Tales Of The Foreign Settlements In Japan

Harold Stennett WILLIAMS

Tales Of The Foreign Settlements In Japan:

Tales of Foreign Settlements in Japan Harold S. Williams, 2012-07-09 Here are twenty five tales about the Foreign Settlements or Concessions in Japan following the opening of the country to foreign trade in 1859 and an additional ten strange stories that revolve around those times The tales are historically accurate sociologically significant and most important of all eminently readable These Tales of Foreign Settlements in Japan are the product of years of painstaking and scholarly research by a writer who is a business man and a recognized authority on the history of the Foreign Concessions in Japan a man who has resided here for over thirty five years Tales of the Foreign Settlements in Japan Harold S.

Williams, 1958 **Tales of the foreign settlements in Japan. Decorations by J. Williams**, 1958 *Tales of the Foreign Settlements in Japan ... Decorations by Jean Williams* Harold Stennett WILLIAMS, 1958 *A Yankee in Meiji Japan* James L. Huffman, 2003 This unique book portrays the evolution of Meiji Japan through the life of crusading journalist Edward H House 1836 1901 In chapters that alternate between history and biography James Huffman shows how one man bridged continents shaping American attitudes influencing Japan's movement toward modernity and providing a contemporary critique of imperialism Huffman also captures the human drama of House's life his early bohemianism the mystical way Japan drew him the painful struggle with gout the joy and torment of adopting a Japanese girl his fight for women's education and the vicissitudes of friendship with Mark Twain Meticulously researched the book draws on House's voluminous writings and on hundreds of letters between House and major figures in both America and Japan including Mark Twain U S Grant John Russell Young Edmund Clarence Stedman Okuma Shigenobu and Inoue Kaoru With its lively accessible prose and seamless interweaving of the life of House with the history of the Meiji era this book will be welcomed by students scholars and general readers interested in modern Japanese history and in America's nineteenth century foreign relations *The Image of Japan* Jean-Pierre Lehmann, 2010-10-18 Japan's image has experienced numerous transmutations The book covers the metamorphosis from Japan's image of a feudal exotic and romantic land inhabited by Madam Butterflies to its sudden emergence as a geopolitical power following its defeat of Russia in 1905 More was to come In the 1930s and 40s the image of the kamikaze vividly illustrated the fanaticism and barbarity associated with Japan in World War II With the 1964 Tokyo Olympics Japan rejoined the international community as a friend and ally of the US The next transmutation came in the 1980s when the Japanese economy appeared to be functioning on anabolic steroids and its continued ascent to take over the US was predicted Japanese management became more than a science almost a religion among business schools and consultancies Today there are two images one is conveyed through manga karaoke and the global fashion for sushi the other is of an economically and demographically declining nation Will this image correspond to Japan's swan song or are there more transmutations on the way One constant in Japanese history and the image it has projected has been the country's constant ability to surprise *Japan's Early Experience of Contract Management in the Treaty Ports* Yuki Allyson

Honjo,2013-12-19 This is the first in depth study of the early trial and error experiences of contracting between Japanese and western merchants trading in the Japanese Treaty Ports in the eighteen year period immediately following the opening of the ports in 1859 Fundamental to the equation were the inevitable east west cultural and legal ambiguities that impacted on the traders The learning curve for both westerners and Japanese regarding the nature and application of western contracting law was predictably difficult tortuous and open to constant misunderstanding Nevertheless it was within such a framework that the principal benchmarks for trade with Japan were set down and which in essence have lasted to the present day

Foreigners in Mikadoland Harold S. Williams,2011-12-20 This is an account of life in the foreign communities and former Foreign Settlements or Concessions in Japan that flourished after Japan was opened to foreign trade in 1859 It tells of the imposters the eccentrics and the scandals no less than the achievements of the scholars the merchants and the diplomats who contributed so much to the development of modern Japan Here you will meet Townsend Harris the first U S Consul General to Japan the Grand Duke Alexander and many other less well known but just as interesting figures such as the energetic Rev Bailey the remarkable Mr McLeod and the Misses Butterfly and Chrysanthemum All these events are portrayed in a series of chapters arranged as nearly as possible in chronological order each woven around some of the happenings of those times Carefully researched all of these events are historically accurate in every detail and are written in Mr Williams highly enjoyable style **The American Merchant Experience in Nineteenth Century Japan** Kevin C.

Murphy,2004-08-02 Explores the interactions of 19th century American merchants with the Japanese in the treaty port system how the Japanese leadership manipulated them and how the merchants themselves defined the limitations of American business in Japan *The Origins of Japanese Trade Supremacy* Christopher Howe,1999-12-15 For many in the West the emergence of Japan as an economic superpower has been as surprising as it has been sudden After its defeat in World War II Japan hardly appeared a candidate to lead industrialized nations in productivity and technological innovation and the Japanese miracle is often explained as the result of U S aid and protection in the postwar years In *The Origins of Japanese Trade Supremacy* Christopher Howe locates the sources of Japan s current commercial and financial strength in events that occurred well before 1945 In this revisionist account Howe traces the history of Japanese trade over four centuries to show that the Japanese mastery of trade with the outside world began as long ago as the sixteenth century with Japan s first contact with European trading partners Although profitable this early contact was so destabilizing that the Japanese leadership soon restricted foreign trade mainly to Asian partners From the early seventeenth to the middle of the nineteenth centuries Japan developed in relative isolation Though secluded from the scientific and economic revolutions in the West Japan proved adept at finding novel solutions to its own problems and its economy grew in size diversity and technological and institutional sophistication By the nineteenth century when contacts with the West were reestablished Japan had developed a remarkable capacity to absorb foreign technologies and to adapt and create new institutions while

retaining significant elements of its traditional system of values Most importantly Japan s long standing reliance on its own ingenuity to solve problems continued to flourish This tradition born of necessity is the most important foundation for Japan s current position as a world economic power **Commodities, Ports and Asian Maritime Trade Since 1750** Anthony Webster,Ulbe Bosma,2015-10-13 This book examines the role of mercantile networks in linking Asian economies to the global economy It contains fourteen contributions on East Southeast and South Asia covering the period from 1750 to the present

Foreigners in Japan Gopal Kshetry,2008-12-20 Japan began to fascinate the West after the account of Marco Polos sojourn in China This set off an interest in the oriental world The Portuguese being the first arrived in Japan in 1543 which was followed by others The experience Japan had with Europeans put upon itself isolation for about 200 years After the forceful opening by Mathew Perry in 1853 many Westerners again began to arrive in Japan Later during the 1980s there was an influx of migrant workers which become a hot topic of debate The book throws much light onto the historical background as well as the events that lead up to the present state of affairs in relation to issues of discrimination crimes and problems related to foreigners **American Multinationals and Japan** Mark Mason,1992 Drawing on rich historical materials from both sides of the Pacific including corporate records and government documents never before made public Mason examines the development of both Japanese policy towards foreign investment and the strategic responses of American corporations

Victorian Women Travellers in Meiji Japan Lorraine Sterry,2009-01-29 This volume complements other published works about travel by nineteenth century women writers by locating and creating space for Japan which is missing within recent critical discourses on travel writing It examines the narratives of women writers who travelled to Japan from the mid 1850s onwards when Japan was first opened to the West and became a highly desirable travel destination for decades thereafter Many women travelled in this period and although most left no record of their journeys enough did to form a discrete body of literature spanning more than fifty years from the end of the feudal Tokugawa era to the rise of Meiji Japan as a world power Their narratives about Japan occupy a culturally significant place not only in the genre of Victorian female travel writing but in Victorian travel writing per se The writers who are the subject of this book are divided into two groups those who were travellers by intent namely Anna D A Alice Frere Annie Brassey Isabella Bird and Marie Stopes and those who travelled by default as the wives of diplomats namely Mrs Pemberton Hodgson Mrs Hugh Fraser and Baroness Albert d Anethan *Hugh Cortazzi - Collected Writings* Hugh Cortazzi,2013-06-17 Special areas biographies history cultural exchange arts business and foreign affairs **Japan** Nancy K. Stalker,2018-08-14 Japan History and Culture from Classical to Cool provides a historical account of Japan s elite and popular cultures from premodern to modern periods Drawing on the most up to date scholarship across numerous disciplines Nancy K Stalker presents the key historical themes cultural trends and religious developments throughout Japanese history Focusing on everyday life and ordinary consumption this is the first textbook of its kind to explore both imperial and colonial culture and offer expanded content on issues pertaining to gender and sexuality

Organized into fourteen chronological and thematic chapters this text explores some of the most notable and engaging aspects of Japanese life and is well suited for undergraduate classroom use **Meiji Kabuki** Samuel L. Leiter, 2022-11-08 A 2023 Choice Reviews Outstanding Academic Title This book is an annotated collection of English language documents by foreigners writing about Japan's kabuki theatre in the half century after the country was opened to the West in 1853 Using memoirs travelogues diaries letters and reference books it contains all significant writing about kabuki by foreigners resident or transient during the Meiji period 1868 1912 well before the first substantial non Japanese book on the subject was published Its chronologically organized chapters contain detailed introductions Twenty seven authors represented by edited versions of their essays are supplemented by detailed summaries of thirty five others The author provides insights into how Western visitors missionaries scholars diplomats military officers adventurers globetrotters and even a precocious teenage girl responded to a world class theatre that apart from a tiny number of pre Meiji encounters had been hidden from the world at large for over two centuries It reveals prejudices and misunderstandings but also demonstrates the power of great theatre to bring together people of differing cultural backgrounds despite the barriers of language artistic convention and the very practice of theatergoing And in Ichikawa Danjuro IX it presents an actor knowledgeable foreigners considered one of the finest in the world Victorians in Japan Hugh Cortazzi, 2013-12-17 An anthology of impressions snapshots and anecdotes this collection of vignettes conveys vividly what it was like to be a foreigner in Japan in Victorian times The focus is upon Tokyo Osaka Kobe Yokohama Nagasaki and the other Treaty ports and their vicinity This amusing and evocative book throws a revealing light both upon the Victorian experience of Japan and upon Japan itself First published in 1987 this title is part of the Bloomsbury Academic Collections series Divorce in Japan , 2004-02-03 A social legal and intellectual history of divorce in Japan over the last four centuries during much of which Japan had one of the highest divorce rates in the world
