Wilson     The Care of Souls Harold L. Senkbeil, 2019-06-26 Drawing on a lifetime of pastoral experience The Care of Souls is a beautifully written treasury of proven wisdom which pastors will find themselves turning to again and again Harold Senkbeil helps remind pastors of the essential calling of the ministry preaching and living out the Word of God while orienting others in the same direction And he offers practical and fruitful advice born out of his five decades as a pastor that will benefit both new pastors and those with years in the pulpit In a time when many churches have lost sight of the real purpose of the church The Care of Souls invites a new generation of pastors to form the godly habits and practical wisdom needed to minister to the hearts and souls of those committed to their care     The Real Work Adam Gopnik, 2023-03-14 Wise companionable and often extremely funny Oliver Burkeman The Atlantic Best selling author and New Yorker writer Adam Gopnik investigates a foundational human question How do we learn and master a new skill For decades now Adam Gopnik has been one of our most beloved writers a brilliantly perceptive critic of art food France and more But recently he became obsessed by a more fundamental matter one he had often meditated on in The New Yorker How do masters learn their miraculous skill whether it was drawing a museum ready nude or baking a perfect sourdough loaf How could anyone become so good at anything There seemed to be a fundamental mystery to mastery Was it possible to unravel it In The Real Work the term magicians use for the accumulated craft that makes for a great trick Gopnik becomes a dedicated student of several masters of their craft a classical painter a boxer a dancing instructor a driving instructor and others Rejecting self help bromides and bullet points he nevertheless shows that the top people in any field share a set of common qualities and methods For one their mastery is always a process of breaking down and building up of identifying and perfecting the small constituent parts of a skill and the combining them for an overall effect greater than the sum of those parts For another mastery almost always involves intentional imperfection as in music where vibrato a way of not quite landing on the right note carries maximum expressiveness Gopnik's simplest and most invigorating lesson however is that we are surrounded by mastery Far from rare mastery is commonplace if we only know where to look from the parent who can whip up a professional strudel to the social worker who in one of the most personally revealing passages Gopnik has ever written helps him master his own demons Spirited and profound The Real Work will help you understand how mastery can happen in your own life and significantly why each of us relentlessly seeks to better ourselves in the first place     **The Secret of How Dangoma Became a Billionaire** Anthony Osae-Brown, 2016-02-05 Dangoma grew up daydreaming about becoming a billionaire like his rich relative Uncle Shangisha He gets a break when Uncle Shangisha gives him N500 2 50 to start a business when he is just ten years old Dangoma soon finds out that running a business is not as easy as he imagined but he learns several business concepts like pricing marketing and patience Along the way he discovers the secrets necessary to become a very successful business person This book is aimed at teaching basic business concepts to both primary and secondary school students in an accessible way The aim is to stir in students an interest in business and fuel their
