*Tales of the Early Franks* Augustin Thierry, 1977      ROMARD: Research on Medieval and Renaissance Drama, vol 52-53 Robert L. A. Clark, 2014-07-05 ROMARD Research on Medieval and Renaissance Drama is an academic journal devoted to the study of Medieval and Renaissance drama in Europe Previously published under the title of Research Opportunities in Renaissance Drama RORD the journal has been in publication since 1956 ROMARD is published annually at Western University www.uwo.ca For further details please visit the ROMARD website at www.romard.org The Ritual Life of Medieval Europe Papers By and For C Clifford Flanigan Guest Editor Robert L A Clark Chief Editor Mario B Longtin Volume 52 53 is a double issue honouring the memory of C Clifford Flanigan It consists of the unpublished articles of Professor Flanigan and articles in tribute by his friends and colleagues in the field      *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1979      The Humblest Sparrow Michael Roberts, 2010-02-09 In *The Humblest Sparrow* Michael Roberts illuminates the poetry of the sixth century bishop and poet Venantius Fortunatus Often regarded as an important transitional figure Fortunatus wrote poetry that is seen to bridge the late classical and earlier medieval periods Written in Latin his poems combined the influences of classical Latin poets with a medieval tone giving him a special place in literary history Yet while interest has been growing in the early Merovingian period and while the writing of Fortunatus patron Gregory of Tours has been well studied Fortunatus himself has often been neglected This neglect is remedied by this in depth study which will appeal to scholars of late antique early Christian and medieval Latin poetry Roberts divides Fortunatus poetry into three main groups poetry of praise hagiographical poetry and personal poetry In addition to providing a general survey Roberts discusses in detail many individual poems and proposes a number of theses on the nature function relation to social and linguistic context and survival of Fortunatus poetry as well as the image of the poet created by his work Jacket illustration L Alma Tadema Venantius Fortunatus Reading his Poems to Radegonda VI AD 555 Courtesy of Dordrecht Dordrechts Museum      **The Six Marriages of Henry VIII** Jules D'Argis, 2020-07-28 This is a book for advanced Tudor fans If you know nothing about the Tudors this is not the book for you Originally published in 1878 *The Six Marriages of Henry VIII* is like the farsical love child of *The Spanish Chronicle* and Agnes Strickland uniting Agnes' pretense at biography with the *Spanish Chronicle*'s tendency to bring some scenes to life Oh and it's all told in the snark of Charles de Marillac the French ambassador to Henry's court during some key years Jules D'Argis repeats a lot of the over the top no this never happened stories and invents new ones many of which are based on the cultural practices he was familiar with and therefore tell us a lot about his own era In a scene right out of a Brontë novel D'Argis trots out a fortune teller to warn Anne Boleyn of the dangers that await her elsewhere he speaks of the court going to Brighton to enjoy the seashore In all it's a wild read Tudorholics will love to see how England's historic rival told the stories of the Tudors especially closer to the actual events      *Women in Medieval History and Historiography* Susan Mosher Stuard, 2016-11-11 What was the status of women in the

Middle Ages How have women fared in the hands of historians And what is the current state of research about women in the Middle Ages Susan Mosher Stuard addresses these questions in a collection of essays that delve in to the history and historiography of women in medieval England France Italy and Germany Contributors include Barbara Hanawalt Diane Owen Hughes Suzanne Wemple Denise Kaiser and Martha Howell One of the most interesting observations made in *Women in Medieval History and Historiography* is the way in which the history of women in each country has followed a distinct course that is in rhythm with other concerns of national historical writing *Women in Medieval History and Historiography* will interest historians scholars of women s studies and medievalists **History**, 1976 **Good and Wealthy** Ronald Quillo, 2025-02-24 Wondering about the propriety of wealth is fitting when economic inequality is regularly an issue Some consider riches quite desirable Others say that notable wealth is a personal and social blight Christians may duly ponder whether riches are a blessing or a yoke This book forthrightly acknowledges biblically based reservations among Christians regarding possessions But it further affirms the respectability if not the suitability of virtuously acquiring and deploying substantial financial assets In its pages sacred scripture spirituality and theology are readably considered The main part of the book colorfully depicts laypersons of various historical eras These seven women and nine men have gained recognition and invited emulation They modeled practical faith charity and exemplary citizenship that promoted justice in their worlds Their spiritualities entrepreneurial talents and managerial strategies affirm many generous persons today **The History of the Franks** Saint Gregory (Bishop of Tours), 1927 *The Publishers' Trade List Annual*, 1982 Catalog of Copyright Entries, Third Series Library of Congress. Copyright Office, 1977 Includes index **Race and the Education of Desire** Ann Laura Stoler, 1995 Michel Foucault s *History of Sexuality* has been one of the most influential books of the last two decades It has had an enormous impact on cultural studies and work across many disciplines on gender sexuality and the body Bringing a new set of questions to this key work Ann Laura Stoler examines volume one of *History of Sexuality* in an unexplored light She asks why there has been such a muted engagement with this work among students of colonialism for whom issues of sexuality and power are so essential Why is the colonial context absent from Foucault s history of a European sexual discourse that for him defined the bourgeois self In *Race and the Education of Desire* Stoler challenges Foucault s tunnel vision of the West and his marginalization of empire She also argues that this first volume of *History of Sexuality* contains a suggestive if not studied treatment of race Drawing on Foucault s little known 1976 College de France lectures Stoler addresses his treatment of the relationship between biopower bourgeois sexuality and what he identified as racisms of the state In this critical and historically grounded analysis based on cultural theory and her own extensive research in Dutch and French colonial archives Stoler suggests how Foucault s insights have in the past constrained and in the future may help shape the ways we trace the genealogies of race *Race and the Education of Desire* will revise current notions of the connections between European and colonial historiography and between the European bourgeois order and the colonial

treatment of sexuality Arguing that a history of European nineteenth century sexuality must also be a history of race it will change the way we think about Foucault **Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress. Copyright Office,1977-07 Faculty Publications and Doctoral Dissertations University of Illinois at Urbana-Champaign,1975 **The Merovingian Kingdoms 450 - 751** Ian Wood,2014-06-23 A comprehensive survey which begins with the rise of the Franks then examines the Merovingians **Library Journal** ,1977 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Frankish History** Paul Fouracre,2024-10-28 The volume consists of sixteen papers on the history of Francia between the seventh and eleventh centuries Originally published between 1979 and 2009 the papers are arranged around three interlinking themes the relationship between History and Hagiography the history of Francia under the respective regimes of the Merovingian and Carolingian kings and the problem of how states with weak governing institutions were able to exercise power over large areas The history of Francia has been one of the most productive areas of early medieval history over the past two generations Models of European development have been based on its rich materials and the fact that the polity lasted for half a millennium makes it a prime area for the study of the dialectic between continuity and change The papers collected here all have this big history as their background It is to be hoped that keying into such questions makes them both accessible and useful for students and teachers alike *The Merovingians in Historiographical Tradition* Yaniv Fox,2023-11-16 The Merovingian centuries were a foundational period in the historical consciousness of western Europe The memory of the first dynasty of Frankish kings their origin myths accomplishments and failures were used by generations of chroniclers propagandists and historians to justify a wide range of social and political agendas The process of curating and editing the source material gave rise to a recognizable Merovingian narrative with three distinct phases meteoric ascent stasis and decline Already in the seventh century Chronicle of Fredegar this tripartite model was invoked by a Merovingian queen to prophesy the fate of her descendants This expert commentary sets out to understand how the story of the Merovingians was shaped through a process of continuous historiographical adaptation It examines authors from across a millennium of historical writing and analyzes their influences and objectives charting the often unexpected ways in which their narratives were received and developed The Library Journal Book Review ,1977 History, Frankish Identity and the Framing of Western Ethnicity, 550-850 Helmut Reimitz,2015-08-06 This pioneering study explores early medieval Frankish identity as a window into the formation of a distinct Western conception of ethnicity Focusing on the turbulent and varied history of Frankish identity in Merovingian and Carolingian historiography it offers a new basis for comparing the history of collective and ethnic identity in the Christian West with other contexts especially the Islamic and Byzantine worlds The tremendous political success of the Frankish kingdoms provided the medieval West with fundamental political religious and social structures including a change from the Roman perspective on

ethnicity as the quality of the Other to the Carolingian perception that a variety of Christian peoples were chosen by God to reign over the former Roman provinces Interpreting identity as an open ended process Helmut Reimitz explores the role of Frankish identity in the multiple efforts through which societies tried to find order in the rapidly changing post Roman world
