realize Bowman's extraordinary investigation was sparked when her young son Chase described his own past life death on a Civil War battlefield an account so accurate it was authenticated by an expert historian Even more astonishing Chase's chronic eczema and phobia of loud noises completely disappeared after he had the memory Inspired by Chase's dramatic healing Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives spontaneously and naturally In *Children's Past Lives* she tells how to distinguish between a true past life memory and a fantasy offers practical advice to parents on how to respond to a past life memory and shows how to foster the spiritual and healing benefits of these experiences Perhaps the most moving convincing and best documented evidence yet for life after death *Children's Past Lives* will stand alongside the classics of Betty J Eadie Raymond Moody and Brian Weiss in its power to comfort uplift and transform our thinking about life after death
