceedings of the International Workshop on Deception Fraud and Trust in Agent Societies held in Bologna Italy in July 2002 during AAMAS 2002 Most papers presented were carefully selected from the workshop contributions during two rounds of reviewing and revision a few papers were particularly solicited in order to provide complete coverage of all relevant topics All relevant aspects of the field are addressed **Directors' Decisions and the Law** Alice Belcher, 2014-02-24 Directors are key decision makers in any organisation whether it is in the public sector a family business or a transnational company The UK Companies Act 2006 codified directors' duties for the first time and describes the director as the most likely to promote the success of the company for the benefit of its members as a whole This book addresses key tensions and problems involved in the duties and responsibilities of the director in promoting success including corporate culture and credibility trust risk and uncertainty collective responsibility and the degree of control The book considers directors' decision making in both private and public sector organisations and explicitly examines aspects of decision making during periods of financial distress The book compares the legal contexts of directors' decisions in the UK to those of the USA Germany and Australia and takes an interdisciplinary approach in its combination of management theory economic theory and behavioural studies In doing so the book addresses issues key to the understanding of corporate governance in light of recent financial crises *Equity and Trusts* Alastair Hudson, 2016-07-15 Alastair Hudson's *Equity and Trusts* is an ideal textbook for undergraduate courses on the law of trusts and equitable remedies It provides a clear current and comprehensive account of the subject The author's enthusiasm and expertise shine through helping to bring to life an

area of the law which students often find challenging This Ninth Edition has been extensively re written but remains the same book in spirit as it has always been It contains an analysis of the important decisions of the Supreme Court in *FHR European Ventures v Cedar Capital Jones v Kernott* and *Williams v Central Bank of Nigeria* and the important decisions in *Charity Commission v Framjee Rawstron v Freud Patel v Mirza* Federal Republic of Brazil v Durant Hodkin Novoship v Mihaylyuk National Crime Agency v Robb St Andrews Cheam Lawn Tennis Club the after effects of the Lehman Brothers collapse and analysis of many other new cases besides Equity and Trusts remains the most comprehensive and up to date coverage of the law of Equity and Trusts while still a lively and thoughtful account of the issues raised by it This book has been cited as being authoritative in the courts of numerous countries The ninth edition is supported by the author s website at www.alastairhudson.com with brand new resources including short podcasts discussing and clarifying key topics from within the book which cover an entire course complete lecture recordings made specifically to accompany this book New video documentaries bringing to life selected key topics A host of other online materials and study guides new for 2016

Review of a previous edition One of the book s great strengths is its clear exposition of some very difficult areas of the law moving seamlessly from points that puzzle students to points that puzzle practitioners Other strengths are the breadth of its approach the fact that it is extremely up to date the freshness and vividness of its approach and its willingness to place equity in a wider context The student will enjoy a clear lively and challenging account of the subject matter The practitioner will find the book well worth consulting for its clear exposition of the basic principles and of their application in difficult areas

New Law Journal *Equity & Trusts* Alastair Hudson,2013-03-04 This new edition considers all of the academic commentary governing the area of equity and trusts in particular the emerging law of restitution and the raft of new case law over the 1990s It is suitable both as a sholarly reference and as a resource for students

The 2024 Canterbury Preacher's Companion Catherine Williams,2023-06-16 This longstanding annual favourite brings a wide variety of preaching voices together to offer a resource for preaching at the principal and the second service for which preaching resources are scarce every Sunday of the coming year plus on principal feast days and seasonal services Ideal for preachers wherever the 3 year lectionary is used it also includes sermons for holy days major saints days and special occasions such as Mothering Sunday harvest rogation and Christmas services Hymn suggestions are provided throughout It also includes an introductory essay to help build preachers skills and confidence this year by Mark Oakley If preparation time is short the sermons are complete and can be used as they are but they will also act as a springboard or framework for creating your own sermon texts A boon for hard pressed clergy readers and local preachers everywhere
