The Poisoning Of Eros Sexual Values In Conflict:

The Poisoning of Eros Raymond J. Lawrence (Jr),1989 **Sexual Liberation** Raymond J. Lawrence Jr.,2007-01-30 Sex sells they say but even today it is considered forbidden wrong or sinful by many in the Western world This book is an account of the strange ways sexual pleasure has been devalued even demonized in the West by the forces of Christendom and its legacy in the modern world It tells the story of how sex came to be regarded by societies throughout the ages as perverse sinful and wrong and how the motivations of a few have lasted centuries and colored our view of sex and sexuality even today Sex sells they say but even today it is considered forbidden or sinful by many in the Western world This book is an account of the ways in which sexual pleasure has been devalued and demonized in the West by the historical forces of Christendom It tells the story of how sex came to be regarded by societies throughout the ages as perverse sinful and wrong and how the centuries old motivations of a few have persisted into modern times coloring our view of sex and sexuality to this day For good or ill Christianity has been since before the ebbing of the Roman Empire the principal bearer of public values in the western world This book traces the changes that have shaped and reshaped what is considered moral sexual behavior and immoral sexual behavior by Christians and non Christians alike Lawrence s account of the perversion of sexual values begins with the intersection of the early Jesus movement and the morality of the Greco Roman culture and empire He goes on to point out the ways Christianity and its moral code were reshaped under the impact of Constantine s adoption of Christianity as the imperial religion and how key figures of the Middle Ages generally succeeded in promoting a religion whose chief goal was the obliteration of sexual pleasure The story continues on through the ages until now This controversial look at sex and Christianity sheds new light on our views of pornography homosexuality adultery and other issues of sex and sexuality

Constructing the Sexual Crucible David M Schnarch,1991-03-05 This book challenges the fundamental paradigms in sexual marital therapies and provides a fresh look at the nature of intimacy and the diverse barriers to eroticism in many marriages By integrating individual sexual and marital therapies this study attempts to provide a fresh look at the nature of intimacy and the diverse barriers to eroticism in marriage The author refutes the common focus on sexual technique calling instead for an emphasis on sexual potential Queer Readings of the Centurion at Capernaum Christopher B.

Zeichmann,2022-10-28 The first ever monograph on the history of queer biblical interpretation of a controversial biblical passage Since the 1950s homoerotic readings of the pericope in which Jesus heals a Roman centurion s slave have been built upon three of the account s features the specific Greek word pais which can refer to youth slave or the junior partner in a sexual relationship between two men Luke s characterization of the young man as dear entimos to the centurion and commonplace homoeroticism in the Roman army Rather than affirming or denying the historical reality of a sexual relationship between the centurion and the young man Christopher B Zeichmann instead traces the shifting patterns of queer readings of the text and the influences of the sexual political and theological discourses of late twentieth and early twenty

first century Europe the United States and Australia Readers will see how distinct political contexts have led interpreters to find very different meanings about the sexual subtexts of this story *The Spirituality of Sex* J. Harold Ellens,2009-03-20

This book describes the psychospiritual facts of life about the pervasiveness of sexuality in all aspects of human life The energy developed by our libido is the dynamic source of all the forces that shape our experience life motives thought feelings desires and spiritual longings No facet of life is untouched or unshaped by this dynamo Whether we are sitting in church at worship in a meeting for business in a party for pleasure we are always aware of the gender of those who are around us and of their level of sensuality as it impacts us If we are not aware of that some wounding has produced an impairment in us that has forced us to repress the awareness inappropriately This work is not a how to manual so much as a description of the deep meaningfulness that can be found in the spirituality of sex It is designed to enlighten us about ourselves to give names to what we all feel all the time and do not know quite how to describe It is about savoring the spiritual flavor of sexual play and sexual union This is a book for everyone from the inquiring adolescent to the mature adult looking for what is missing in sex and relationships This is not a book mainly for Christians or Jews It is about the generic human spirituality in every one of us true believer and atheist alike It is about being human more fully and with greater satisfaction Human spirituality is best defined as our irrepressible hunger and quest for meaning in all aspects of life Human sexuality is best defined as our irrepressible hunger and quest for union with other persons and the meaning of life found in the wholeness that such union brings Sexuality and spirituality are not two different things They are two names for the same thing the irrepressible human quest for meaning fulfillment union and wholeness They are not two different forces nor are they in any way at odds with one another as they have been made to seem in the polarizing attitudes about sexuality and spirituality popular in human society thanks to the excessive and negative moralization of sex Here Ellens sheds new light on the interplay of sexuality and spirituality through the use of anecdotes observation and thoughtful analysis Psychological Hermeneutics for Biblical Themes and Texts: HAROLD J. ELLENS,J. Harold Ellens,2012-04-26 An assessment of the development and achievements of the field of Psychological Hermeneutics *The Dark Side of Close Relationships II* William R. Cupach,Brian H. Spitzberg,2010-09-13 Focuses on the paradoxical dialectical and mystifying facets of human interaction not merely to elucidate dysfunctional relationship phenomena but to help readers explore and understand it in relation to a broader understanding about relationships This volume is of interest to relationship researchers in social psychology and sociology

Shore-Goss, 2022-09-30 First published over ten years ago The Queer Bible Commentary brings together the work of several scholars and pastors known for their interest in the areas of gender sexuality and Biblical studies Contributors draw on feminist queer deconstructionist utopian theories the social sciences and historical critical discourses The focus is both how reading from lesbian gay bisexual and or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ communities This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to queer interpretation of scripture

The Decalogue and a Human Future Paul L. Lehmann, 2002-03-15 An important book for theology ethics and the church James H Cone This book displays all the depth penetrating insight and clarity of thinking that have become the hallmarks of Lehmann's writing It mercilessly and wonderfully exposes the superficiality and frivolousness of many of the arguments surrounding the Decalogue Theologically instructive intellectually satisfying and spiritually uplifting Allan Boesak Paul Lehmann was one of the greatest of America's Christian ethicists and one of its most influential teachers His work has had a profound impact on many persons especially pastors and lay folk This final work brings him back to some of his major themes the relation of the gospel and law the commitment to a truly human life in this world that is shaped by God's just and loving activity in Jesus Christ and the need for the gift of discernment to see what it is that makes and keeps human life human One does not expect to hear much that is fresh on such worked over moral issues as abortion and homosexuality but in these pages Lehmann makes us think afresh and challenges us even on those familiar topics It is sad to think that we shall hear no more from this deeply Christian and moral thinker Patrick D Miller Princeton Theological Seminary This is vintage Lehmann His koinonia ethic continues to make enormous sense not least in South Africa and other transitional situations where people are seeking moral discernment amid complexity and ambiguity in the quest for social justice This book's development of Lehmann's ethic around the Ten Commandments makes it more than a textbook for

students It is a book for pastors the laity and the general public It is also a wonderful culmination to the work of a great theologian Charles Villa Vicencio University of Cape Town South Africa
