George Washington's Hair Keith Beutler, 2021-11-10 Mostly hidden from public view like an embarrassing family secret scores of putative locks of George Washington s hair are held more than two centuries after his death in the collections of America s historical societies public and academic archives and museums Excavating the origins of these bodily artifacts Keith Beutler uncovers a forgotten strand of early American memory practices and emerging patriotic identity Between 1790 and 1840 popular memory took a turn toward the physical as exemplified by the craze for collecting locks of Washington s hair These new sensory views of memory enabled African American Revolutionary War veterans women evangelicals and other politically marginalized groups to enter the public square as both conveyors of these material

relics of the Revolution and living relics themselves George Washington's Hair introduces us to a taxidermist who sought to stuff Benjamin Franklin's body an African American storyteller brandishing a lock of Washington's hair an evangelical preacher burned in effigy and a schoolmistress who politicized patriotic memory by privileging women as its primary bearers As Beutler recounts in vivid prose these and other ordinary Americans successfully enlisted memory practices rooted in the physical to demand a place in the body politic powerfully contributing to antebellum political democratization

Perfumed Sleeves and Tangled Hair Rajyashree Pandey, 2016-01-31 *Perfumed Sleeves and Tangled Hair* explores the possibilities and limits of terms such as body woman gender and agency categories that emerged within the context of western philosophical religious and feminist debates to analyze texts that come out of altogether different temporal and cultural contexts Through close textual readings of a wide range of classical and medieval narratives from well known works such as the Tale of Genji to popular Buddhist tales Rajyashree Pandey offers new ways of understanding such terms within the context of medieval Buddhist knowledge Pandey suggests that woman in medieval Japanese narratives does not constitute a self evident and distinct category and that there is little in these works to indicate that the sexed body was the single most important and overarching site of difference between men and women She argues that the body in classical and medieval texts is not understood as something constituted through flesh blood and bones or as divorced from the mind and that in the Tale of Genji it becomes intelligible not as an anatomical entity but rather as something apprehended through robes and hair Pandey provocatively claims that woman is a fluid and malleable category one that often functions as a topos or figural site for staging debates not about real life women but rather about delusion attachment and enlightenment issues of the utmost importance to the Buddhist medieval world Pandey's book challenges many of the assumptions that have become commonplace in academic writings on women and Buddhism in medieval Japan She questions the validity of speaking of Buddhism's misogyny women's oppression passivity or proto feminism and points to the anachronistic readings that result

when fundamentally modern questions and concerns are transposed unreflexively onto medieval Japanese texts Taking a broad interdisciplinary approach and engaging widely with literature religious studies and feminism while paying close attention to medieval texts and genres Pandey boldly throws down the gauntlet challenging some of the sacred cows of contemporary scholarship on medieval Japanese women and Buddhism [Chicken Soup for the Horse Lover's Soul II](#) Jack Canfield, Mark Victor Hansen, 2012-08-07 This follow up to the surprise hit Chicken Soup for the Horse Lover's Soul brings to the page the adoration we have for our horses with inspiring funny and tender stories
