Friedlander,1976 **Social Work Administration** Rex Austin Skidmore,1995 HH05 Social Work Administration Dynamic Management and Human Relations 3 e Rex A Skidmore University of Utah 66903 6 304 pp 6 x 9 013 669037 8 casebound 1995 31 00nk October This book reflects the growing demand for administrative specialists in the field of social work It draws material from issues in both management and human relations for an integrated look at the basic principles concepts and processes of management It is designed to give the reader a broad understanding of the role of administration in the overall context of social work theory and practice Social Work Administration Rex Austin Skidmore,1990 The Future of Human Service Organizational & Management Research Bowen McBeath,Karen Hopkins,2020-09-10 This book provides panoramic overviews of critical human service organizational and management practice challenges as well as new and needed research frontiers The Future of Human Service Organizational and the rise and uncertain effects of new developments in social work public policy and public management and other helping professions The contributors identify how future generations of macro practitioners and scholar researchers can Improve service delivery and program effectiveness Implement evidence based practices and evidence informed practices Promote leadership and social innovation Build linkages across micro meso and macro levels of practice Train organizational leaders and educate practitioners and Advocate for more socially just visions of social welfare and society This edited collection argues that human service organizational and management practice and research are needed to support new discoveries in social welfare social work and related professions This book was originally published as a special issue of the journal Human Service Organizations Management Leadership Governance *Social Work, Mental Health, and Public Policy in Diverse Contexts* Sheying Chen,2023-08-29 The discipline of social policy oftentimes deemed a part of social work as a profession was born in the West Unlike social policy that started with the post war idea of a welfare state in the mid 20th

century social work traces its roots to individual casework pioneered by the Charity Organization Society COS early social administration including state wide poverty relief an advocacy effort of the COS but with deep roots in the English Poor Laws of the 17th century and social action emphasizing political activities to improve social conditions originating from the Settlement House Movement which began in the 1880s The development of social work is historically intertwined with that of public welfare philanthropy and charity and is an inherently international subject This conception is broader than international social work as a discrete field of professional practice which crosses geopolitical borders and all levels of social and economic organizations with a focus on development However each nation has a story of its own in terms of professionalization of social work in the evolution of public welfare and philanthropic charitable undertaking within its particular economic political social and cultural settings A wide ranging and in depth study of various especially non Western country cases is essential to an adequate comprehensive understanding of the social work profession which is also a basic requirement of its value of diversity China is undoubtedly an important case with the largest population on earth It s also unique in view of so called Chinese characteristics which are sometimes fundamentally different from other particularly Western societies It s even intriguing given the country s lengthy complex history and its recent rapid rise to a global superpower with a claim of national goals and core values that seem to be rather considerable to social work as a helping profession Therefore any significant lessons learned from the Chinese experiences would help with a better international understanding and further advancement of social work and public welfare at a global scale
