Creolization as Cultural Creativity Robert Baron, Ana C. Cara, 2011-10-11

Global in scope and multidisciplinary in approach, *Creolization as Cultural Creativity* explores the expressive forms and performances that come into being when cultures encounter one another. Creolization is presented as a powerful marker of identity in the postcolonial creole societies of Latin America, the Caribbean, and the southwest Indian Ocean region, as well as a universal process that can occur anywhere cultures come into contact. An extraordinary number of cultures from Haiti, Martinique, Guadeloupe, the southern United States, Trinidad and Tobago, Madagascar, Mauritius, Seychelles, Réunion, Puerto Rico, Argentina, Suriname, Jamaica, and Sierra Leone are discussed in these essays. Drawing from the disciplines of folklore, anthropology, ethnomusicology, literary studies, history, and material culture studies, essayists address theoretical dimensions of creolization and present in-depth field studies. Topics include adaptations of the Gombé drum over the course of its migration from Jamaica to West Africa; uses of ritual piracy involved in the appropriation of Catholic symbols by Puerto Rican brujos; the subversion of official culture and authority through playful and combative use of creole talk in Argentine literature and verbal arts; the mislabeling and trivialization of objects appropriated by African Americans in the American South; the strategic use of creole techniques among storytellers within the islands of the Indian Ocean; and the creolized character of New Orleans and its music. In the introductory essay, the editors address both

local and universal dimensions of creolization and argue for the centrality of its expressive manifestations for creolization scholarship

Indian Ocean Folktales Lee Haring, 2002

Folktales of Mayotte, an African Island Lee Haring, 2023-07-13 The book uncovers the versatility and literary skills of oral narrators in a small African island Relying on the researches of three French ethnographers who interviewed storytellers in the 1970s 80s Lee Haring shows a once colonised people using verbal art to preserve ancient values in the postcolonial world when the island of Mayotte was transforming itself from a neglected colony to an overseas department of France The author's innovation is to read ethnographic researches as play scripts to see printed folktales as accounts of live performances One storyteller after another comments symbolically on what it is like to be a formerly colonised population Storytelling women in particular combine diverse plots and characters to create traditional sounding stories which could not have been predicted from the African Malagasy Indian and European traditions coexisting in Mayotte Haring's account shows them to be particularly skilled at irony and ambiguity conveying both submissive and rebellious attitudes in their tales He makes Mayotte storytelling accessible to a new English speaking audience and demonstrates that traditional storytellers in those years were preserving but also critiquing their inherited social order in a changing world Their creative intentions cultural influences and widely different narrative styles constitute Mayotte's system of the arts of the word Literary specialists folklore enthusiasts and people who like reading stories will find much to appreciate in this engaging and sophisticated book
