Social Values and Poetic Acts

THE HISTORICAL JUDGMENT
OF LITERARY WORK

JEROME J. MCGANN

When this Verse was first dictated to me I considered a Monotonous Cadence like that used by Milton & Spenser & all writers of English Blank Verse, derived from the modern bondage of Rhyming, to be a necessary and indispensable part of Verse. But I soon found that in the mouth of a true Orator such monotony was not only awkward, but as much a bondage as rhyme itself. I therefore have produced a variety in every line, both of cadences & number of syllables. Every word and every letter is studied and put into its fit place: the terrific numbers are reserved for the terrific parts, the mild & gentle, for the mild & gentle parts, and the prosaic, for inferior parts: all are necessary to the other. Poetry, Pictorial, Pictorial, the Human Race Nations are Destroy'd, or Flourish, in proportion, as their Poetry, Painting and Music, are Destroy'd or Flourish. The Primeval State of Man, was Wisdom, Art, and Science.

Social Values Poetic Acts:

Social Values and Poetic Acts Jerome J. McGann, 1988 **New Historical Literary Study** Jeffrey N. Cox, Larry J. Reynolds, 2021-07-13 This volume growing out of the celebrated turn toward history in literary criticism showcases some of the best new historical work being done today in textual theory literary history and cultural criticism The collection brings together for the first time key representatives from various schools of historicist scholarship including leading critics whose work has helped define new historicism The essays illuminate literary periods ranging from Anglo Saxon to postmodern a variety of literary texts that includes The Siege of Thebes Macbeth The Jazz Singer and The Chosen Place the Timeless People and central issues that have marked new historicism power ideology textuality othering marginality exile and liberation The contributors are Janet Aikins Lawrence Buell Ralph Cohen Margaret Ezell Stephen Greenblatt Terence Hoagwood Jerome McGann Robert Newman Katherine O Keefe Lee Patterson Michael Rogin Edward Said and Hortense Spillers The editors introduction situates the various essays within contemporary criticism and explores the multiple contestatory issues at stake within the historicist enterprise Poetic Epistemologies Megan Simpson, 2000-01-27 Poetic Epistemologies explores the political and epistemological implications of women s language oriented writing in the United States arguing that in its investigation of knowledge language and gender this writing re unites art with philosophy and both with social critique Featuring eight contemporary and four earlier twentieth century poets including Lyn Hejinian Susan Howe Leslie Scalapino Mina Loy and Gertrude Stein Simpson emphasizes each writer s unique contribution to the emerging tradition of feminist epistemological poetry Drawing upon original interviews as well as poststructuralist and feminist theory Poetic Epistemologies offers an informed account of one of the most vital recent developments in contemporary American poetry **The Revolution Will Be a Poetic Act** Mário Pinto de Andrade, 2024-07-09 This book is a collection of essays and speeches by M rio Pinto de Andrade the Angolan literary critic cultural theorist and political activist and one of Africa s most important 20th century intellectuals His writings think through the task of intellectual emancipation of colonized people which he saw as predicated on the necessary project of political decolonization As anti colonial movements got underway Andrade wrote extensively about the urgent necessity for Africans to turn away from European cultural and political models arguing that communities emerging from colonization should focus on voices from within the designated communities on self representation and on horizontal relationships among Black African and decolonizing peoples Andrade played a key role in theorizing the international reach of the revolutionary 20th century poetry and literature Black cultural vindication and African liberation In his ethical commitment to moving away from focusing solely on the relationship between the colonial occupier and the colonized he instead promoted ideas and actions that would construct mutual understanding among decolonizing communities Andrade s work offers models to rethink race and nation as analytic categories and is particularly relevant not only to scholars of African decolonization movements but to anyone engaged in contemporary conversations

about race belonging and political community **John Ashbery and English Poetry** Ben Hickman,2012-03-07 A study of how we should read one of America's most important poets Ben Hickman argues that we must attend to Ashbery's radical conception of reading if we are to understand the originality of his writing His study focuses on Ashbery's reading of English poets including Andrew Marvell John Donne William Wordsworth John Clare T S Eliot and W H Auden and examines Ashbery's writing in terms of an aesthetic of inattention Hickman critiques the Americanisation of Ashbery's work as well as common assumptions about his Romanticism his avant garde Modernism and his engagement with the historical present He demonstrates that Ashbery's generosity as a writer is closely tied to his generosity inattention and situatedness as a reader

Theory Development in the Information Sciences Diane H. Sonnenwald,2016-03-08 Emerging as a discipline in the first half of the twentieth century the information sciences study how people groups organizations and governments create share disseminate manage search access evaluate and protect information as well as how different technologies and policies can facilitate and constrain these activities Given the broad span of the information sciences it is perhaps not surprising that there is no consensus regarding its underlying theory the purposes of it the types of it or how one goes about developing new theories to talk about new research questions Diane H Sonnenwald and the contributors to this volume seek to shed light on these issues by sharing reflections on the theory development process These reflections are not meant to revolve around data collection and analysis rather they focus on the struggles challenges successes and excitement of developing theories The particular theories that the contributors explore in their essays range widely from theories of literacy and reading to theories of design and digital search Several chapters engage with theories of the behavior of individuals and groups some deal with processes of evaluation others reflect on questions of design and the rest treat cultural and scientific heritage The ultimate goal Sonnenwald writes in her introduction is to encourage inspire and assist individuals striving to develop and or teach theory development **The Autonomy of Literature** R. Lansdown,2001-01-31 In the aftermath of the theory wars the imaginative formal and moral features of literature have been substantially marginalized downgraded and neglected Yet for many readers such elements will always be central to the experience of reading just as for writers they are central to the experience of writing This provocative study argues that literature has an abundant life of its own and reconsiders that life in the contexts provided by three influential contemporary groups of critics some North American philosophers some psychoanalysts and some theorists of history

John Ashbery and American Poetry David Herd,2024-07-30 David Herd sets out to provide readers with a new critical language through which they can appreciate the beauty and complexity of Ashbery's writing Presenting the poet in all his forms avant garde nostalgic sublime and camp the book argues that the perpetual inventiveness of Ashbery's work has always been underpinned by the poet's desire to write the poem fit to cope with its occasion Tracing Ashbery's development in the light of this idea and from its origins in the dazzling artistic environment of 1950's New York the book evaluates his poetry against the aesthetic literary and historical backgrounds that have informed it

The story of a brilliant career and a history of the period in which that career has taken shape John Ashbery and American Poetry provides a compelling account of Ashbery's importance to Twentieth Century Literature **Invisible Terrain** Stephen J. Ross, 2017-07-21 In his debut collection *Some Trees* 1956 the American poet John Ashbery poses a question that resonates across his oeuvre and much of modern art How could he explain to them his prayer that nature not art might usurp the canvas When Ashbery asks this strange question he joins a host of transatlantic avant gardists from the Dadaists to the 1960s neo avant gardists and beyond who have dreamed of turning art into nature of creating art that would be valid solely on its own terms in the way nature itself is valid in the way a landscape not its picture is aesthetically valid Clement Greenberg 1939 *Invisible Terrain* reads Ashbery as a bold intermediary between avant garde anti mimeticism and the long western nature poetic tradition In chronicling Ashbery's articulation of a completely new kind of realism and his engagement with figures ranging from Wordsworth to Warhol the book presents a broader case study of nature's dramatic transformation into a resolutely unnatural aesthetic resource in 20th century art and literature The story begins in the late 1940s with the Abstract Expressionist valorization of process surface and immediacy summed up by Jackson Pollock's famous quip I am Nature that so influenced the early New York School poets It ends with *Breezeway* a poem about Hurricane Sandy Along the way the project documents Ashbery's strategies for literalizing the stream of consciousness metaphor his negotiation of pastoral and politics during the Vietnam War and his investment in bad nature poetry **The Essential Wayne Booth** Wayne C. Booth, 2006-07-15 Publisher description
