

The Pet Person

**Anthony L. Podberscek, Elizabeth S.
Paul, James A. Serpell**

The Pet Person:

The Pet Person Jeanne Willis, 2015 Rex the dog is desperate to get a pet person for his birthday but his parents say NO Everyone knows that people are vicious smelly and impossible to train So Rex is delighted when he finds a stray boy to play with Having a pet person is just so much fun Or is it **The Pet Person** Cheryl a Schaeffer, 2019-08-24 I started pet sitting because people were asking me to watch their pets while they went away At first it was just a fun thing to do but soon I was being advised by friends to charge and make it a side business And that is how my pet sitting adventures began Over the years I had the pleasure of spending quality time with dogs cats birds fish turtles and chickens Each pet has been a meaningful experience This book came to be because I realized that with over a quarter of a century of professional pet sitting experience I had a lot of stories to tell People seem to enjoy my stories so why not share them with the world To protect the privacy of all involved personal details have been changed In the end the personal details do not matter the stories are what count Please join me in the wacky world of pet sitting From Property to Family Andrei S. Markovits, Katherine Crosby, 2015-03-26 In the wake of the considerable cultural changes and social shifts that the United States and all advanced industrial democracies have experienced since the late 1960s and early 1970s social discourse around the disempowered has changed in demonstrable ways In From Property to Family American Dog Rescue and the Discourse of Compassion Andrei Markovits and Katherine Crosby describe a discourse of compassion that actually alters the way we treat persons and ideas once scorned by the social mainstream This culture turn has also affected our treatment of animals inaugurating an accompanying animal turn In the case of dogs this shift has increasingly transformed the discursive category of the animal from human companion to human family member One of the new institutions created by this attitudinal and behavioral change towards dogs has been the breed specific canine rescue organization examples of which have arisen all over the United States beginning in the early 1980s and massively proliferating in the 1990s and subsequent years While the growing scholarship on the changed dimension of the human animal relationship attests to its social political moral and intellectual salience to our contemporary world the work presented in Markovits and Crosby's book constitutes the first academic research on the particularly important institution of breed specific dog rescue Blackwell's Five-Minute Veterinary Practice Management Consult Lowell Ackerman, 2020-01-09 Provides a quick veterinary reference to all things practice management related with fast access to pertinent details on human resources financial management communications facilities and more Blackwell's Five Minute Veterinary Practice Management Consult Third Edition provides quick access to practical information for managing a veterinary practice It offers 320 easily referenced topics that present essential details for all things practice management from managing clients and finances to information technology legal issues and planning This fully updated Third Edition adds 26 new topics with a further 78 topics significantly updated or expanded It gives readers a look at the current state of the veterinary field and teaches how to work in teams communicate

Companion Animals and Us Anthony L. Podberscek,Elizabeth S. Paul,James A. Serpell,2005-07-21 Over the past 30 years there has been a tremendous growth in interest in the multidisciplinary field of human companion animal interactions and relationships This is not surprising considering that pets are kept in at least half of the households in Western societies What then is so special about the relationships people have with their pets Are we very different from our ancestors in the ways we feel about animals What does pet keeping tell us about ourselves and our relationships with people Can pets be good for our health Do they help promote empathy for other humans These questions and more are explored in this book Companion Animals and Us brings together some of the newest research from a wide variety of disciplines including anthropology history psychology sociology human and veterinary medicine This book will make fascinating reading for anyone interested in understanding more about the human pet relationship

The Hidden Curriculum Brenda Smith Myles,Melissa L. Trautman,Ronda L. Schelvan,2024-03-05 Shred through Social Confusion The world around us is a complicated place filled with expectations

rules assumptions guidelines regulations and policies This hidden curriculum exists across environments places people and cultures Although rules and mandates can be complex most of us take comfort in them often unconsciously because they help us to know what to do in everyday situations We like rules if they are consistent It is when they are unclear or are unstated that we can become upset indignant or confused Some people learn the hidden curriculum and its impact automatically Others learn the hidden curriculum only by direct instruction That is the purpose of this book In this third edition the essential features of the original book have been maintained and information on evidence based practices has been added In addition it provides a series of instructional strategies that can be used to teach the hidden curriculum Instructional aids include charts forms and templates designed to make the job of teaching and learning the hidden curriculum more effective Finally The Hidden Curriculum offers extensive lists of hidden curriculum items or unstated guidelines Due to the elusive nature of the hidden curriculum the lists while broad offer examples rather than a definite set of lessons to be learned Parents educators support persons and others are encouraged to consider the lists as springboards to make their own lists geared specifically toward the unique needs of the individuals with whom they work or live
