The Poem An Anthology:

The poem Stanley B. Greenfield, Andrew Kingsley Weatherhead, 1968 *The Ecopoetry Anthology* Ann Fisher-Wirth, Laura-Gray Street, 2013-02-12 Definitive and daring The Ecopoetry Anthology is the authoritative collection of contemporary American poetry about nature and the environment in all its glory and challenge From praise to lament the work covers the range of human response to an increasingly complex and often disturbing natural world and inquires of our human place in a vastness beyond the human To establish the antecedents of today's writing The Ecopoetry Anthology presents a historical section that includes poetry written from roughly the mid nineteenth to the mid twentieth century Iconic American poets like Walt Whitman and Emily Dickinson are followed by more modern poets like Wallace Stevens William Carlos Williams Ezra Pound and even more recent foundational work by poets like Theodore Roethke Elizabeth Bishop Robert Hayden and Muriel Rukeyser With subtle discernment the editors portray our country's rich heritage and dramatic range of writing about the natural world around us *To the Moon* Carol Ann Duffy, 2009-10-02 Carol Ann Duffy's beautiful anthology features an eclectic mix of poems that chart human fascination with the moon across the centuries and around the world Carol Ann Duffy on *To the Moon* Editing *Answering Back* in which living poets replied to poems from the past I was astonished to see how many of the poems old and new referred to the moon I then started to keep a record of such references and from my notebook I see that in one morning alone I came across no fewer than nine poems from the likes of Coleridge Graves Rosetti and Rowe and it was this selection that initially inspired *To the Moon* There's something incredibly moving and electrifying to read a poem from the Chinese Book of Odes written around 500 BC and to feel both our distance from and our closeness to the past and the Moon itself I climbed the hill just as the new moon showed I saw him coming on the southern road My heart lays down its load In collecting together poems such as these poems that span continents and centuries *To the Moon* shows what it is to be human to love to lose to dream and to hope The poems it contains give us a real and profound sense of our time on this planet and the pleasures they offer are like space itself infinite *The Giant Book of Poetry* William Roetzheim, 2006 Winner or finalist in the Best Books National Book Award Poetry Anthology of the Year Benjamin Franklin Audio Book of the Year Foreword Magazine Audio Book of the Year and the Bill Fisher Award for Best New Fiction Over 750 pages of poetry spanning from 4 000 BC up to the present day and including a broad cross section of global poetry Footnotes for each poem specify each poem's form define unusual or archaic words and include notes about interpretation Multiple indexes including an index by subject simplify finding exactly the right poem for any situation The poems were specifically selected to appeal to readers new to poetry but even experienced poetry readers will find new and enjoyable poems The poems from the book are also available on audio CD **Old English Poetry: An Anthology** R.M. Liuzza, Joseph Black, Leonard Conolly, Kate Flint, Isobel Grundy, Don LePan, Jerome J. McGann, Anne Lake Prescott, Barry V. Qualls, Claire Waters, 2014-03-26 R M Liuzza's Broadview edition of Beowulf was published at almost exactly the same time as

Seamus Heaney's in reviewing the two together in July 2000 for The New York Review of Books Frank Kermode concluded that both translations were superior to their predecessors and that it was impossible to choose between the two the less celebrated translator can be matched with the famous one he wrote and Liuzza's book is in some respects more useful than Heaney's Ever since the Liuzza Beowulf has remained among the top sellers on the Broadview list With this volume readers will now be able to enjoy a much broader selection of Old English poetry in translations by Liuzza As the collection demonstrates the range and diversity of the works that have survived is extraordinary from heartbreaking sorrow to wide eyed wonder from the wisdom of old age to the hot blood of battle and to the deepest and most poignant loneliness There is breathless storytelling and ponderous cataloguing there is fervent religious devotion and playful teasing The poems translated here are meant to provide a sense of some of this range and diversity in doing so they also offer significant portions of three of the important manuscripts of Old English poetry the Vercelli Book the Junius Manuscript and the Exeter Book

Poetry R. S. Gwynn, 2012 A perfect alternative to massive poetry anthologies this brief affordable collection of over 250 poems provides a concise yet comprehensive introduction to the study of poetry Authors new to this collection including Amy Gerstler named by the Los Angeles Times as one of the best poets in the nation and award winners Rebecca Foust and Craig Arnold provide ample evidence that poetry continues to flourish in today's world Young writers Ernest Hilbert and Erica Dawson bring poetry into the 21st century and provide inspiration for aspiring young poets

The Wadsworth Anthology of Poetry Jay Parini, 2006 Unlike most other poetry anthologies arranged only chronologically or limited to the exploration of one type of poem Jay Parini's WADSWORTH ANTHOLOGY OF POETRY collects 24 smaller more accessible anthologies in one volume With the guidance of an editorial board of pre eminent literary scholars and world renown poets Parini has managed to offer a meaningful structure to an ambitious collection spanning from Beowulf to Jorie Graham Perhaps more a teaching and learning text than a definitive body of work Parini's arrangement of poetry by form content and context offers a new way of learning poetry

100 Poets John Carey, 2021-01-01 A wonderfully readable anthology of our greatest poetry chosen by the author of A Little History of Poetry Does anyone know more about poetry than John Carey Almost certainly not The Times A poem seems a fragile thing Change a word and it is broken But poems outlive empires and survive the devastation of conquests Celebrated author John Carey here presents a uniquely valuable anthology of verse based on a simple principle select the one hundred greatest poets from across the centuries and then choose their finest poems Ranging from Homer and Sappho to Donne and Milton Plath and Angelou this is

a delightful and accessible introduction to the very best that poetry can offer Familiar favorites are nestled alongside marvelous new discoveries all woven together with Carey s expert commentary Particular attention is given to the works of female poets like Christina Rossetti and Charlotte Mew This is a personal guide to the poetry that shines brightest through the ages Within its pages readers will find treasured poems that remain with you for life

The Nearest Poem Anthology

Sofia M. Starnes, 2014-03-01 The Nearest Poem Anthology is not a hit parade of poems nor is it a selection of our most popular poets Once a poem is written the poet recedes powerless to do more and the poem must rely on a reader for its survival It is the reader s response to a poem that guarantees its life The anthology is therefore a testament to the multiple lives of poetry its constant reincarnation A poem may remain dormant for a while decades even centuries and then someone picks it up takes it to heart finds in its words and nuances echoes of a personal experience And the poem finds a new birth Most readers probably have several nearest poems poems they have approached intimately tangibly at different moments of their lives For the purpose of this anthology all contributors selected and submitted only one From the classics to contemporary authors The Nearest Poem Anthology is a collection of over 100 poems that touched the lives of Virginians along with an essay they wrote to share their response to the poem how the poem has been reborn in them Some poets are represented through several poems Dickinson Frost Longfellow Donne It is interesting to see how great poetry drops barriers how the same poet speaks personally even intimately to very different readers To take Dickinson for example the anthology has five of her poems with five corresponding essays The readers are a U S senator a college professor a Methodist minister a twelve year old 7th grader and a retired teacher This range is further evidence of the word s power to suggest rather than define Excerpt from the Introduction by Sofia M Starnes Poet Laureate of Virginia 2012 2014
