

HONORE DE BALZAC

THE PHYSIOLOGY OF MARRIAGE;

Or, The Musings Of An Eclectic Philosopher On
The Happiness And Unhappiness Of Married Life

The Physiology Of Marriage

Honoré de Balzac

The Physiology Of Marriage:

The Physiology of Marriage, Complete Honoré de Balzac, 2019-11-25 In *The Physiology of Marriage Complete* Honoré de Balzac delves into the intricate dynamics of marital relationships employing a blend of satire and keen psychological insight. Written in the mid 19th century, the text explores the social and economic factors that underpin marriage, revealing its multifaceted nature through relatable anecdotes and astute observations. Balzac's unique literary style, characterized by rich descriptions and an analytical approach, offers readers a complex portrayal of love, desire, and the often harsh realities of domestic life, aligning with his broader work that examines the fabric of society in post-Napoleonic France. Honoré de Balzac, revered as a pioneering figure in literary realism, was profoundly influenced by his own experiences and the societal norms surrounding marriage during his time. Living in an era marked by rapid social change, Balzac's keen observations of human behavior and motivations provide a critical lens through which he examined the institution of marriage. His extensive body of work, known as *La Comédie Humaine*, reflects his deep-seated interest in the interplay between character and society, making this exploration of marriage particularly poignant. *The Physiology of Marriage Complete* is an essential read for those seeking a deeper understanding of the complex interplay between love and societal expectations. Balzac's incisive analysis remains strikingly relevant, offering contemporary readers valuable insights into the challenges and contradictions of romantic relationships. Whether you are a lover of classic literature or interested in the sociology of marriage, this work is a compelling addition to your reading list.
