Young,1967 The Pilgrim of Russian-town...the Community of Spiritual Christian Jumpers in America Pauline Vislick Young,1932 **Christian Peoples of the Spirit** Stanley M. Burgess,2011-07-25 Among all groups in Christendom the Pentecostal Charismatic movement is second in size only to the Roman Catholic Church with growth that shows no signs of abatement Its adherents declare the Pentecostal Movement which began at Azusa Street in 1906 to be unprecedented in Christian history since the first century of the Church in its embrace of manifestations of the Holy Spirit such as divine healing miracles and speaking in tongues Yet although it may be unprecedented in size and rate of growth Stanley M Burgess argues that is hardly unprecedented in concept In Christian Peoples of the Spirit Burgess collects documentary evidence for two thousand years of individuals and groups who have evidenced Pentecostal charismatic like spiritual giftings worship and experience The documents in this collection bolstered by concise editorial introductions offer the original writings of a wide variety of peoples of the spirit from Tertullian and Antony of the Desert to the Shakers and Sunder Singh as well as of their enemies or detractors Though virtually all of the parties in this volume considered themselves Spirit gifted or given special qualities by God they are in many ways as different from one another as the cultures from which they have emerged In providing such an impressive array of voices Burgess convincingly demonstrates that there have indeed been Spirit filled worship and charismatic saints in all periods of church history *Leo Tolstoy in Conversation with Four Peasant Sectarian Writers* Andrew Donskov,2019-04-30 Andrew Donskov takes a critical look not only at Tolstoy s attitude towards the peasant class he so often championed for their simple ways and freedom from upper class sophistication and pretentiousness but more importantly gives voice to representatives of the peasant class itself The theme of the peasantry is central throughout most of Tolstoy s long career His obsession with this class is seen not just as a matter of social or humanitarian concern but as a response to the questions of how to live a good life and what is the meaning of life that an inevitable death will not destroy These questions plagued him his entire life The letters he exchanged with the four major peasant sectarian writers Bondarev Zheltov Verigin and Novikov reveal that Tolstoy was matched as a profound thinker by his correspondents as they converse on religious moral questions the meaning of life and how one should strive to find it and on a wide array of burning social and personal problems Reading through the analysis and the extensively annotated letters as a unified whole elucidates the progressive development of the ideas they shared and where these diverged and which guided Tolstoy s and his correspondents lives Juxtaposing Tolstoy s letters with those of his four sectarian correspondents makes them even more significant as it shows them in their original context a dialogue or conversation Also with the aim to present the conversation in an even broader context Andrew Donskov briefly discusses Tolstoy s relationship with peasants in general as well as with each of the four individual writers in particular In

addition he provides a background sketch of two major religious groups namely the Doukhobors and the Molokans both of which still claim sizeable populations of followers in North America today Originally published in 2008 by the Slavic Research Group at the University of Ottawa under the title *Leo Tolstoy and Russian peasant sectarian writers Selected correspondence* the expanded University of Ottawa Press edition includes 44 letters never published in English out of the total 155 letters Correspondence translated by John Woodsworth Published in English **Ethnicity in the Americas** Frances Henry, 2011-05-12 No detailed description available for *Ethnicity in the Americas* *Leo Tolstoy and the Canadian Doukhobors* Andrew Donskov, 2019-11-19 This book is published in English Following the completion of his major novels *War and Peace* and *Anna Karenina* Russian writer Leo Tolstoy experienced a spiritual crisis that led him to denounce the privileges of his social class and its attendant material wealth and embrace the simple rural life of the peasantry In the persecuted Russian Doukhobor sect who also rejected militarism and church ritual in favour of finding God in their hearts he saw a prime example of how it was possible to live his new found pacifist ideals in everyday life He was so taken with their lifestyle calling the Doukhobors people of the 25th century that in 1898 he decided to help finance their mass emigration to Canada away from the persecutions of the Russian church and state Donskov s expanded study presents an outline of Doukhobor history and beliefs their harmony with Tolstoy s lifelong aim of unity of people and the portrayal of Doukhobors in Tolstoy s writings This edition features Tolstoy s complete correspondence with Doukhobor leader Petr Vasil evich Verigin Three guest essays by prominent Canadian Doukhobors are also included Supported by a considerable array of source materials Donskov s monograph will be of relevance to anyone interested in religious philosophical sociological pacifist historical or literary studies *Los Angeles* Anton Wagner, 2022-07-12 For the first time Anton Wagner s groundbreaking 1935 book that launched the study of Los Angeles as an urban metropolis is available in English No book on the emergence of Los Angeles today a metropolis of more than four million people has been more influential or elusive than this volume by Anton Wagner Originally published in German in 1935 as *Los Angeles Werden Leben und Gestalt der Zweimillionenstadt in S dkalifornien* it is one of the earliest geographical investigations of a city understood as a series of layered landscapes Wagner demonstrated that despite its geographical disadvantages Los Angeles grew rapidly into a dominant urban region bolstered by agriculture real estate development transportation infrastructure tourism the oil and automobile industries and the film business Although widely reviewed upon its initial publication his book was largely forgotten until reintroduced by architectural historian Reyner Banham in his 1971 classic *Los Angeles The Architecture of Four Ecologies* This definitive translation is annotated by Edward Dimendberg and preceded by his substantial introduction which traces Wagner s biography and intellectual formation in 1930s Germany and contextualizes his work among that of other geographers It is an essential work for students scholars and curious readers interested in urban geography and the rise of Los Angeles as a global metropolis [Looking for Los Angeles](#) Charles G. Urban Theory and the Urban Experience

Simon Parker, 2015-04-24

Urban Theory and the Urban Experience brings together classic and contemporary approaches to urban research in order to reveal the intellectual origins of urban studies and the often unacknowledged debt that empirical and theoretical perspectives on the city owe one another. From the foundations of modern urban theory in the work of Weber, Simmel, Benjamin, and Lefebvre to the writings of contemporary urban theorists such as David Harvey and Manuel Castells and the Los Angeles school of urbanism, Urban Theory and the Urban Experience traces the key developments in the idea of the city over more than a century. Individual chapters explore investigative studies of the great metropolis from Charles Booth to the contemporary urban research of William J. Wilson, along with alternative approaches to the industrial city ranging from the Garden City Movement to the new urbanism. The volume also considers the impact of new information and communication technologies and the growing trend towards disaggregated urban networks, all of which raise important questions about viability and physical and social identity of the conventional townscape. Urban Theory and the Urban Experience concludes with a rallying cry for a more holistic and integrated approach to the urban question in theory and in practice. If the rich, potent, and frequent question points encourage exploration of key themes and annotated further readings provide follow-up sources for the issues raised in each chapter, the book will be of interest to students, scholars, practitioners, and all those who wish to learn more about why the urban has become the dominant social, economic, and cultural form of the twenty-first century.
