Florian Bieber, Nikolaos Tzifakis

Small State Security In The Balkans:

Small-State Security in the Balkans Aurel Braun, 1983-06-18

Small States and International Security Clive

Archer, Alyson Bailes, Anders Wivel, 2014-03-14 This book explains what small states are and explores their current security challenges in general terms and through specific examples It reflects the shift from traditional security definitions emphasizing defence and armaments to new security concerns such as economic societal and environmental security where institutional cooperation looms larger These complex issues linked with traditional power relations and new types of actors need to be tackled with due regard to democracy and good governance Key policy challenges for small states are examined and applied in the regional case studies The book deals mainly with the current experience and recent past of such states but also offers insights for their future policies Although many of the states covered are European the study also includes African Caribbean and Asian small states Their particular interest and relevance is outlined as is the connection between their security challenges and their smallness Policy lessons for other states are then sought The book is the first in depth multi continent study of security as an aspect of small state governance today It is novel in placing the security dilemmas of small states in the context of wider ideas on international and institutional change and in dealing with non European states and regions

Balkan Imbroglio Daniel N Nelson, 2021-11-28 As Europe underwent extraordinary changes in 1989 1990 the continent's south eastern region the Balkans began once again to draw attention for its ethnic rivalries its political turmoil and its interstate disputes Continuing tensions and instability have fostered images of a Balkan imbroglio where regional instability could affect all of Europe This study offers country specific and comparative assessments of political trends during this transitional era placing emphasis on matters of international security socioeconomic policy and political leadership Also considered are the requisite conditions for democracy in the role of the military in a civil society and the manner in which security can be achieved without overarching hegemonic alliances

Turkey's New Geopolitics Graham Fuller, 2019-03-22

With the astonishing transformations in the geopolitics of the world since the collapse of the Soviet Union Turkey has been profoundly affected by the changes on its periphery For the first time since the beginning of the century a Turkic world has blossomed giving Turkey potential new foreign policy clout from the Balkans across the Caucasus a

Bulgaria and Europe Stefanos Katsikas, 2011-10-01 Bulgaria and Europe Shifting Identities offers a unique analysis of Bulgaria's relationship with the European continent Katsikas examines how Bulgarian historiography and literature over the centuries have created differing conceptions of Europe and in the process shaped the country's own shifting identity Through his analysis he provides the broader cultural context and historical perspective required in order to understand the country's EU accession process as well as its aftermath This work ultimately addresses what has arguably been the key question facing Bulgaria in the post Cold War period Are we European

The Western Balkans in the World Florian Bieber, Nikolaos Tzifakis, 2019-06-26 This book provides a detailed understanding of how different types of engagements impact upon the

reform and EU integration of the Western Balkan region It examines the influence of Russia China Turkey and the UAE in the region and analyses the range of existing links Contributors offer an academic and multifaceted perspective of the role of external and non Western actors in the region that goes beyond on the one hand the tendency of some Western decision makers to perceive all engagement by third powers as a sinister threat and on the other the view of regional governments of all external involvement as a boon coming at a time of Western neglect and reduced foreign investments By looking at the importance of Russia Turkey China and the UAE in the Western Balkans the book sheds light on one key arena of global competition offers new insights on the strengths and weaknesses of Euro Atlantic integration and advances our knowledge of foreign policy and its economic social and security dimensions for small and medium sized countries It will be of interest to academics postgraduate and research students and think tankers with research interest in IR and Southeast European Studies European decision makers will also gain an insight into the extent of non Western influence in the region

International Intervention in the Balkans since 1995 Peter Siani-Davies, 2004-03-01 This volume offers an analysis of the activities of the international community in the Balkans since the 1995 Dayton Agreement There has been substantial investment in the region but so far the gains have been limited and doubts remain as to the extent that sustainable security has been enhanced There is a need for serious reassessment of policies and priorities but this depends on a careful analysis of past successes and failures The contributors seek to provide this by examining intervention not just in terms of military action and the activities of major international agencies at state level but also the activities of outside NGOs within the local environment

The Digital Environment and Small States in Europe Viktorija Car, Marta Zorko, 2025-07-25 The Digital Environment and Small States in Europe delves into how the digital revolution intersects with global security dynamics and reshapes the geopolitical landscape It sheds light on the geopolitical complexities inherent in the border regions of the European continent and proposes frameworks to better understand and engage with small state dynamics in international affairs At the heart of this book is an examination of the transformative power of digitalization and virtualization particularly pronounced in the context of small states Traditionally power was synonymous with territorial control but in today's world influence extends into the virtual realm Small states despite their physical limitations can leverage this virtual extension of territory to their advantage However realizing and strategically utilizing these advantages are essential for capitalizing on the opportunities presented Conversely small states lacking digital capabilities find themselves increasingly vulnerable in the virtual sphere facing heightened security threats and challenges Through a series of theoretical and case study based chapters this book offers insights into the strategies employed by small states to navigate these complexities and assert their influence on the global stage Key themes explored include the impact of digitalization on geopolitical dynamics the role of cybersecurity in safeguarding national interests and the emergence of digital diplomacy as a tool for statecraft The Digital Environment and Small States in Europe will be of great interest to scholars and students of international relations

geopolitics and political science as well as security media and communication studies Additionally policymakers and analysts involved in foreign policy and security affairs may find valuable insights in the book's exploration of small state strategies and vulnerabilities

Constructing South East Europe Dimitar Bechev, 2011-03-15 Regional cooperation has become a distinctive feature of the Balkans an area known for its turbulent politics Exploring the origins and dynamics of this change this book highlights the transformative power of the EU and other international actors

Norms and Nannies Ronald Haly Linden, 2002 As the Central and East European states seek to join the European Union and NATO they face challenging demands to adhere to specific European norms and standards In this first comprehensive analysis contributors examine how this process operates in a variety of domains including civil military relations social labor and regional relations economic and information policies and foreign policy Each author considers what norms are generated by or absent from European international organizations how they are communicated to prospective members and most important what impact they have had on the policies and actions of individual countries as well as on the region as a whole These on the ground studies provide the empirical foundation needed to support theories of norm diffusion constructivism and liberalism in international relations and comparative politics alike

Small States and Alliances Erich Reiter, Heinz Gärtner, 2013-03-09 The book focuses on the relations between small states and alliances It is on why how and under what conditions states engage in alliances What are the benefits and costs of alliances How are the benefits and costs of alliances allocated among their members What determines who allies with whom Can small states still pursue their own security interests within an alliance Can they even become integral part of an alliance Scholars practitioners policy makers and advisors from several countries discuss these issues They address historical empirical and theoretical topics and give policy recommendations

Problems of Balkan Security Paul Shoup, 1990 A fantastic read for any scholar or student interested in philosophy epistemology or ontology

Turkish-Greek Relations Mustafa Aydin, Kostas Ifantis, 2004-06-01 The discord between Turkey and Greece has grown deeper and wider over time over a series of seemingly vital issues which have at times brought the two countries to the brink of war Yet in 1999 the two countries opened a dialogue on non sensitive issues such as trade the environment and tourism The causes of the current rapprochement progress are explored in this book in relation both to the international environment which is increasingly conducive to this progress and the significant domestic changes that both Greece and Turkey have experienced since the end of the Cold War This book confronts each of these important dimensions by addressing issues of continuity and change in Greek Turkish relations

Small Baltic States and the Euro-Atlantic Security Community Sandis Straders, 2020-09-02 This book analyzes the small Baltic States and their integration into the Euro Atlantic structures from the perspective of the foreign policies of major powers the United States Russia and major European powers and institutions towards the region or each of the Baltic States While focusing primarily on the Post Cold war period it will also cover years of Baltic occupation areas and matters related to their motivation and means to join the EU and NATO

Smallness weaknesses and sensitivities as well as historic experiences of three Baltic States made the task to integrate with the Euro Atlantic community urgent This will be a valuable source of information for all interested in the Baltic States foreign policies of major powers shaping events in the region the surge of the Euro Atlantic community and the Post Cold War enlargement allowing small Baltic States to remedy their inherent security weaknesses

Peace and Security in the Western Balkans Nemanja Džuverović,Věra Stojarová,2022-08-16 This book outlines the main security threats actors and processes in the Western Balkans following the dissolution of Yugoslavia Exploring the state of peace and security in the region it asks if a stable peace is achievable The comparative framework explores state perspectives from Serbia Montenegro Northern Macedonia Bosnia and Herzegovina Albania and Kosovo alongside military political societal economic and environmental security concerns The interplay of international actors is also considered Academics scholars and practitioners who deal with Balkan issues either as a focus or comparatively and have interests in security and peace studies will find the volume invaluable along with students of political science security studies peace studies area studies Eastern European studies and or Southeast European studies and international studies in general

Organized Crime Frank Shanty,Patit Paban Mishra,2007-09-24 This fascinating work is a two volume guide to the shadow world the critical issues and the global reach of organized crime Despite its impact on international security and the world economy organized crime is an unusual topic for a reference book Difficult to research the high profit high risk subculture of drug lords diamond smugglers and sex slavers is rarely investigated by scholars Organized Crime An International Encyclopedia ventures behind the scenes into this hazardous territory In the first volume expert contributors offer a global perspective on issues such as weapons and arms trafficking high tech and cyber crimes the future of organized crime and the connection between organized crime and armed conflicts The second volume consists entirely of primary documents national and international laws and treaties that reflect the international community s many attempts largely ineffective to combat organized crime Together the two volumes provide students and general readers with a road map to a shadow world with far reaching impact on the world we know

The National Security of Small States in a Changing World Efraim Inbar,Gabriel Sheffer,2013-09-13 The first part of this book is primarily devoted to analysing the impact of the system of international relations on the fortunes of small states The second part discusses the question what changes in the national strategy of small states are necessary in view of the new international system The authors of this volume come from various parts of the world and espouse differing outlooks Nevertheless they were able to coalesce around a similar theme in an effort to contribute to the international understanding of the special challenges that confront the world s small states

Small States and Security in Europe Tomáš Weiss,Geoffrey Edwards,2021-12-28 This book studies how domestic contestation influences the security policy of small states within the European Union EU and North Atlantic Treaty Organization NATO A multinational group of expert contributors consider how domestic contestation is translated into small states foreign policies how membership of

international organisations alters attitudes to security policy in small states and how patterns of small states behaviour across domestic traditions security cultures and geographical location can be identified Anchored in new institutionalism the book explores the influence of international organisations on security policies and the tensions created by connecting four strands of literature on Europeanisation on the impact of and on institutions on the way foreign and security policy is made and the security strategic culture of small states It will be of interest to all scholars and students of international relations security studies EU studies area studies and politics *Small states in world politics* Matthias Maass, 2017-11-01 What is the story behind the paradoxical survival of small and weak states in a world of great powers and crude power politics And what explains the dramatic rise and fall in the number of states overtime following no consistent trend and not showing an immediately obvious direction or pattern The answers lie at the system level Small states survival is shaped by the international states system Small state survival and proliferation is determined first and foremost by features of and dynamics created at the states system As the states system changes and evolves the chances for small states to survive or proliferate change as well In fact a quantitative investigation confirms this showing that over the course of more than 31 2 centuries the number of small states did fluctuate widely and at times dramatically Problems of Communism ,1985

The Enigmatic Realm of **Small State Security In The Balkans**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Small State Security In The Balkans** a literary masterpiece penned with a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.
