**Taking the Guidon** Nathanael L. Allen, Anthony P. Burgess, 2001      **The Handbook for Teaching Leadership** Scott Snook, Nitin Nohria, Rakesh Khurana, 2011-09-21 The last twenty five years have witnessed an explosion in the field of leadership education This volume brings together leading international scholars across disciplines to chronicle the current state of leadership education and establish a solid foundation on which to grow the field It encourages leadership educators to explore and communicate more clearly the theoretical underpinnings and conceptual assumptions on which their approaches are based It provides a forum for the discussion of current issues and challenges in the field and examines the above objectives within the broader perspective of rapid changes in technology organizational structure and diversity

Professional Journal of the United States Army ,2014      **Assembly** West Point Association of Graduates (Organization).,2001      *Leadership in Dangerous Situations, 2nd Edition* Patrick Sweeney, Michael D. Matthews, Paul D. Lester, Sean Hannah, Brian Reed, 2022-12-15 This guide which for years has prepared military emergency and first responders to face psychological social and physical challenges of leading in dangerous contexts has been updated The author team which includes scholars and practitioners has integrated current research findings incorporated topics not covered in the prior edition and has created a reference work relevant to leaders at all levels entry mid and senior in organizations that operate in dangerous contexts *Leadership in Dangerous Situations Second Edition* includes nine new chapters that address character development ethical decision making and action leading in uncertain times empowering initiative leading taskforces and cross functional teams operating in complex social and political environments tactical and operational decision making and planning red teaming and incident command The authors wrote their chapters as acts of service to enhance the professions that serve their countries and societies      *Military Review* ,2014      **Learning Trajectories, Innovation and Identity for Professional Development** Anne Mc Kee, Michael Eraut, 2011-09-18 Educators in the professions have always had unique demands placed upon them These include the need to keep pace with rapidly evolving knowledge bases developing skills and attitudes appropriate to practice learning in the workplace and fostering public confidence For twenty years these new demands have created additional educational imperatives Public accountability has become more intensive and extensive Practitioners practice in climates more subject to scrutiny and less forgiving of error The contexts in which professionals practice and learn have changed and these changes involve global issues and problems Often professionals are the first responders who are required to take an active stance in defining and solving problems This book explores the pedagogic implications of these challenges internationally for a wide range of professions which include accountants military company commanders surgeons nurse practitioners academic managers community physicians and dentists The established view of professional development is about what the professional knows and can do The authors broaden this view to include the systemic and contextual factors that affect learning and the conditions necessary for

effective practice and identity development across the professional lifespan Authors examine the unique particularities and requirements of diverse professional groups The editors emphasize new ideas and learning that emerges across the professions As readers use this book as a pathway to their own innovations in scholarship and pedagogic research they join their colleagues in supporting new directions in learning teaching and assessment across professions This book was awarded the Outstanding Research Publication award for 2012 by the American Educational Research Association's Division I Education in the Professions p **Knowledge Networks** Paul M. Hildreth, Chris Kimble, 2004-01-01 Knowledge Networks Innovations Through Communities of Practice draws on the experience of people who have worked with CoPs in the real world and to present their combined wisdom in a form that is accessible to a wide audience CoPs are examined from a practical rather than a purely academic point of view The book also examines the benefits that CoPs can bring to an organization provides a number of case studies lessons learned and sets of guidelines It also looks at virtual CoPs and to the future by asking what next This book is a resource for all people who work with CoPs both in academia and in the real world
