Social Evolution and Political Theory, by Leonard T. Hobhouse... Leonard Trelawny Hobhouse, 1911 Social Evolution and Political Theory Leonard Trelawny Hobhouse, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1911 edition Excerpt SOCIAL EVOLUTION AND POLITICAL THEORY CHAPTER I The Meaning Of Progress Like every age and every state of human society the period in which we live has its merits and defects its elements of success and failure Contemporary critics assuming the part of candid friends are perhaps more concerned with the failures and the note of pessimism sounds clearly enough in much of the literature of the day But depreciation of the present gloomy views of the future and idealization of the past are common characteristics of literary criticism and literature is evidence we could construct a chain of testimony proving the continuous deterioration of humanity from the time of Hesiod to the present day The past when it is seen at all appears always in a halo of romance Just as in our own personal memory many things which we should be exceedingly loath to experience anew become positively enjoyable in the mellowness of retrospect as the contrast of some great hardship forms a pleasing background for present comfort so in the memory of the race much that we should be sorry to live through again in real earnest acquires the tinge of romance when viewed in the insistence of grim reality the corresponding elements in the past are either forgotten or are softened and transfigured by the haze of time Hence it is that our view of historical change tends to be distorted in the direction of pessimism and in any attempt at a scientific measure of social progress we must be on our guard against this bias of social memory Those who are most zealous for social
