Lincoln and McClellan at War Chester G. Hearn,2012-11-05 At the beginning of the Civil War President Abraham Lincoln and his highest ranking general George B McClellan agreed that the United States must preserve the Union Their differing

strategies for accomplishing that goal however created constant conflict In Lincoln and McClellan at War Chester G Hearn explores this troubled relationship revealing its complexity and showing clearly why the two men both inexperienced with war eventually parted ways A staunch Democrat who never lost his acrimony toward Republicans including the president McClellan first observed Lincoln as an attorney representing the Illinois Central Railroad and immediately disliked him This underlying bias followed thirty five year old McClellan into his role as general in chief of the Union army Lincoln a man without military training promoted McClellan on the advice of cabinet members and counted on Little Mac to whip the army into shape and end the war quickly McClellan comported himself with great confidence and won Lincoln s faith by brilliantly organizing the Army of the Potomac Later however he lost Lincoln s trust by refusing to send what he called the best army on the planet into battle The more frustrated Lincoln grew with McClellan s inaction the more Lincoln studied authoritative works on military strategy and offered strategic combat advice to the general McClellan resented the president s suggestions and habitually deflected them Ultimately Lincoln removed McClellan for what the president termed the slows According to Hearn McClellan s intransigence stemmed largely from his reluctance to fight offensively Thoroughly schooled in European defensive tactics McClellan preferred that approach to fighting the war His commander in chief on the other hand had a preference for using offensive tactics This compelling study of two important and diverse figures reveals how personality and politics prolonged the Civil War
