The Role of Information and Communication Technology for Economic Sustainability through Social Entrepreneurship Practices in Indonesia: A Preliminary Study

L. Lindawati¹

Abstract: ICT provides an environment that encourages the development of social entrepreneurship. Regarding its definition, social entrepreneurship is the "third way" of the two sectors running dichotomously: business entities that tend to be profitable and social institutions that are not profit-oriented. The social business carries out business activities with a social mission. Social movements were at different poles from profit-seeking efforts in the past, and digital technology enabled them to achieve them simultan... [Show more](#)

Social Study Of Information And Communication Technology

Biljana Mileva Boshkoska

Social Study Of Information And Communication Technology:

The Social Study of Information and Communication Technology Frank Land, 2004-06-17 This book is a useful text for advanced students of MIS and ICT courses and for those studying ICT in related areas Management and Organization Studies Cultural Studies and Technology and Innovation As ICTs permeate every sphere of society business education leisure government etc it is important to reflect the character and complexity of the interaction between people and computers between society and technology For example the user may represent a much broader set of actors than the user conventionally found in many texts the operator the customer the citizen the gendered individual the entrepreneur the poor the student Each actor uses ICT in different ways This book examines these issues deploying a number of methods such as Actor Network Theory Socio Technical Systems and phenomenological approaches Management concerns about strategy and productivity are covered together with issues of power politics and globalization Topics range from long standing themes in the study of IT in organizations such as implementation strategy and evaluation to general analysis of IT as socio economic change A distinguished group of contributors including Bruno Latour Saskia Sassen Robert Galliers Frank Land Ian Angel and Richard Boland offer the reader a rich set of perspectives and ideas on the relationship between ICT and society organizational knowledge and innovation

The Social Study of Information and Communication Technology Chrisanthi Avgerou, 2005 **Applications of ICT in Social Sciences** Biljana Mileva Boshkoska, 2015 This book includes some of the latest practices from business process management and modelling to relationship marketing Covering a variety of examples taken from real life the book outlines the state of the art of social sciences applications and their implementations with Information and communication technologies

Information and Communication Technology in Organizations Harry Bouwman, 2005-05 Presenting an overview of the most important factors that determine whether the application of ICT in organizations will succeed or fail this text pays attention to technical organizational and economic perspectives as well as examining psychological and user perspectives

Social Theory and Communication Technology Terje Rasmussen, 2019-06-11 This title was first published in 2001 An investigation of new forms of interaction and communication The essays address theoretical contributions and insights which may assist us in the understanding of modern society inhabited by a wide range of new media In order to answer questions on this subject the text suggests a structural hermeneutic a view on the public as agents embedded in their lifeworlds rather than as consumers and receivers who play a large part in reproducing structural and distanced processes of meaning The essays explore the implications of such daily practices as making a telephone call or sending an email receiving money from a bank machine using a credit card or retrieving information from a Web site Each of these practices reproduce patterns of information and communication practices which reshape communication processes in society The essays examine the relationship between media change and social change with particular emphasis on their contribution to social interaction in everyday life and in the reproduction of

social systems Internet Communication Technology (ICT) for Reconciliation Iyad Muhsen AlDajani, 2020-06-15 The book explores Applied Phronesis in internet communication technology and Netnography application introducing it on Facebook and YouTube usages It defines two pillars for the research dynamics Episteme and Techne the know how how to and the power dynamics The Episteme explores the dynamics of reconciliation in the middle of conflict Internet communication technologies for transformation Moderation in Islam online Deliberative Democracy The second pillar Techne is explored through Internet communication technology for the advancement of reconciliation in the middle of a conflict The book describes the Phronetic Approach in internet research in academic discourse adopting Phronesis an Aristotelian concept and method defined by Bent Flyvbjerg and exploring Netnography for Kozinets in Mixed Method research design and applying methodological triangulation in research and testing the hypothesis using qualitative content analysis for Krippendorff developing a methodological discourse for interdisciplinary research using internet communication technologies as part of understanding big data introducing Applied Digital Humanities Information Communication Technology and Social Transformation Hugh F. Cline, 2014-02-05 This book argues that information communication technologies are not creating new forms of social structure but rather altering long standing institutions and amplifying existing trends of social change that have their origins in ancient times Using a comparative historical perspective it analyzes the applications of information communication technologies in relation to changes in norms and values education institutions the socialization of children new forms of deviant and criminal behaviors enhanced participation in religious activities patterns of knowledge creation and use the expansion of consumerism and changing experiences of distance and time *Information and Communication Technology for Agriculture and Rural Development* R. Saravanan, 2011-01-01 The articles included in this book focuses on Digital divide in rural India e Agriculture issues Cyber extension overview on Village Knowledge Centres VKCs Community Information Centre initiative in Orissa SATCOM application in Karnataka State Model e Villages in Arunachal Pradesh State of North East India Nationwide InDG web portal initiative for rural development Kisan Mobile Sandesh KMS Dynamic Market Information DMI by Web and Mobile in Tamil Nadu Expert systems for pest and diseases diagnosis in rubber Interactive Multimedia Compact Disc IMCD Village Information Centres among Dairy Farmers in Tamil Nadu KISSAN initiative of Kerala State Mobile Agricultural School and Services MASS in Jharkhand Farmers Database creation in Darjeeling District of West Bengal Village Resource Centres VRCs in Uttaranchal Pest Surveillance of Rice using satellite data Techmode Approach for Distance Learning Courses for Field Veterinarians in Maharashtra Information Retrieval System for Buffalo Reproduction Web Portals and Digital Data base in Agroforestry Watershed Modelling using GIS and Remote Sensing in Gujarat State e Readiness and Participation Level of Akshya and KISSAN Kerala Beneficiaries and VRC CIC Network in Assam and Internet utilization pattern evaluation of Kissan Call Centres KCCs ICT adoption level impact stakeholders feedback policy implications and recommendations The Good ICT Society Gunilla Bradley, 2017-06-14 Taking the reader through a quick

analysis of the current social and psychological changes in the Information and Communication Society Bradley challenges us to avoid becoming victims of technology whether we are professionals policymakers parents or citizens **Implementing IT governance in the public sector by use of bootstrap algorithms** Petter Ogland, 2017-11-29 It has been argued that the reason seventy percent of all IT projects fail is due to lack of a formal system for guiding and monitoring IT decisions Organisations having explicit IT governance systems are generally twice as successful as those with poor governance given the same strategic objectives but implementing IT governance can be difficult In this book Dr Ogland looks at the public sector and argues that the implementation of IT governance has to be done through bootstrapping The bootstrap algorithm BA is a time tested approach that is known to work but it is an approach that breaks with much of the logic of the public sector bureaucracy and is expected to be met with resistance By analysing patterns in a study of trying to convince a Norwegian public sector organisation to implement IT governance through the use of the BA the book is able to provide rich insights on what causes failure and how to make the implementation process succeed

The Top Books of the Year Social Study Of Information And Communication Technology The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. Social Study Of Information And Communication Technology : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Social Study Of Information And Communication Technology : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
