Obligation Margaret Gilbert,2006-05-11 Margaret Gilbert offers an incisive new approach to a classic problem of political philosophy when and why should I do what the laws of my country tell me to do Beginning with carefully argued accounts of social groups in general and political societies in particular the author argues that in central standard senses of the relevant terms membership in a political society in and of itself obligates one to support that society's political institutions The obligations in question are not moral requirements derived from general moral principles as is often supposed but a matter of one's participation in a special kind of commitment joint commitment An agreement is sufficient but not necessary to generate such a commitment Gilbert uses the phrase plural subject to refer to all of those who are jointly committed in some way She therefore labels the theory offered in this book the plural subject theory of political obligation The author concentrates on the exposition of this theory carefully explaining how and in what sense joint commitments obligate She also explores a classic theory of political obligation actual contract theory according to which one is obligated to conform to the laws of one's country because one agreed to do so She offers a new interpretation of this theory in light of a theory of plural subject theory of agreements She argues that actual contract theory has more merit than has been thought though the more general plural subject theory is to be preferred She compares and contrasts plural subject theory with identification theory relationship theory and the theory of fair play She brings it to bear on some classic situations of crisis and in the concluding chapter suggests a number of avenues for related empirical and moral inquiry Clearly and compellingly written A Theory of Political Obligation will be essential reading for political philosophers and theorists **Philosophical Anarchism and**

Political Obligation Magda Egoumenides,2014-08-28 Political obligation refers to the moral obligation of citizens to obey the law of their state and to the existence nature and justification of a special relationship between a government and its constituents This volume in the Contemporary Anarchist Studies series challenges this relationship seeking to define and defend the position of critical philosophical anarchism against alternative approaches to the issue of justification of political institutions The book sets out to demonstrate the value of taking an anarchist approach to the problem of political authority looking at theories of natural duty state justification natural duty of justice fairness political institutions and more It argues that the anarchist perspective is in fact indispensable to theorists of political obligation and can improve our views of political authority and social relations This accessible book builds on the works of philosophical anarchists such as John Simmons and Leslie Green and discusses key theorists including Rousseau Rawls and Horton This key resource will make an important contribution to anarchist political theory and to anarchist studies more generally The Social Contract from Hobbes to
