Military Musings Leonard J. Gill, 2003 The experiences of a Kenya born English lad in the fight against the terrorism of the Mau Mau Rebellion **Ogada** Cp Skoda, 2008 This is a masterfully composed story of an American missionary kid growing up amongst the Luo people in Kenya attending a boarding school in the midst of the Mau Mau Emergency and straddling diverse cultures on two continents Skoda is an extraordinarily keen observer with great intellectual curiosity and verbal dexterity The end result is beautiful prose which intertwines deeply personal experiences with detailed historical geographic and cultural information In closing Skoda rewards the reader with A Code of Behavior and A Declaration of Rights designed for universal application To refer to this book only as a personal memoir is to minimize the daring scope of its content yet it is Skoda s personality and personal life experiences that enhance every page *Monsters* Gerald Scarfe, 2008-09-18 Gerald Scarfe Britain s most controversial satirical artist is famous for having worked with a broad and eclectic mix of British and American icons including Pink Floyd and Disney But he is perhaps best known for his political cartoons which have appeared in numerous newspapers and magazines notably in the Sunday Times Published to coincide with a major exhibition of the original artworks in the Houses of Parliament this new book brings together fifty years of Scarfe s political drawings in a brilliantly entertaining journey through the history of our nation s leaders from Churchill s last visit to the House of Commons in 1965 to the Thatcher years to Tony Blair s legacy and Gordon Brown s succession in 2007 With razor sharp wit and exuberant energy Scarfe s drawings lampoon our leaders political ambitions scandals and disasters in inimitable style **The Journey of Duty: From Africa to Europe** Olgett Kazimoto, 2024-03-01 Early life experiences of the author in the northern province of Zambia in Africa and training in healthcare with subsequent employment in the mining industry healthcare owned jointly by the Anglo American Corporation and the Government of the Republic of Zambia mark the beginning of the journey of duty After working for eight years from 1990 to 1998 this initial part of the journey of duty becomes full of challenging encounters and adventure stories associated with copper mining operations Moving to Britain as a migrant worker marks the second part of the long journey of duty Over the next 22 years the author is immersed in the busy National Health Service NHS an umbrella organisation for thousands of hospitals and allied institutions Experiencing the British way of life becomes fascinating but then part of this way of life is about how politics influence the way healthcare is delivered by the NHS which takes the centre stage throughout the rest of this book The NHS tales about its origins evolution inspiring radical transformation in the 21st century traffic light targets and the dark

times of scandals with red tape are quite revealing especially for people intending to work train or are working as healthcare professionals In the thick of it are some of the shining stars with rare qualities of fixing the broken parts of the healthcare systems that end this book
