Taylor Collection** Talbot Jones Taylor, 1906 **Talking to the Dead** Nina Witoszek, Patrick F. Sheeran, 1998 *Talking to the Dead* is an essay on death and its tenacious hold on Irish culture There are few traditions in which funerary motifs have been so ubiquitous in literature popular rituals folk representations public rhetorics even constructions of place There are even fewer cultures in which funerary genres and preoccupations constitute the central thread of continuity The Irish *Theatrum Mortis* is not simply an obsession of writers from the bards to Beckett and Heaney Nor is it confined to contemporary Republican iconography It is to be found in the pages of the local press in acts of ritual resistance to unpopular decisions in the way in which significant public events are narrated and framed Though the funerary Ireland presented here may well yield to the new positive self image of the Celtic Tiger it is the author's contention that at the end of the twentieth century the funerary sign continues to define Irish identity For good and ill it is the centre that holds *The Methuen Drama Guide to Contemporary Irish Playwrights* Martin Middeke, Peter Paul Schnierer, 2010-05-28 *The Methuen Drama Guide to Contemporary Irish Playwrights* is an authoritative guide to the work of twenty five playwrights from the last 50 years whose work has helped to shape and define Irish theatre Written by a team of international scholars it provides an illuminating survey and analysis of each writer's plays and will be invaluable to anyone interested in studying or teaching contemporary Irish drama The playwrights examined range from John B Keane Brian Friel and Tom Murphy to the crop of writers who emerged in the 1990s and who include Martin McDonagh Marina Carr Emma Donoghue and Mark O Rowe Each essay features a biographical sketch and introduction to the playwright a discussion of their most important plays an analysis of their stylistic and thematic traits the critical reception and their place in the discourses of Irish theatre a bibliography of texts and critical material With a total of 190 plays discussed in detail over half of which were written during the 1990s and 2000s *The Methuen Drama Guide to Contemporary Irish Playwrights* is unrivalled in its study of recent plays and playwrights *Ireland, Memory and Performing the Historical Imagination* Mary P. Theatre and Archival Memory Barry Houlihan,2021-07-28 This book presents new insights into the production and reception of Irish drama its internationalisation and political influences within a pivotal period of Irish cultural and social change From the 1950s onwards Irish theatre engaged audiences within new theatrical forms at venues from the Pike Theatre the Project Arts Centre and the Gate Theatre as well as at Ireland s national theatre the Abbey Drawing on newly released and digitised archival records this book argues for an inclusive historiography reflective of the formative impacts upon modern Irish theatre as recorded within marginalised performance histories This study examines these works experimental dramaturgical impacts in terms of production reception and archival legacies The book framed by the device of archival memory serves as a means for scholars and theatre makers to inter contextualise existing historiography and to challenge canon formation It also presents a new social history of Irish theatre told from the fringes of history and

reanimated through archival memory Breaking Forms Christie Fox,2009-03-26 Ireland in the 1990s experienced fast immediate and radical social change Dubbed the Celtic Tiger the Irish economy provided for changes in the arts landscape as well particularly as an outlet for the expression of this change A profound shift in Irish drama expressed as an attempt to redefine what a play is what an audience is regardless of the theme of the work allowed for a replication of this societal change in the theatre Theatre artists collaborating to bring physicality to the Irish stage sought to explore express and reflect a part of society that they felt could not be represented naturalistically They rejected nostalgia and indeed often mocked it The newly emerging Irish theatre de privileged the author and moved away from the literary tradition to incorporate performance techniques and movement on an equal basis to the written text These productions emphasized the visual because artists found that words alone could not express the inchoate emotions brought on by globalization and cultural shifts Breaking Forms is an attempt to provide a vocabulary for talking about Irish performance and an incursion in the understanding and definition of the idea of Irish gesture The manuscript profiles several theatre companies to find common ground and provide an analysis of their performances theatre and texts **The Canadian Portrait Gallery** John Charles Dent,1881 **T.C. Murray, Dramatist** Albert J.
