Smoking Mirrors:

In the City of Smoking Mirrors Albino Carrillo, 2004 Huitzilopochtli has returned Aztec destroyer god of sun and war He of the hummingbird Son of Coatlique Our Lady of the Serpent Skin But you can call him H H is reborn in the sprawling suburbs of an American metropolis in the late twentieth century a place where the future is a cartoon of the future Life in suburbia is hard for an Aztec god H falls in and out of love works downtown as an oficinista raises children and learns to command the awesome power of modern electronic media Then one indifferent summer s day H is seriously wounded by the police in a case of mistaken identity of course and faces death once more In the City of Smoking Mirrors relates H s adventures as he hovers between life and death revisiting his homeland and ancestors He issues letters and edicts to the faithful to his dead amigos and chronicles his circumnavigation of the Land of the Dead and what he saw there that made him write this book In tantalizing verse that walks the edge of dream Albino Carrillo takes readers on a lyrical exploration of a dark netherworld a quest for hope in a universe overshadowed by impending doom a place where The demons you ll have to defeat on your inward journey Are like so many little yellow hornets buzzing about Window screens in summer angry but looking For anything sweet any way out Through the unforgettable persona of Huitzilopochtli Carrillo shows us the transitory nature of our passions and wounds as he chisels a new headstone for our times *Smoke and Mirrors* Cynthia

The Government Taketh Away Leslie A. Pal,R. Kent Weaver,2003-04-01 Democratic government is about making choices Sometimes those choices involve the distribution of benefits At other times they involve the imposition of some type of loss a program cut increased taxes or new regulatory standards Citizens will resist such impositions if they can or will try to punish governments at election time The dynamics of loss imposition are therefore a universal if unpleasant element of democratic governance The Government Taketh Away examines the repercussions of unpopular government decisions in Canada and the United States the two great democratic nations of North America Pal Weaver and their contributors compare the capacities of the U S presidential system and the Canadian Westminster system to impose different types of losses symbolic losses gun control and abortion geographically concentrated losses military base closings and nuclear waste disposal geographically dispersed losses cuts to pensions and to health care and losses imposed on business telecommunications deregulation and tobacco control Theory holds that Westminster style systems should all things being equal have a comparative advantage in loss imposition because they concentrate power and authority though this can make it easier to pin blame on politicians too The empirical findings of the cases in this book paint a more complex picture Westminster systems do appear to have some robust abilities to impose losses and US institutions provide more opportunities for loss avoiders to resist government policy in some sectors But in most sectors outcomes in the two countries are strikingly similar The Government Taketh Away is essential for the scholar and students of public policy or comparative policy It is also an important book for the average citizen who wants to know more about the complexities of living in a democratic society where the government can give but how it can also sometimes painfully taketh away
