**Dethroning Jesus** Darrell L. Bock, Daniel B. Wallace, 2010-05-17 New York Times bestselling author Dr Darrell Bock teams up with Dr Daniel Wallace to help you separate fact from fiction among constant attacks on Christianity from popular culture and bogus scholars There is a quest going on to reduce Jesus to a mythic legend or to nothing more than a mere man Scholars such as Elaine Pagels and James Tabor are using recent discoveries like the Gospel of Judas and the Gospel of Thomas to argue that the Christ of Christianity is a contrived figure and that a different Christ one human and not divine is the true Christ Both research professors Bock and Wallace set out a vigorous defense of Christianity against a popular trend that they dub Jesusanity where Christ was simply a human teacher In their trademark easy to understand style the authors take on attempts to redefine Jesus in a convincing way that will help you understand that the orthodox understanding of Christ and his divinity is as trustworthy and sure as it ever was This book Refutes the six main claims that represent a large part of skepticism about Jesus today Provides credible answers to attacks on the traditional texts Defends against the interpretations of bogus scholars and the arguments of biased scholars Constructs a positive case for the Jesus of faith If you re exhausted by the constant attempts to dethrone Jesus renew the security of your knowledge of who Jesus really is the Son of God

John L. Comaroff, Jean Comaroff, 2009-09-15 In Ethnicity Inc anthropologists John L and Jean Comaroff analyze a new moment in the history of human identity its rampant commodification Through a wide ranging exploration of the changing relationship between culture and the market they address a pressing question Wherein lies the future of ethnicity Their account begins in South Africa with the incorporation of an ethno business in venture capital by a group of traditional African chiefs But their horizons are global Native American casinos Scotland s efforts to brand itself a Zulu ethno theme park named Shakaland a world religion declared to be intellectual property a chieftom made into a global business by means of its platinum holdings San Bushmen with patent rights potentially worth millions of dollars nations acting as commercial enterprises and the rapid growth of marketing firms that target specific ethnic populations are just some of the diverse examples that fall under the Comaroffs incisive scrutiny These phenomena range from the disturbing through the intriguing to the absurd Through them the Comaroffs trace the contradictory effects of neoliberalism as it transforms identities and social being across the globe Ethnicity Inc is a penetrating account of the ways in which ethnic populations are remaking themselves in the image of the corporation while corporations coopt ethnic practices to open up new markets and regimes of consumption Intellectually rigorous but leavened with wit this is a powerful highly original portrayal of a new world being born in a tectonic collision of culture capitalism and identity      Analogous Uses of Language, Eucharistic Identity, and the 'Baptist' Vision Aaron B James, 2014-09-01 The author argues that Baptist theologian James William McClendon Jr s articulation of the baptist vision entails an account of the real presence of Christ s body and blood that is internally faithful to that vision Furthermore such an account of real presence suggests that the baptist vision is itself a contribution of Baptists to ecumenical Christianity The

argument is set in the context of some contemporary Baptist engagement with ecumenical Christianity particularly historic Catholic Christianity

COMMENDATION Aaron James shows how an ecumenically minded Baptist theologian can take up this theme with creativity grace and an inspiring desire to lift up our hearts toward the wondrous sacrament of unity and sacrament of charity He powerfully reminds us why this may well be the most important conversation that Christians can have today Matthew Levering University of Dayton Ohio USA

Christian Existence Today Stanley Hauerwas, 2010-09-01 Stanley Hauerwas begins this volume with a vigorous response to the charge of sectarianism leveled against his work by James Gustafson among others Show me where I am wrong about God Jesus the limits of liberalism the nature of the virtues or the doctrine of the church Hauerwas replies to his critics but do not shortcut that task by calling me a sectarian The essays that follow explore in a lucid compelling firm and provocative way the church's nature message and ministry in the world Hauerwas writes on the church as God's new language on clerical character on the pastor as prophet on the ministry of the local congregation on grace and public virtue and on the relation of church and university Underlying Hauerwas's argument is his conviction that the most important knowledge Christian convictions involve and there is much worth knowing for which Christians have no special claim requires a transformation of the self Christianity is no world view not a form of primitive metaphysics that can be assessed in comparison to alternative world views Rather Christians are people who remain convinced that the truthfulness of their beliefs must be demonstrated in their lives There is a sense in which Christian convictions are self-referential but the reference is not to propositions but to lives
