Tales Of Sector General The Sector General Series:

The Big Book of Science Fiction Jeff VanderMeer, Ann Vandermeer, 2016-07-12 Quite possibly the GREATEST science fiction collection of ALL TIME past present and FUTURE Nearly 1 200 pages of stories by the genre's luminaries like H G Wells Arthur C Clarke and Ursula K Le Guin as well as lesser known authors The New York Times Book Review What if life was never ending What if you could change your body to adapt to an alien ecology What if the Pope was a robot Spanning galaxies and millennia this must have anthology showcases classic contributions from H G Wells Arthur C Clarke Octavia Butler and Kurt Vonnegut alongside a century of the eccentrics rebels and visionaries who have inspired generations of readers Within its pages find beloved worlds of space opera hard SF cyberpunk the new wave and more Learn the secret history of science fiction from literary icons who wrote SF to authors from over 25 countries some never before translated into English In THE BIG BOOK OF SCIENCE FICTION literary power couple Ann and Jeff VanderMeer transport readers from Mars to Mechanopolis planet Earth to parts unknown Read the genre that predicted electric cars travel to the moon and the modern smart phone We've got the worlds if you've got the time Including Legendary tales from Isaac Asimov and Ursula LeGuin An unearthed sci fi story from W E B DuBois The first publication of the work of cybernetic visionary David R Bunch in 20 years A rare and brilliant novella by Chinese international sensation Liu Cixin Plus Aliens Space battles Robots Technology gone wrong Technology gone right [Up Through an Empty House of Stars](#) David Langford, 2003-08-01 At last Up Through an Empty House of Stars brings together the best of the never before collected SF reviews and articles that helped build David Langford's towering reputation since 1980 Complementing the review columns collected in The Complete Critical Assembly and the knockabout essays and squibs in The Silence of the Langford this volume's 100 glittering selections mix serious critical insight with the inimitable Langford wit In 2002 David Langford won his sixteenth Hugo award as Best Fan Writer for critical and humorous commentary on SF In the same year his occasionally scandalous SF newsletter Ansible won its fifth Hugo Langford also received the 2001 Hugo for best short story and the 2002 Skylark Award Here he shines a unique light on classics like Ernest Bramah G K Chesterton Robert Heinlein and Jack Vance and analyses major SF and major clunkers and minor eccentrics of the 1980s 1990s and early 2000s continuing to the latest by such current stars as Gene Wolfe and China Miéville Plus witty asides on crime fiction and its SF links gleeful examination of writing so bad it's almost good and even at his most serious turns of phrase to make you laugh aloud *Off the Main Sequence* Tom Easton, 2006-10-01 Tom Easton has served as the monthly book review columnist for Analog Science Fiction for almost three decades having contributed during that span many hundreds of columns and over a million words of penetrating criticism on the best literature that science fiction has to offer His reviews have been celebrated for their wit humor readability knowledge and incisiveness His love of literature particularly fantastic literature is everywhere evident in his essays Easton has ever been willing to cover small presses obscure authors and unusual publications being the only major

critic in the field to do so on a regular basis He seems to delight in finding the rare gem among the backwaters of the publishing field A reviewer's job he says is not to judge books for the ages but to tell readers enough about a book to give them some idea of whether they would enjoy it And this he does admirably whether he's discussing the works of the great writers in the field or touching upon the least amongst them This companion volume to Periodic Stars Borgo Wildside collects another 250 of Easton's best reviews from the last fifteen years of The Reference Library No one does it better and no other guide provides such lengthy or discerning commentary on the best SF works of recent times Complete with Introduction and detailed Index

Beginning Operations James White, 2001-06-02 3 science fiction romaner *Equations of Life* Simon Morden, 2011-04-01 Winner of the 2012 Philip K Dick Award Samuil Petrovitch is a survivor He survived the nuclear fallout in St Petersburg and hid in the London Metrozone the last city in England He's lived this long because he's a man of rules and logic For example getting involved a bad idea But when he stumbles into a kidnapping in progress he acts without even thinking Before he can stop himself he's saved the daughter of the most dangerous man in London And clearly saving the girl getting involved Now the equation of Petrovitch's life is looking increasingly complex Russian mobsters Yakuza something called the New Machine Jihad one dead Petrovitch But Petrovitch has a plan he always has a plan he's just not sure it's a good one

The Story of an African Working Class Jeff Crisp, 2017-02-15 This seminal work tells the story of Ghana's gold miners one of the oldest and most militant groups of workers in Africa It is a story of struggle against exploitative mining companies repressive governments and authoritarian trade union leaders Drawing on a wide range of original sources including previously secret government and company records Jeff Crisp explores the changing nature of life and work in the gold mines from the colonial era into the 1980s and examines the distinctive forms of political consciousness and organization which the miners developed The study also provides a detailed account of the changing techniques of labour control employed by mining capital and the state and shows how they failed to curb the workers' solidarity and tradition of militant resistance Combining lively historical narrative with original analysis this book remains a unique contribution to the history of Africa and its working class

The Times When Men Must Die: The Story of the Destruction of the Philippine Army During the Early Months of World War II in the Pacific, December 1941-May 1942, Vietnam's Development Success Story and the Unfinished SDG Agenda Ms. Anja Baum, 2020-02-14 Despite starting as one of the poorest countries in the mid 1980s Vietnam has achieved rapid developmental progress reaching lower middle income status in 2010 In line with rapid economic growth Vietnam has achieved impressive progress towards the Sustainable Development Goals SDGs during this time This paper sheds light on some elements of Vietnam's success story highlighting crucial policies in education and electricity sectors It undertakes a forward looking costing exercise that focusses on five sectors education health roads water and electricity infrastructure Achieving the remaining SDGs in Vietnam will be a challenge with total annual additional spending needs in the 5 subsectors estimated at 7 percent of GDP by 2030

Cold War Stories Andrew

Hammond,2017-08-28 This book is the first comprehensive study of mainstream British dystopian fiction and the Cold War Drawing on over 200 novels and collections of short stories the monograph explores the ways in which dystopian texts charted the lived experiences of the period offering an extended analysis of authors concerns about the geopolitical present and anxieties about the national future Amongst the topics addressed are the processes of Cold War autocracy militarism propaganda intelligence nuclear technologies the decline of Britain s standing in global politics and the reduced status of intellectual culture in Cold War Britain Although the focus is on dystopianism in the work of mainstream authors including George Orwell Doris Lessing J G Ballard Angela Carter and Anthony Burgess a number of science fiction novels are also discussed making the book relevant to a wide range of researchers and students of twentieth century British literature

Science Fact and Science Fiction Brian Stableford,2006-09-06 Science fiction is a literary genre based on scientific speculation Works of science fiction use the ideas and the vocabulary of all sciences to create valid narratives that explore the future effects of science on events and human beings Science Fact and Science Fiction examines in one volume how science has propelled science fiction and to a lesser extent how science fiction has influenced the sciences Although coverage will discuss the science behind the fiction from the Classical Age to the present focus is naturally on the 19th century to the present when the Industrial Revolution and spectacular progress in science and technology triggered an influx of science fiction works speculating on the future As scientific developments alter expectations for the future the literature absorbs uses and adapts such contextual visions The goal of the Encyclopedia is not to present a catalog of sciences and their application in literary fiction but rather to study the ongoing flow and counterflow of influences including how fictional representations of science affect how we view its practice and disciplines Although the main focus is on literature other forms of science fiction including film and video games are explored and because science is an international matter works from non English speaking countries are discussed as needed Aliens in Popular Culture Michael M. Levy, Farah

Mendlesohn,2019-03-22 An indispensable resource this book provides wide coverage on aliens in fiction and popular culture The wide impact that the imagined alien has had upon Western culture has not been surveyed before in many cases the essays in Aliens in Popular Culture are the first written on the topic The book is a compendium of short entries on notable uses of aliens in popular culture across different media and platforms by almost 90 researchers in the field It covers science fiction from the late nineteenth century into the twenty first century including books films television comics games and even advertisements Individual essays point to the ways in which the imagined alien can be seen as a reflection of different fears and tensions within society above all in the Anglo American world The book additionally provides an overview for context and suggestions for further reading All varieties of readers will find it to be a comprehensive reference about the extra terrestrial in popular culture **The Petrovitch Trilogy** Simon Morden,2024-09-24 Welcome to the Metrozone post apocalyptic

London of the future While the rest of Britain has devolved to anarchy the M25 cordon protects a decaying city filled with

homeless refugees street gangs exiled yakuza crooked cops and mad cults And something else something new and dangerous Enter Samuil Petrovitch a Russian migr with a smart mouth a dodgy heart and a dodgier past He s brilliant friendless cocky and armed only with a genius level intellect prototype cyberware and a prodigious vocabulary of Russian swear words might just be most unlikely champion a city has ever had Welcome to the future Mind the gap Science Fiction, Fantasy, and Weird Fiction Magazines Marshall B. Tymn,Michael Ashley,1985-12-23 This will be the basic tool for researchers studying the 100 year history of science fiction fantasy and weird fiction magazines Reference Books Bulletin **The Black Mirror and Other Stories** Franz Rottensteiner,2008-12-31 Handsomely equipped with a comprehensive introductory historical essay editor s notes and selected bibliography this distinguished anthology is a model of genre research These previously untranslated stories published from 1871 onward offer reading virtually unknown to most American and many German readers Some authors combine scientific and philosophical issues like Kurd Lasswitz in his witty tale To the Absolute Zero of Existence A Story from 2371 while others as in Erik Simon s 1983 title story pose psychological puzzles involving alien phenomena Though the earlier stories in particular demand painstaking reading all of them repay it with rewarding insights into German and Austrian culture and the many possible uses and misuses of science **U.S. Healthcare: A Story of Rising Market Power, Barriers to Entry, and Supply Constraints** Ms. Li Lin,Mr. Mico Mrkaic,Miss Anke Weber,2021-07-06 Healthcare in the United States is the most expensive in the world with real per capita spending growth averaging 4 percent since 1980 This paper examines the role of market power of U S healthcare providers and pharmaceutical companies It finds that markups the ability to charge prices above marginal costs for publicly listed firms in the U S healthcare sector have almost doubled since the early 1980s and that they explain up to a quarter of average annual real per capita healthcare spending growth The paper also finds evidence that the Affordable Care Act and Medicaid expansion were successful in raising coverage and expanding care but may have had the undesirable side effect of leading to labor cost increases Hourly wages for healthcare practitioners are estimated to have increased by 2 to 3 percent more in Medicaid expansion states over a five year period which could be an indication that the supply of medical services is relatively inelastic even over a long time horizon to the boost to demand created by the Medicaid expansion These findings suggest that promoting more competition in healthcare markets and reducing barriers to entry can help contain healthcare costs The Story of the Great War, Mega Series Volume I to VIII Various,2015-12-27 The First World War is one of history s greatest tragedies This remarkable and intimate collection of reports and notes from active participants bring to life the story of how the Great War reduced Europe s mightiest empires to rubble killed twenty million people and cracked the foundations of the world we live in today This ebook contains all Volumes from I to VIII available also as individual downloads Irish Science Fiction Jack Fennell,2014 An innovative examination of Irish science fiction from the 1850s to the present day covering material written both in Irish and in English Considering science fiction novels and short stories in their

historical context it analyses a body of literature that has largely been ignored by Irish literature researchers Biogas: 10 success stories in the industrial sector Francisco M. Hernández,2015-01-19 This report provides basic information about biogas production from industrial waste It gives a comprehensive and complete knowledge of relevant factors for biogas development in the industrial sector Ten success stories are presented with diverse locations technologies scales and energy end uses among others To achieve a successful biogas project the first step should be carrying out a preliminary assessment considering the most relevant variables This report intends to contribute to that step **Double Contact** James White,2000-08-15 In the process of answering a distress call a hospital spaceship discovers a planet with two lots of intelligent aliens and one has nearly destroyed the other A comparison of alien life forms By the author of Mind Changer All-story Magazine ,1918
