**Social Security, Inequality, and the Third World** James Midgley, 1984 Study on the need to modify social policy and social security to promote egalitarian economic development and combat underdevelopment in developing countries examines obstacles to social protection of low income groups and improvement in their standard of living proposes various ways of achieving income redistribution incl Land reform progressive taxation improved social services etc Bibliography

*Social Welfare in Global Context* James Midgley, 1997-03-26 James Midgley provides a broad overview of social welfare outlining key institutions terminology historical research and approaches He also details reasons for the existence of international social welfare and the challenges that arise from it The author includes an important section on applied international social welfare that addresses the concerns of practitioners concerns that have been neglected in much of the literature in the field An entire section of the book is devoted to issues of social work practice social development the activities of international agencies and their collaborative efforts While practical application is an important focus of the book several chapters deal with key theoretical debates in the field The author also includes descriptive chapters that provide comprehensive accounts of world social conditions and social welfare institutions As a textbook on international social welfare *Social Welfare in Global Context* is primarily intended for students and practitioners of social work social

administration and social policy But it is also relevant for students of sociology public policy and economics **Alternatives to Social Security** James Midgley, Michael W. Sherraden, 1997-04-22 Few days pass without front page newspaper articles about the disarray in the American social security system and the oncoming crisis of exploding costs and imbalance between workers and retirees New proposals to address these issues constantly surface from presidential candidates Congress and interest groups Yet few recognize that in the second half of the twentieth century there has been a global expansion of social security systems and there may be lessons to be learned from other societies This collection of essays is designed to examine the diverse approaches developed in Australia Britain Chile Hong Kong Kenya and Singapore By analyzing different approaches and different degrees of success those debating public policy may find alternatives that can be adapted to meet American social needs Midgley and Sherraden have drawn together experts on the systems developed in Australia Britain Chile Hong Kong Kenya and Singapore they explore the different approaches and the different degrees of success these societies have confronted An international perspective can enhance understanding of the problems and offer a sound basis for evaluating policy proposals that may reform the social security system Scholars researchers policymakers and the reading public will find this a stimulating collection As Senator John Breaux notes This book is essential reading for anyone serious about addressing the inevitable problems that will face the U S Social Security system **Social Security for the**

**Excluded Majority** Wouter van Ginneken, 1999 The large majority of workers in developing countries are excluded from social security protection *Social Security for the Excluded Majority* examines this problem in Benin China El Salvador India

and the United Republic of Tanzania This book pleads for a participatory approach to the extension of social security and explores ways in which governments and organizations can come together to create practical workable policies to bring social security protection to all Through a series of detailed case studies compiled by an international array of policy experts this book looks closely at the workings of self financed schemes for informal workers that emerged in the 1990s and highlights the schemes that have been most beneficial It focuses on how NGOs cooperatives and other social organizations have been able to develop institutions and policies more in line with the requirements and contributory capacity of the informal sector The authors evaluate various approaches to the extension of formal sector social insurance to informal sector workers including the self employed In addition they explore how social assistance programs although often requiring sophisticated administration can help ensure that benefits reach the population most in need such as children the disabled and the elderly

**Social Protection in Southern Africa** Leila Patel, 2017-07-05 A new generation of innovative social protection strategies is emerging in southern Africa Although cash transfers are most prevalent some country strategies include combinations of interventions such as food livelihood inputs and support asset building public works and social services The strategies vary in their commitment to social rights their institutional and funding arrangements the reach scope and design of the programmes and the behavioural conditions attached to grant access The proliferation of national social protection in the Global South has been widely supported by governments international agencies and non governmental organisations NGOs This book offers researchers and policymakers much to think about when considering the rapid growth of social protection in southern Africa the challenges this presents and the opportunities it offers for social development and economic growth Hence the book is a contribution to scholarship and policy debate on how to solve intractable social development problems in Africa and elsewhere This book was originally published as a special issue of Development Southern Africa

*Handbook on Social Protection and Social Development in the Global South* Leila Patel, Sophie Plagerson, Isaac Chinyoka, 2023-09-06 This cutting edge Handbook argues for social protection to be situated in a wider system of social welfare and development programmes for low and middle income countries Focusing on the role of citizens and communities in enhancing human development it explores how welfare systems are unfolding in diverse contexts across the global South

*Transnational Agency and Migration* Stefan Köngeter, Wendy Smith, 2015-07-16 Migrants both spatially and mentally no longer settle in only one national territory but interact or move across borders regularly profoundly challenging the nation state and the image of society as a container This volume explores the ways in which migrants activists and professionals connect social worlds across national boundaries through a variety of social practices The contributions from various disciplines anthropology economics political and social sciences educational studies and social work illuminate the meaning of agency in situations where the capabilities of transnational actors are constrained by nation states their borders and social institutions Based on a relational understanding of transnational agency which builds upon

new insights and developments within transnational studies and network theory this compilation of chapters presents transnational processes and developments in and across various regions of the globe in East Asia the Americas the EU Southeast Asia Africa and Australia in the borderlands of Mexico and the US in the transatlantic space of the 19th century fin de siècle world in order to demonstrate the importance of gaining assisting and expanding agency in transnational contexts

**Building Social Security** Xenia Scheil-Adlung, 2017-11-30 In recent years in both the specialist press and the tabloids the idea of privatization of social security has become a shimmering catch phrase Politicians base election campaigns on promises of more or less privatization in social security Many governments introduce private business management methods into their social security systems Representatives of social security institutions and academics prepare theory papers on the possible outcomes of privatization And international financial organizations describe doomsday scenarios based on the premise of failure to privatize What is the role of privatization today in the development of national social security systems How does privatization concern the developments in different social security programs such as old age sickness unemployment accident insurance and family allowances What are the visions and effects of privatization in social security This volume provides an overview of the various positions of supporters and opponents of privatization in the main branches of social security followed by national experience of privatized or part privatized social security systems While the perspective of each of the contributors is markedly different the overall objective cuts across differences namely to develop the most efficient and cost effective system of social security protection The authors views and knowledge are derived from their firsthand experiences with social security in Africa Asia the Americas and Europe Representatives of the leading international organizations dealing with social security issues the International Labour Organization the OECD the World Bank and the World Health Organization further expand the parameters of the viewpoints and experiences expressed This multifaceted book allows the reader to learn about the challenge of privatization in the various forms of social security by assembling a set of highly up to date technically complex and legal issues based on practical analysis and actual experience It will be of interest to those concerned with national social policy in a comparative context This is the sixth volume in an ongoing series that aims to review social security in a comparative global context Xenia Scheil Adlung is program manager International Social Security Association Geneva Switzerland

**Social Security Between Past and Future** Franz von Benda-Beckmann, Keebet von Benda-Beckmann, 2007 Social security is a particularly precarious issue where states hardly provide any services in periods of need and distress This book analyses the arrangements relationships through which food shelter and care are provided on the island of Ambon famous spice island in Eastern Indonesia It also shows how relations of support tie Ambonese migrants in the Netherlands to their home villages and how normative conceptions of need and care among kinsmen and villagers change over time Though special in their own historical setting Ambonese networks of care and support are illustrative of poor rural populations in the Third World Focusing on the precursors of the violent conflict that

erupted in 1998 the book shows that social security is like a magnifying glass linking past present and future **Redefining Diversity and Dynamics of Natural Resources Management in Asia, Volume 1** Ganesh Shivakoti,Ujjwal Pradhan,Helmi Helmi,2016-09-01 Redefining Diversity and Dynamics of Natural Resources Management in Asia Volumes 1 4 brings together scientific research and policy issues across various topographical area in Asia to provide a comprehensive overview of the issues facing the region Sustainable Natural Resources Management in Dynamic Southeast Asia Volume 1 pulls together regional experts in the field to look specifically at sustainability issues across the region to see what has been implemented what the impacts have been and what other options are available In the race to be a developed region many Southeast Asian countries have foregone natural resources through haphazard use As a result the people are faced with numerous environmental challenges particularly deforestation and forest degradation biodiversity loss and ecosystem degradation reduction in soil quality and decreases in the quantity of available water Community based forest management is the involvement of local communities in the protection conservation and management of public forests to prevent degradation through sustainable practices while still responding to the basic social and economic needs of local populations When the people who depend on forest resources for their livelihoods are jointly responsible for managing and protecting them they tend to do so in a more sustainable manner by focusing on the long term benefits rather than the immediate short term gains However when tenure rights are weak unclear or insecure or offer limited benefits people are incited in extracting more immediate benefits resulting in suboptimal forest management and the reduction of carbon stocks Features case studies that cover issues such as rising levels of deforestation forest degradation regional food security ecosystem degradation biodiversity loss conflicts over natural resource use water management issues and impacts on local communities Includes contributions from local researchers who are dealing with these issues first hand and on a daily basis Includes a comparative review on REDD implementation in different communities Focuses on sustainability issues across the region
