**Wide Ruins** Sallie R. Wagner, 1997-09 Newlyweds Sallie Wagner and Bill Lippincott came to the Navajo Reservation in 1938 Before they knew it they owned a trading post at Wide Ruins Arizona The years they spent there were the best of their lives and this lively honest memoir recalls them in detail Trading post life combined business with the kinds of experiences generally associated with anthropological field work Like many traders Sallie Wagner influenced the weavers whose rugs she purchased She was one of the traders who persuaded weavers to use vegetal dyes leaving a permanent

legacy in Navajo weaving Tourists discovered Indian reservations in the 1930s and the Lippincotts were visited often by friends and strangers alike many unable to navigate reservation roads This story is a must read for those interested in the Navajo people in the early days Sallie Wagner has managed to catch and retain the essence of what it meant to be white in a Navajo world that was unbelievably different Edward T Hall **Buried Cities, Forgotten Gods** Robert Sigfrid Wicks, Roland H. *Navajo Beadwork* Ellen K. Moore, 2019-03-14 Sunset Fire Rainbow Drawing on such common occurrences of light Navajo artists have crafted an uncommon array of design in colored glass beads Beadwork is an art form introduced to the Navajos through other Indian and Euro American contacts but it is one that they have truly made their own More than simple crafts Navajo beaded designs are architectures of light Ellen Moore has written the first history of Navajo beadwork belts and hatbands baskets and necklaces in a book that examines both the influence of Navajo beliefs in the creation of this art and the primacy of light and color in Navajo culture Navajo Beadwork Architectures of Light traces the evolution of the art as explained by traders Navajo consultants and Navajo beadworkers themselves It also shares the visions words and art of 23 individual artists to reveal the influences on their creativity and show how they go about creating their designs As Moore reveals Navajo beadwork is based on an aggregate of beliefs categories and symbols that are individually interpreted and transposed into beaded designs Most designs are generated from close observation of light in the natural world then structured according to either Navajo tradition or the newer spirituality of the Native American Church For many

beadworkers creating designs taps deeply embedded beliefs so that beaded objects reflect their thoughts and prayers their aesthetic sensibilities and their sense of being Navajo but above all their attention to light and its properties No other book offers such an intimate view of this creative process and its striking color plates attest to the wondrous results Navajo Beadwork Architectures of Light is a valuable record of ethnographic research and a rich source of artistic insight for lovers of beadwork and Native American art

**Dreaming of Sheep in Navajo Country** Marsha Weisiger, 2011-11-15 Dreaming of Sheep in

Navajo Country offers a fresh interpretation of the history of Navajo Din pastoralism The dramatic reduction of livestock on the Navajo Reservation in the 1930s when hundreds of thousands of sheep goats and horses were killed was an ambitious attempt by the federal government to eliminate overgrazing on an arid landscape and to better the lives of the people who lived there Instead the policy was a disaster resulting in the loss of livelihood for Navajos especially women the primary owners and tenders of the animals without significant improvement of the grazing lands Livestock on the reservation increased exponentially after the late 1860s as more and more people and animals hemmed in on all sides by Anglo and Hispanic ranchers tried to feed themselves on an increasingly barren landscape At the beginning of the twentieth century grazing lands were showing signs of distress As soil conditions worsened weeds unpalatable for livestock pushed out nutritious native grasses until by the 1930s federal officials believed conditions had reached a critical point Well intentioned New Dealers made serious errors in anticipating the human and environmental consequences of removing or killing tens of thousands of animals Environmental historian Marsha Weisiger examines the factors that led to the poor condition of the range and explains how the Bureau of Indian Affairs the Navajos and climate change contributed to it Using archival sources and oral accounts she describes the importance of land and stock animals in Navajo culture By positioning women at the center of the story she demonstrates the place they hold as significant actors in Native American and environmental history Dreaming of Sheep in Navajo Country is a compelling and important story that looks at the people and conditions that contributed to a botched policy whose legacy is still felt by the Navajos and their lands today **Book Talk**,1994

**Patterns of Exchange** Teresa J. Wilkins,2013-03-15 The Navajo rugs and textiles that people admire and buy today are the result of many historical influences particularly the interaction between Navajo weavers and the traders who guided their production and controlled their sale John Lorenzo Hubbell and other late nineteenth century traders were convinced they knew which patterns and colors would appeal to Anglo American buyers and so they heavily encouraged those designs In Patterns of Exchange Teresa J Wilkins traces how the relationships between generations of Navajo weavers and traders affected Navajo weaving The Navajos valued their relationships with Hubbell and others who operated trading posts on their reservation As a result they did not always see themselves as exploited victims of a capitalist system Rather because of Navajo cultural traditions of gift giving and helping others the artists slowly adapted some of the patterns and colors the traders requested into their own designs By the 1890s Hubbell and others commissioned paintings depicting particular weaving styles and encouraged Navajo weavers to copy them reinforcing public perceptions of traditional Navajo weaving Even the Navajos came to revere certain designs as the weaving of the ancestors Enhanced by numerous illustrations including eight color plates this volume traces the intricate play of cultural and economic pressures and personal relationships between artists and traders that guided Navajo weavers to produce textiles that are today emblems of the Native American Southwest Winner Multi cultural Subject New Mexico Book Awards *The Journal of Arizona History*
