A Review of Books, Studies and Journal Articles Published in the U. S. A. from 1955-1995 Relating to the Sociological Impact of Corporate Relocation on the Family System Barbara W. Cummings,1999-04 America is a mobile nation and frequent relocation is a way of life for many corporate families This qualitative review of literature relating to the sociological impact of relocation on the corporate family appears to show that relocation has short term and long term implications for the family system Relocation is not an isolated event but a process of adjustment over time involving emotional stages similar to the stages of grief and loss Each family member may experience the relocation differently and progress through the stages at a different rate This creates a period of disorganization and disorientation for the family similar to a prolonged jet lag which I call Relo Lag This period of adjustment for the family system is the most frequently cited short term effect and can last up to two years Frequent relocations may also precipitate a long term effect by causing the family system to become too tightly closed The family may not seek outside help when needed or accept it when offered Individual family members may experience difficulty with long term close friendships and relationships outside the family In addition children appear to be particularly vulnerable when relocating during the individuation stages years 3 5 and adolescence years 13 16 Not all families experience relocation negatively and some families cope well with relocation Relocation can improve career and financial opportunities for some corporate families but there may be emotional costs that need to be considered before making a decision to relocate Relo Lag is a Trademark of Barbara W Cummings all rights reserved **Family Harmony** Denise V. Lang,1990 Offers advice on how to handle every type of aggravating and difficult family situation including the areas of conflict that instigate family arguments especially money religion divorce death inheritance blended families and AIDS Family Therapy Jon Carlson, Len Sperry, Judith A. Lewis,1997 This is the first book to show therapists how to tailor their treatment plans and how to look at factors such as the impact of work and culture on a family s environment during the counseling process The authors believe that without new approaches counselors will continue to provide hit or miss interventions **Moving** Karen G. Adams,1994 **The Family Dynamic** Margaret

Ward,2001 American Book Publishing Record ,1988 But Everyone Else Looks So Sure of Themselves Denise V.
Lang,1991 Gives advice to teens on how to deal with many of the troubles conflicts and situations frequently encountered in
