Balch, Carolyn Osiek, 2003 Typical studies of marriage and family in the early Christian period focus on very limited evidence found in Scripture This interdisciplinary book offers a broader richer picture of the first Christian families by drawing together research by experts ranging from archaeologists to ancient historians By exploring the nature of households in the ancient Greco Roman world the contributors assemble a new understanding of ancient Christian families that is both compelling and instructive Divided into six parts the book covers key aspects of ancient family life from meals and child rearing to women's roles and the lives of slaves Three concluding chapters explore the implications of all this information for theological education today Contributors David L Balch Suzanne Dixon J Albert Harrill Ross S Kraemer Christian Laes Peter Lampe Amy Jill Levine Margaret Y MacDonald Dale Martin Eric M Meyers Margaret M Mitchell Carolyn Osiek Beryl Rawson Richard Saller Timothy F Sedgwick Monika Trummer Andrew Wallace Hadrill

Early Christianity Jan N. Bremmer, 2017-07-13 In this work Jan N Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock Contextualising the life and literature of the early Christians in their Greco Roman environment he focusses on four areas A first section looks at more general aspects of early Christianity the name of the Christians their religious and social capital prophecy and the place of widows and upper class women in the Christian movement Second the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel Third an investigation into the theme of the tours of hell suggests a new chronological order shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage The fourth and final section concentrates on the most famous and intriguing report of an ancient martyrdom the Passion of Perpetua It pays special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived both Christian and pagan It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities Publisher's description

Kissing Christians Michael Philip Penn, 2013-10-09 In the first five centuries of the common era the kiss was a distinctive and near ubiquitous marker of Christianity Although Christians did not invent the kiss Jewish and pagan literature is filled with references to kisses between lovers family members and individuals in relationships of power and subordination Christians kissed one another in highly specific settings and in ways that set them off from the non Christian population Christians kissed each other during prayer Eucharist baptism and ordination and in connection with greeting funerals monastic vows and martyrdom As Michael Philip Penn shows in *Kissing Christians* this ritual kiss played a key role in defining group membership and strengthening the social bond between the communal body and its individual members *Kissing Christians* presents the first comprehensive study of the ritual kiss and how controversies surrounding it became part of larger debates regarding the internal structure of Christian communities and their relations with outsiders Penn traces how Christian writers exalted those who kissed only fellow Christians proclaimed that Jews did not have a kiss prohibited exchanging the kiss with potential heretics privileged the confessor's kiss prohibited Christian men and women from kissing each other and forbade laity from kissing clergy *Kissing Christians* also investigates connections between kissing and group cohesion kissing practices and purity concerns and how Christian leaders used the motif of the kiss of Judas to examine theological notions of loyalty unity forgiveness hierarchy and subversion Exploring connections between bodies power and performance *Kissing Christians* bridges the gap

between cultural and liturgical approaches to antiquity It breaks significant new ground in its application of literary and sociological theory to liturgical history and will have a profound impact on these fields
