Tales of Protection Erik Fosnes Hansen, 2002-07-08 Four enthralling tales about chance by the author of Psalm at Journey's End Tales of Protection is a novel about people in different places in different epochs contemporary Norway nineteenth century Sweden and Renaissance Italy whose stories are bound together by the author's original and searching inquiry into why things happen the way they do As the book opens a dead man lies in his coffin reflecting on the past Bolt was an eccentric scientist who devoted his old age to a vast research undertaking collecting random incidents from the history of the species and finding the underlying pattern that connects them This kind of hindsight after all must be a kind of heaven or a kind of hell His reveries lead him to tell two other tales the tale of a doomed lighthouse keeper on a Swedish island and the tale of rivalry among Renaissance artists and finally to tell a startling tale from his own early manhood All of the tales in his exquisitely suspenseful narration demonstrate his theory of seriality which is the opposite of causality Erik Fosnes Hansen's Psalm at Journey's End was acclaimed as one of the most original works yet about the sinking of the Titanic In Norway Tales of Protection has been called a Blixenesque masterpiece it is a major new work of world literature and a great leap forward for this gifted young writer
