The Pioneer Years 1895 1914 Memories Of Settlers Who Opened The West:

The Pioneer Years, 1895-1914 Barry Broadfoot, 1978 *The Pioneer Years 1895-1914*, 1981 The Medicine Line Beth LaDow, 2013-10-18 Along the border between Montana and Saskatchewan lies one hundred miles of hard and desolate terrain a remote place where Native and new American nations came together in a contest for land wealth and survival Following explorers Lewis and Clark and Alexander Mackenzie both Americans and Canadians launched the process of empire along the 49th parallel disrupting the lives of Native peoples who began to traverse this imaginary line in search of refuge In this evocative and beautifully rendered portrait Beth LaDow recreates the unstable world along this harsh frontier capturing the complex history of a borderland known as the medicine line to the Indians who lived there When Sitting Bull crossed the boundary for the last time in 1881 weary of pursuit by the U S cavalry and the constant threat of starvation the region opened up to railroad men and settlers determined to make a living But the unforgiving landscape would resist repeated attempts to subdue it from the schemes of powerful railroad magnate James J Hill to the exploits of Canadian Mountie James Walsh to the misguided dreams of ranchers and homesteaders whose difficult existence is best captured in Wallace Stegner s plaintive accounts of a boyhood spent in this stark place Drawing on little known diaries letters and memories as well as interviews with the descendants of settlers and native peoples The Medicine Line reveals how national interests were transformed by the powerful alchemy of mingling peoples and the place they shared With a historian s insight and a storyteller s gift LaDow questions some of our deepest assumptions about a nationalist frontier past and finds in this least known place a new historical and emotional heart land of the North American West A colorful history of the most desolate terrain in America one hundred miles between Canada Montana where three nations fought over land wealth ultimately survival Farm Women on the Prairie Frontier Carol Fairbanks, Sara Brooks Sundberg, 1983 Four essays provide useful introductions to the land and the people the history and the fiction of the grasslands of Canada and the United States Annotations direct readers and researchers to relevant materials in history and literature An excellent bibliography good interpretative essays WOMEN S DIARIES **New Towns in the New World** David Allan Hamer, 1990 Hamer has written a broad comparative overview of the evolution of British derived urban traditions in four former colonies the US Canada Australia and New Zealand **Of Time and the Enterprise** John William Bennett, Seena B. Kohl, Geraldine Binion, **From the Heart of the Heartland** John Moss, 1992 This volume gathers together authors and critics to reappraise the legacy of Sinclair Ross Beyond Ross major novel *As For Me and My House* the contributors reestablish the value of his other writings in their literary and historical contexts Published in English *Heavy Burdens on Small Shoulders* Sandra Rollings-Magnusson, 2012-06-11 Focusing on children s work on family farms in western Canada an absolutely fascinating marvellously fresh account of the lives of prairie pioneers The Calgary Herald The phrase child labour carries negative undertones in today s society However only a century ago on the Canadian Prairies youngsters laboured alongside their

parents working the land cleaning stovepipes and chopping wood By shouldering their share of the chores these children learned the domestic and manual labour skills needed for life on a Prairie family farm Sandra Rollings Magnusson uses historic research photographs and personal anecdotes to describe the kinds of work performed by children and how each task fit into the family economy This book is a vital contribution to western Canadian history as well as family and gender studies Many voices Carole Henderson Carpenter,1979-01-01 This volume provides a historical overview of the development and role of Anglo Canadian folklore studies in Canada and their relationship to similar research conducted with respect to French Canadians minority groups within Canada within the wider Canadian context and at the international level Published in English *Cattle Kingdom* Edward Brado,2004 One of the most colourful chapters in the history of North American settlement began in the 1880s when the rich Alberta grasslands spreading east from the foothills of the Rockies became the magnet for cattle ranching Award winning *Cattle Kingdom* provides readers with all the colourful tales of raffish characters political intrigues and partnerships fortunes made and lost and the harsh realities of prairie winters The era also gave us the mythic figure of the cowboy still prominent in Alberta today Nowhere is the story of ranching more rich and varied than in Alberta There was an assortment of high rollers big money men from the east English lords and remittance men along with refugees from the American west and ordinary folk seeking a homestead and a new dream The newly formed North West Mounted Police was on hand as well Famous ranches were created during this period including the Cochrane the Oxley and the North West Cattle Company Bar U The cast of characters included John Ware the brave and foolhardy Major General Thomas Bland Strange who had plans for a ranch for retired British army types and the scrappy Pat Burns who parlayed a small slaughterhouse in Calgary into a giant meat packing and cattle empire By the time of the first Calgary Stampede in 1912 the cattle kingdom was on the wane More and more settlers arrived and began fencing and farming the once limitless grazing lands And then came the discovery of oil But during its brief and brilliant season in the sun early ranching in Alberta put an indelible stamp on the history and culture of the Canadian west
