Small Medium at Large Joanne Levy, 2021 Lilah can hear ghosts and boy are they annoying After she s hit by lightning at a wedding twelve year old Lilah Bloom develops a new talent she can hear dead people That s right she s now a medium a person who talks to hosts Among them there s her overopinionated Bubby Dora an old lady fashion designer and a kid who is pure mischief and threatens to ruin everything The ghosts are more annoying than frightening especially when Lilah has one big fear on her mind talking to and possibly going to the seventh grade dance with her crush Andrew Finkel Lilah only ever wanted to be a regular seventh grader maybe a seventh grader with a date for the dance but with meddling ghosts getting in the way her life is now filled with drama of the spirit variety What s a young medium to do Keywords middle grade funny humorous tween ghosts dating crush friendship sydney taylor awards red maple jewish books small medium at large canadian series Medium At Large Patti Larsen, 2019-09-28 Fly By Night Lights You home anytime soon Fee s text made me smile I d love to grab coffee I ll keep you posted I sent rather flattered she considered me a friend I d had so few in my life I was still getting used to the fact there were people in this world who really liked me and enjoyed my company despite my talent for seeing the dead Once we finish this investigation paranormal cozy paranormal cozy mystery paranormal cozy mysteries ghost mystery ghost mystery books ghost mystery series ghost mysteries and suspense Inquiring minds That was Fee Always curious This is a weird one I sent Her immediate answer was all Fiona Fleming attitude You Doing weird What s the world coming to When Alice finds herself in a small town in Texas it s not to investigate a haunting Instead she s been hired to assist in identifying mysterious lights eerily close in appearance to an alleged alien abduction case But when a deceased UFO hunter stirs up the dead Alice realizes there s more to this murder than debunking unidentified flying objects In this spin off series to the award winning Fiona Fleming Cozy Mysteries medium and paranormal blogger debunker Alice Moore travels the US uncovering truth fraud and murder **Wave Forms** James H. Bunn, 2002 In this daring book the author proposes that artistic and literary forms can be understood as modulations of wave forms in the physical world By the phrase natural syntax he means that physical nature enters human communication literally by way of a transmitting wave frequency This premise addresses a central question about symbolism in this century How are our ideas symbolically related to physical reality The author outlines a theory of communication in which nature is not reached by reference to an object rather nature is part of the message known only tacitly as the wavy carrier of a sign or signal One doesn t refer to nature even though one might be aiming to one refers with nature as carrier vehicle The author demonstrates that a natural language of transmission has an inherent physical syntax of patterned wave forms which can also be described as certain laws of form a phrase used by D Arcy Thompson L L Whyte Noam Chomsky and Stephen Jay Gould He describes a syntax inherent in natural languages that derives from the rhythmic form of a propelling wave Instead of the laws of a wave s form however the author speaks of its elements of rhythmic composition because rythmos means wave in Greek and because

composition describes the creative process across the arts In pursuing a philosophy of rhythmic composition the author draws on cognitive science and semiotics But he chiefly employs symmetry theory to describe the forms of art and especially the patterns of poetry as structures built upon the natural syntax of wave forms Natural syntax it turns out follows a fascinating group of symmetry transformations that derive from wave forms **The Almost Legendary Morris Sisters**
