Taking Chances:

Taking Chances Lauren Brooke, 2001 Amy's life has drastically changed. She's found herself taking on the huge responsibility of running Heartland, the horse refuge that was her mother's life work. The one constant for Amy has been her friendship with Ty, Heartland's 17-year-old stable hand. But the arrival of a new hand, Ben, throws everything off balance. By the time Amy realizes she's taken Ty for granted, it could be too late. **Taking Chances** John Haigh, 2003 What are the odds against winning the Lotto, The Weakest Link, or Who Wants to be a Millionaire? The answer lies in the science of probability, yet many of us are unaware of how this science works. Every day people make judgements on a wide variety of situations where chance plays a role, including buying insurance, betting on horse racing, following medical advice, even carrying an umbrella. In **Taking Chances**, John Haigh guides the reader round common pitfalls, demonstrates how to make better informed decisions, and shows where the odds can be unexpectedly in your favour. This new edition has been fully updated and includes information on top television shows, plus a new chapter on Probability for Lawyers. **BOOK JACKET** **Taking Chances** Mia Semuta, 2008-11 When divorcee Bianca DiAngelis meets divorced high school football coach John Bennington, there is plenty of attraction. But will they overcome the obstacles of former spouses, relatives, careers, and self-doubt? **Taking Chances** Mike Hellaby, 2015-04-20 Michael Starkis, an equestrian rider, is badly injured in a car crash, needing twelve months off work and riding. His horse, Biscuit, was being looked after by a young woman, Penny Chance, who persuades him to return to riding despite his handicap of one leg being shorter when it was reset. They train together and form a relationship of love, but she is forced to leave to help on her family farm in Wales. He returns to work as an agricultural agent, still aiming to be on the Equestrian Olympic team. Eight years later, his aim fails as his new horse falls and has to be put down. That same day, he receives a call from a seven-year-old boy named Harry Chance, who is trying to save his mother from debt. He realises that Harry is his son, conceived on the only time he had sex with Penny. He returns and marries her, using his wealth to develop businesses together, including two inns, followed later by a brewery. The call to riding this time comes as an amateur steeplechase jockey aiming to win the world famous Grand National with a horse named Done Deal. A year before, Michael was asked to take a chance riding Red Royal, his business partner's horse, in the same race. Will this race be his downfall?

Taking Chances Grace Ryan, 2014-12-18 **Taking Chances** is a love story inspired by a young Mom doing the best she can to raise her son through the trials of life. The love of her family helps her to find her wings again. It is a story whose romance is timeless. However, much like any great love, it demands great sacrifice, and Isaac and Isabelle's story is no exception.

Taking Chances Jordan Howard Sobel, 1994-04-29 J. Howard Sobel has long been recognized as an important figure in philosophical discussions of rational decision. He has done much to help formulate the concept of causal decision theory. In this volume of essays, Sobel explores the Bayesian idea that rational actions maximize expected values, where an action's expected value is a weighted average of its agent's values for its possible total outcomes. Newcomb's Problem and The

Prisoner's Dilemma are discussed and Allais type puzzles are viewed from the perspective of causal world Bayesianism. The author establishes principles for distinguishing options in decision problems and studies ways in which perfectly rational causal maximizers can be capable of resolute choices. Sobel also views critically Gauthier's revisionist ideas about maximizing rationality. This collection will be a desideratum for anyone working in the field of rational choice theory whether in philosophy, economics, political science, psychology, or statistics. Howard Sobel's work in decision theory is certainly among the most important, interesting, and challenging that is being done by philosophers. *Taking Chances* John Goode, 2021-12-21

What if? In this freewheeling and heartfelt memoir of a colorful and adventurous life lived in pursuit of that very question, Daryl "The Kid" Shaffer shares tales some taller than others of his life as a modern cowboy in the Montana wilds. The adventures he shared with true friends inspired the cowboy to become an author. Based on his journals and memories, he shares his favorite tales from his life on the range. His real-life transformation into the hero figure of his childhood began on a whim. When a beautiful young woman shares a want ad with him, his imagination is momentarily engaged. But in the style of young men, he quickly forgets about the fateful ad that offered a job working as a ranch hand in Montana. Months later, that same scrap of paper found its way back into his imagination. And with a single phone call, his cowboy life began. With a spirit of adventure matched only by his sense of humor, his tales are a vicarious trip to a time and place most have only dreamed of. *Taking Chances* Erin McKenzie, 2018-12-11
