[Poverty Reduction Strategies in Africa](#) Mike Odey, Toyin Falola, 2017-09-08 A fundamental question about contemporary Africa is why does Africa remain so poor long after the departure of the European Colonial domination and in the midst of so many natural resources Poverty Reduction Strategies in Africa provides new understandings of the persistent issue of poverty in Sub Saharan Africa and makes recommendations for policy frameworks to help African governments alleviate poverty Each chapters uses case studies to review the old strategies for resolving the problem of poverty in the continent and make the case for new initiatives to address poverty The contributors focus on practical and day to day issues as the best approach to formulate and implement poverty reduction strategies in contemporary Africa This book is invaluable reading for students and scholars of African politics and development **Traditional Institutions and Public Administration in**

Democratic Africa Kwame Badu Antwi-Boasiako; Okyere B, 2009-04-14 Traditional Institutions and Public Administration in Democratic Africa tackles the most pressing contemporary administrative issues of Africa The first chapter opens with a thorough discussion on neo colonialism in Africa It questions the authenticity of African democracy as it points out the presence of groups and individuals who exploit African resources to their advantage The chains of colonialism have perpetually defeated democracy in Africa and the former oppressors continue to financially and politically control their former colonies The authors probe into the traditional institutions as well as the functions of the government to explain the political status quo of Africa It emphasizes the negative impact of adhering to democratic structures that impair the positive

practices and values of the traditional African administrative culture An eye opener Traditional Institutions and Public Administration in Democratic Africa boldly exposes revolutionary views that challenge and defy democracy in Africa

Towards a New Map of Africa Ben Wisner, 2012-05-23 The big era defining questions and at last the subtle tenable answers teased out without cliché or compromise A vital volume at a critical moment Dr Augustus Casely Hayford Director Africa 05 This book dispels the myth of a uniformly hopeless hungry continent It shows just how extraordinarily diverse Africa is and how much it has changed in the last 20 years Full of fresh thinking on problems that face Africa and new African approaches to development Richard Dowden Director Royal African Society This ground breaking book with a foreword by former President of Ireland 1999-1997 and UN Human Rights Commissioner 1997-2002 Mary Robinson uniquely distils the complex issues surrounding Africa at the beginning of the 21st century African and Western scholars provide a fascinating map for the reader to navigate between issues such as urban and rural livelihoods the potential of fresh water fishing health the HIV AIDS crisis conflict and efforts at peacemaking Also included are critical assessments of Africa's role in the global economy the growth of regional economic cooperation within Africa the influence of ethnicity on the continent's politics the evolution of its political institutions and the impact of Africa's legal systems on its development A substantial introductory essay by the editors measures the distance Africa has travelled and the lessons it has learned since Africa in Crisis the classic Earthscan book was published in 1985 Ben Wisner is visiting research fellow at DESTIN London School of Economics and at Benfield Hazard Research Centre University College London and visiting professor of environmental studies Oberlin College USA Camilla Toulmin is Director of the International Institute for Environment and Development Rutendo Chitiga is a freelance writer and editor and has a postgraduate degree in environment and development

Neoliberalism, Civil Society and Security in Africa P. Carmody, 2007-10-17 Free market policies have been in operation across Africa for the past 25 years yet they have failed to reverse deepening poverty This book explores with case studies why such policies continue to be implemented and the ways in which they have been reinvented by socialization depoliticization regionalization and securitization

Madaras, James M. SoRelle, 1997 Examines some leading issues from the perspective of sharply opposing points of view to show clearly the controversies of a given issue Indigenous African Communication and Media Systems in a Digitized Age

Unwana Samuel Akpan, Eddah Mbula Mutua, 2024-12-16 Through a meticulous exploration of oral traditions and community based media practices Unwana Samuel Akpan Eddah Mutua and the contributors of Indigenous African Communication and Media Systems in a Digitized Age explore the intricate interplay between traditional African communication methods and the modern digital terrain to unveil how these age old systems are continuously evolving in response to globalization and digital advancements From the rhythmic beats of the talking drum to the vibrant tapestry of oral histories this book traces how Indigenous African societies have historically disseminated knowledge and preserved cultural identities It examines the transformative impact of digital technologies on these practices to explore the rise of social media mobile connectivity and online storytelling platforms within African contexts Akpan and Mutua challenge conventional narratives of media development by highlighting the resilience and relevance of African cultural expressions in an increasingly interconnected world This book is essential reading for Afrocentric scholars and those interested in media studies cultural anthropology and the dynamic intersections of tradition and technology *The Quest for Human Dignity in the Ethics of Pregnancy Termination*

Tom Joel Obengo, 2016-06-22 The Quest for Human Dignity in the Ethics of Pregnancy Termination describes and analyzes the problem of termination of pregnancy with special attention to its prevalence in Kenya where more than seven hundred abortions are performed daily on girls between fifteen and seventeen years of age Although pregnancy termination is illegal in Kenya its practice goes on in the rural villages in homes in urban streets and in private clinics The book focuses on the ethical quest for human dignity in the context of the church's response to the challenge of termination of pregnancy It examines the perceptions and attitudes of various cadres of Christians such as church ministers doctors and lawyers towards the problem The book proposes ways and means by which the church in Kenya can approach the challenge of termination of pregnancy including those pregnancies arising out of rape and incest Findings support the current legal framework that prohibits pregnancy termination but reveal a desire for change in the way the church deals with members who get unplanned pregnancies and those who terminate the same The book suggests in addition that the church's role should emphasize counseling teaching and pastoral care rather than ex communication and public rebuke **The African**

American Experience in Texas Bruce A. Glasrud, James Smallwood, 2007 The African American Experience in Texas collects for the first time the finest historical research and writing on African Americans in Texas Covering the time period between 1820 and the late 1970s the selections highlight the significant role that black Texans played in the development of the state Topics include politics slavery religion military experience segregation and discrimination civil rights women education and recreation This anthology provides new insights into a previously neglected part of American history and is

essential reading for anyone interested in the history of black Texans **Beyond Red and Blue** Peter S. Wenz, 2012-02-10
Why Americans do not divide neatly into red and blue or right and left but form coalitions across party lines on hot button issues ranging from immigration to same sex marriage On any given night cable TV news will tell us how polarized American politics is Republicans are from Mars Democrats are from Canada But in fact writes Peter Wenz in *Beyond Red and Blue* Americans do not divide neatly into two ideological camps of red blue Republican Democrat right left In real life as Wenz shows different ideologies can converge on certain issues people from the right and left can support the same policy for different reasons Thus for example libertarian leaning Republicans can oppose the Patriot Act's encroachment on personal freedom and social conservatives can support gay marriage on the grounds that it strengthens the institution of marriage Wenz maps out twelve political philosophies ranging from theocracy and free market conservatism to feminism and cosmopolitanism on which Americans draw when taking political positions He then turns his focus to some of America's most controversial issues and shows how ideologically diverse coalitions can emerge on such hot button topics as extending life by artificial means the war on drugs the war on terrorism affirmative action abortion same sex marriage health care immigration and globalization Awareness of these twelve political philosophies Wenz argues can help activists enlist allies citizens better understand politics and elections and all of us define our own political identities Handbook of Distance

Education Michael Grahame Moore, William G. Anderson, 2003-04-02 The second edition of this award winning book continues the mission of its predecessor to provide a comprehensive compendium of research in all aspects of distance education arguably the most significant development in education over the past quarter century While the book deals with education that uses technology the focus is on teaching and learning and how its management can be facilitated through technology This volume will be of interest to anyone engaged in distance education at either the K 12 or college level It is also appropriate for corporate and government trainers and for administrators and policy makers in all these environments

Essays on the Land, Ecotheology, and Traditions in Africa Benjamin Abotchie Ntreh, Mark S. Aidoo, Daniel Nii Aboagye Aryeh, 2019-08-21 The book explores how African Christians in Ghana can think eco theologically about the nexus of mining waste pollution water pollution and land degradation In 2017 the government of Ghana banned illegal mining and declared war against any activity that does not complement environmental protection and conservation of natural resources The Christian church needs academic resources to support the campaign against the destruction of the land water bodies and environment The papers presented generate theological imaginations in shaping the political campaign against the destruction of the land and the environment Reflection on areas related to the theme includes The Concept of Land in the Bible The Christian Church and the Galamsey Menace in West Africa The Fulani Cattle Headmen and Care for the Land The Bible and the Environment Towards an Agenda for Eco theology in African Theological Institutions Stewardship of the Land The Menace of Mining in Ghana Destruction of Water Bodies in Ghana and The Menace of Plastic Waste in Ghana This

volume will serve as a textbook for theological students the church and other governmental agencies *International Handbook of Leadership for Learning* Tony Townsend, John MacBeath, 2011-07-10 The *International Handbook of Leadership for Learning* brings together chapters by distinguished authors from thirty one countries in nine different regions of the world The handbook contains nine sections that provide regional overviews a consideration of theoretical and contextual aspects system and policy approaches that promote leadership for learning with a focus on educating school leaders for learning and the role of the leader in supporting learning It also considers the challenge of educating current leaders for this new perspective and how leaders themselves can develop leadership for learning in others and in their organisations especially in diverse contexts and situations The final chapter considers what we now know about leadership for learning and looks at ways this might be further improved in the future The book provides the reader with an understanding of the rich contextual nature of learning in schools and the role of school leaders and leadership development in promoting this It concludes that the preposition for between the two readily known and understood terms of leadership and learning changes everything as it foregrounds learning and complexifies rather than simplifies what that word may mean Whereas common terms such as instructional leadership reduce learning to outcomes leadership for learning embraces a much wider developmental view of learning *Taking Sex Differences Seriously* Steven E. Rhoads, 2005-05 Most contemporary discussions of sex differences assume that they are determined by society rather than biology It is society that teaches little girls to be feminine and little boys to be masculine society that tells women to respond to babies and men to respond to sports Reflecting the fashionable idea that male and female roles have been socially constructed most commentators speak of gender instead of sex Because men and women are virtually interchangeable so the argument goes men should do an equal share of domestic and childrearing work so that women can compete equally outside the home There s only one problem with this beguiling vision of androgyny Whatever we might like to believe as Dr Steven Rhoads shows sex distinctions remain a deeply rooted part of human nature In *Taking Sex Differences Seriously* Rhoads assembles a wealth of scientific evidence showing that these differences are hardwired into our biology They range from the subtle men get a chemical high from winning while women get one from nursing to the profound women with high testosterone levels are more promiscuous more competitive and more conflicted about having children than those with average levels Rhoads explores disparities in aggression and dominance in sexuality and nurturing He shows how denial of these differences has helped to create the sexual revolution fatherless families and policies such as Title IX and the call for universal day care But while insisting that we must take sex differences seriously Rhoads also advocates discouraging some natural tendencies like men s desire for irresponsible sex and encouraging others like women s greater interest and talent in caring for babies In this provocative exploration of the masculine and feminine Steven Rhoads dispels contemporary clichés and spotlights biological realities Meticulously researched and elegantly written *Taking Sex Differences Seriously* is a groundbreaking look at the way
