The Poet And His Shadow:

The Poet and His Shadow Ciaran O'Driscoll, 1990 *The Magazine of Poetry*, 1889 *Poetics of Loss* Katharina Lempe, 2015 With the removal of death from the public sphere mourning has become a private matter At the same time particularly in poetry the trend is reversed An intensely elegiac quality and a focus on absence death and loss can be observed in contemporary Anglophone poetry This study examines the poetry of Andrew Motion in the context of the contemporary elegy a genre which is at a crossroads between the anti consolatory refusal to mourn the inability to move past grief and the strong wish for redemption from grief Motion s poetry which mainly deals with preemptive attempts to cope with loss can be seen as a typical example for the contemporary melancholy mood in poetry Series Erlanger Studies of English and American Studies Erlanger Studien zur Anglistik und Amerikanistik Vol 15 Subject Poetry Death Studies Literary Criticism **José Emilio Pacheco and the Poets of the Shadows** Ronald J. Friis, 2001-10 Jose Emilio Pacheco 1939 is Mexico s foremost living poet and a major figure in contemporary Latin American poetry Jose Emilio Pacheco and the Poets of the Shadows examines the dynamic of literary influence and the question of literary origins in Pacheco s first six books of poetry 1960s to mid 1980s Ronald J Friis appropriates Bloom s theory of poetic influence to investigate how Pacheco deploys literary allusions and intertextual references as a means of decentering the traditional centrality of the figure of the author The poets of the shadows to which the title refers include Pacheco s precursors from prior generations of Mexican and Latin American literature particularly Jorge Luis Borges Alfonso Reyes and Octavio Paz BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Author as Character* A. J. Hoenselaars, 1999 Many fictional works have real historical authors as characters Great national literary icons like Virgil and Shakespeare have been fictionalized in novels plays poems movies and operas This fashion might seem typically postmodern the reverse side of the contention that the Author is Dead but this collection of essays shows that the representation of historical authors as characters can boast of a considerable history and may well constitute a genre in its own right This volume brings together a collection of articles on appropriations of historical authors written by experts in a wide range of major Western literatures BOOK JACKET Wordsworth After War Philip Shaw, 2023-07-20 William Wordsworth s later poetry complicates possibilities of life and art in war s aftermath This illuminating study provides new perspectives and reveals how his work following the end of the revolutionary and Napoleonic wars reflects a passionate lifelong engagement with the poetics and politics of peace Focusing on works from between 1814 and 1822 Philip Shaw constructs a unique and compelling account of how Wordsworth in both his ongoing poetic output and in his revisions to earlier works sought to modify refute and sometimes sustain his early engagement with these issues as both an artist and a political thinker In an engaging style Shaw reorients our understanding of the later writings of a major British poet and the post war literary culture in which his reputation was forged This title is part of the Flip it Open Programme and may also be available Open Access Check our
