The Jungle Books the Just So Stories Puck of Pook's Hill and Rewards and Fairies re-evaluating earlier critical approaches and offering fresh readings of these relatively neglected works In the process she suggests new directions for postcolonial and childhood studies and interrogates the way biographical criticism on children's literature in particular has tended to supersede and obstruct other kinds of readings

Victorians and Their Animals Brenda Ayres, 2018-12-07 This book *Victorians and Their Animals: Beast on a Leash* investigates the notion that British Victorians did see themselves as naturally dominant species over other humans and over animals They conscientiously hegemonically were determined to rule those beneath them and the animal within themselves albeit with varying degrees of success and failure The articles in this collection apply posthuman and other theories including queer postcolonialism deconstruction and Marxism in their exploration of Victorian attitudes toward animals They study the biopolitical relationships between human and nonhuman animals in several key Victorian literary works Some of this book's chapters deal with animal ethics and moral aesthetics Also being studied is the representation of animals in several Victorian novels as narrative devices to signify class status and gender dynamics either to iterate socially acceptable mores or to satirize hypocrisy or breach of behavior or to voice social protest All of the chapters analyse the interdependence of people and animals during the nineteenth century
