Price,2014-03-01 A story based on a North American tale about a fox who tricks a bear out of his tail **The Tall Tale in American Folklore and Literature** Carolyn Schmidt Brown,1987 To Carolyn Brown s mind the tall tale is not necessarily an account of the adventures of a larger than life hero nor is it just a humorous first person narrative exaggerated to outlandish proportions The tall tale is also a social statement that identifies and binds a folk group by flaunting the peculiar knowledge and experiences of group members and it is a tool for coping with a stressful or even chaotic world for conquering life s problems by laughing at them Drawing on previous research and her own original fieldwork the author develops in detail this definition of the tall tale as a genre of folklore and she then explores how tall tale methods and meaning have been translated into literary humor She probes the ways that writers have used this genre to create a complex theoretical relationship among text author narrator and reader Finally Brown alludes to the echoes of all tale attitudes and style still found in modern written humor From publisher s description **Tale of Cuffy Bear** ,2015 **The Koryak** Waldemar
