ways for readers on how to recognize individual assignments and how to work in fulfilling the assignment rather than wasting time in doing what they were not called to do Time is such a commodity that when spent can never be recovered This book encourages readers to rise to their various challenges and reminds the readers of the importance of time management Overall this book serves as the GPS to navigate through the basic challenges of life and as a daily life devotional and motivational tool that encourages people to face and overcome the daily life challenges Many of these reasons and more to be discovered as you read on the book are inclusive I strongly believe the confidence needed to believe in yourself and instinct to work on your personal dream will be developed as you read the book
